WEDNESDAY, OCT. 2, 1912.

GOOD ROADS ARE COMING.

With the grand jury calling on the county commissioners to build roads, with the great majority of the people agreeing that we need roads, but only differing in the methods by which they shall be built; with one or more members of the present board of commissioners favoring roads, at least two of the Democratic candidates for commissioners, and the same number of the Republican candidates for commissioners of like mind; and adding to this agreeable situation the almost certainty of getting a representative in the legislature who is a good roads man, it does really look like the days of mud are numbered in old Stokes, and that the reign of ignorance, false economy and serious loss to business in our loved county is on its last legs. God hasten the day of the new life.

JUST IMAGINE IT.

Engineer R. T. Brown, who surveyed the proposed Forsyth-Stokes turnpike, estimated that the road could be built—a modern sand-clay pike, 20 feet wide, and grade not to exceed 4 per cent—at a cost of a little more than \$1,500 per mile. At this rate nine turnpikes could be built from the southern part of the county to the north side; from the west to the east; from the north-west to the south-east, and from the north-east to the south-west, giving us 130 or more miles of good, modern roads, putting every township of the county in touch with the county seat, at a cost of less than \$200,000. Issue bonds and let the present generation pay the interest and nobody will ever feel it.

TAXING THE FUTURE.

Dr. J. Walter Neal is a good roads man. He favors a bond issue, and would oppose direct taxation. The bond way is the only way. No country can afford to pay for roads as they are built, neither can any railway company plank down the cash in extending its lines. We must build for the future, and let the future be taxed as well as the present.

TOBACCO STILL HIGH.

Yesterday's Winston Journal says the immense sales of tobacco being made by the farmers these days, who are rushing their product to market, seems to have no effect on the demand, and that the continuance of the high prices being paid is almost certain on account of the evident shortness of the crop.

DESTINY.

The mills of fate grind slowly but they grind exceedingly fine. The Allen clan long defied the law, but the day of destiny has come, and when Virginia justice finishes with the brigands, their name will be only a troubled dream to the peaceful citizens of Carroll county.

LET IT BE BY THE BOND ROUTE.

It is hard to find a man now who will make the statement that good roads are not essential to our county's holding its own. We are playing a losing game without them.

WE ARE GLAD, TOO.

The good news of high tobacco puts new life into the farmers. The Reporter rejoices with them. They deserve all the good luck that comes their way.

NEW COUNTY HOME COL. WEBB'S OPINION

RECOMMENDED BY GRANDJURY TOBACCO WILL STAY HIGH

Buildings of Present Home Delapidated—Also Suggested That County Buy Another Farm For County Home.

In its report at the close of the criminal term of Stokes Superior court here last week the grand jury made the following recommendations: We visited the county home and while we found the inmates well fed and cared for, and the surroundings in neat condition, we also found that the buildings are old and delapidated, and we recommend that the Board of County Commissioners proceed as early as possible to have a new and modern county home erected, and in our opinion it would be advisable to buy another farm for the county home.

The grand jury at last week's term of court recommended that a shelter be placed over the well at the county jail.

Mr. R. P. McAnally, a leading Socialist of the eastern section of the county, was here today.

Miss Rosa Jordan, of Winston-Salem, is a guest at the Taylor Hotel.

Mr. J. P. Covington, of Francisco, attended court here this week.

Mr. and Mrs. J. W. Hall have gone to Winston-Salem to spend a day or two.

A LOG ON THE TRACK

of the fast express means serious trouble ahead if not removed, so does loss of appetite. It means lack of vitality, loss of strength and nerve weakness. If appetite fails, take Electric Bitters quickly to overcome the cause by toning up the indigestion. Michael Hessheimer of Lincoln, Neb., had been sick over three years, but six bottles of Electric Bitters put him right on his feet again. They have helped thousands. They give pure blood, strong nerves, good digestions. Only 50 cents at all druggists.

This the Opinion Of One Of the Best Informed Tobacco Men In the South.

Col. G. E. Webb, auctioneer of Winston-Salem, and editor of Southern Tobacco Journal, says that farmers are marketing their tobacco too recklessly and too hastily and are losing money thereby. Col. Webb says the crop is short, the demand is very keen, and that the prices will remain high. Col. Webb, moreover, says the demand for tobacco is growing.

But the farmers are going to market their crop the earliest ever before, and will reap the advantage of the prices, fearing the usual decline which comes after Christmas.

The Reidsville Review says prices are higher there than ever known before, although much of the offering is green. One farmer averaged \$26. At Smithfield, N. C., an all-day sale at one of the warehouses averaged \$15.33, according to the Herald. At Greenville the Reflector reports everything at 17 to 20.

Frank King, near Capella, last week averaged 20 cents with primings, at Winston.

Many other farmers returning from Winston report the best average ever received before.

SAVED BY HIS WIFE.

She's a wise woman who knows just what to do when her husband's life is in danger, but Mrs. R. J. Flint, Braintee, Vt., of that kind. "She insisted on my using Dr. King's New Discovery," writes Mr. F. "for a dreadful cough, when I was so weak my friends all thought I had only a short time to live, and it completely cured me." A quick cure for coughs and colds, it's the most reliable medicine for many throat and lung troubles—grip, bronchitis, croup whooping cough, quinsy, tonsillitis, hemorrhages. A trial will convince you. 50 cts. and \$1.00. Guaranteed by all druggists.

The Greensboro Fair begins next Tuesday, 8th.

Visitors Attending Prof. Smith's School—Friday and Saturday Examination Days.

Among the visiting young ladies and gentlemen attending Prof. Smith's school of preparation for teachers are the following: Misses Fannie Hamm, of Dalton; Una Rutledge, of Germantown; Wilmetta Smith, of King; F. A. Lynch, of Pilot Mt.; Jesse Beasley, of Francisco.

Friday and Saturday are regular examination days for the teachers of the county and a large crowd of them are expected to be present.

(Advt.)
 REV. J. D. HUFHAM FOR CLARK

At Conclusion of Judge Clark's Speech, The Best Beloved Baptists Minister In North Carolina Endorses Him For the Senate.

At Greedmore, N. C., on Sept. 7th, Judge Clark spoke at Greedmore, Granville county in advocacy of his nomination for the United States Senate. His friends say that he made many votes by his speech. At the conclusion of his speech, Dr. J. D. Hufham, the best beloved Baptist Minister in North Carolina, often called the Baptist Bishop, arose and told the audience that until then he had not decided as to his choice for the United States senatorship. That he had loved Aycock, that

he had taught Kitchin in his Sunday School; that he was one of the first men twelve years ago to nominate Simmons, but that after hearing Judge Clarke's speech, he would give his vote and support in this senatorial contest to his comrade and friend, Walter Clark.

SAVES LEG OF BOY.

"It seemed that my 14-year old boy would lose his leg on account of an ugly ulcer, caused by a bad bruise," wrote D. F. Howard, Aquone, N. C. "All remedies and doctors treatment failed till we tried Bucklen's Arnica Salve, and cured him with one box." Cures burns, boils, skin eruption, piles. 25c at all druggists.

S. T. KIGER & SON,
 KING, N. C.

CIVIL TERM COURT

(Continued from page 1.)

Judge Allen, who was here last week holding the criminal term of court, spent Sunday in Winston, returning to Danbury Monday morning.

Among the attorneys in attendance this week are Messrs. J. C. Buxton, S. P. Graves, J. M. Sharp, Lindsay Patterson, C. O. McMichael, W. R. Badgett and the home bar.

It is the opinion of Clerk of the Court M. T. Chilton that the term will continue probably throughout the entire week.

Meeting of Union Saturday.
 The regular quarterly meeting of the Stokes County Farmers' Union will be held in the court house here Saturday.

Mr. James Hutchens, of King, who attended court here the past week, was right sick when he returned home Thursday, but it is learned that he is much better now.
