\$36,875.10 LOST!

And Gone Forever! THIRTY-SIX THOUSAND DOLLARS! What Part Did You Lose?

The Winston market sold during month of October 1912, 6,075,971 Pounds of Tobacco for \$990,793.58.

Brown's sold,	-	2023762 Pounds for \$342272.64
All other houses sold	-	4052209 Pounds for \$648520.94
		6075971 \$990793.58

Brown's Average : : : 16.91 } Difference 91 Cents a Hundred.
Other Houses Averaged 16.00 }

Figure for yourself and you will see that the farmers that sold at other houses lost altogether \$36875.10. A big loss for independent people to lose. Won't you stop losing your part of this? And bring your tobacco to BROWN'S where you get the top every day. Breaks are not as large now and you should by all means stop this leak in your business. Come on to BROWN'S and we will see that every pile of your tobacco goes to the top. We sell it high every day and do not have a high sale occasionally.

If you want your Tobacco sold HIGH every day and any day drive straight to BROWN'S WAREHOUSE, Winston, N. C.

First Sale Days for November Every Monday, Wednesday and Friday.

Walnut Cove.

Walnut Cove, Jan. 21.—Mr. John Linville, an aged and respected citizen living about five miles south east of here, is very sick, not expected to live. Has some heart affection.

Mr. Taylor is putting the finishing touch on the store room in the Union bank soon to be occupied by Stewart-Jones Clothing Co. Our town still continues to build. Several of the merchants are building warerooms, and the brick yards are running on full time, giving employment to most all the enforced idle.

Born unto Mr. and Mrs. Will Stephens, a fine girl.

Mr. Joe Cardwell has accepted a position at Milton and left last Monday for his new home.

Mr. Hatch, from Madison, is nursing Mr. Charlie Scales, who is quite feeble now.

Mr. Rom Self and Mr. Ingold,

from Greensboro, were here last week with some very fine mules.

There is a fine opening here for a stove repair shop. Most every family in town now uses coal and when a stove gets under repair there is nothing else to do but cast it aside and buy a new one, when if there was a repair shop it could be repaired at small cost.

We are looking forward to one of the most prosperous years in our town we have ever had and we wish you editors the same in all your enterprises.

Manning & Kitchin
The New Law Firm.

Raleigh, Jan. 22.—It has just been learned here that Judge James S. Manning of Durham and Governor W. W. Kitchin had completed the arrangements for the formation of a partnership for the practice of law in Raleigh, the style of the firm to be Manning and Kitchin.

Mr. Kitchin has had a number of places under consideration since the election, Raleigh, Durham and Winston-Salem all being suggested as possible locations. The governor has also had some very flattering offers from Lyceum bureaus to go or the lecture platform, but he decided that he had rather practice law than go on the platform.

Six Things To Do On
The Farm In January

1. Take an inventory; see what you are worth; find out what you have on had that you do not need and arrange to dispose of it; find out what you need in the way of equipment for economical farming and arrange to get it if possible.
2. Look after the live stock and poultry to see that they are comfortable and doing well; be sure especially that there are no lice on either.
3. Clear out the stumps, bushes and briars; get rid of needless ditches and terrace banks.
4. Start the garden; give it a coat of manure and plant the early hardy crops.
5. Take care of the manure; get it out on the field as early as possible.
6. Get a good book on fertilizers and soil fertility and study this matter just as a boy studies a lesson in school; it will be as profitable work as you ever did.

COMMENDED BY A FARMER.

GREENSBORO, GA.
As long ago as I can remember I have known of Mustang Liniment. I always keep it in my house and if any of my family get injured in any way, such as sprains, cuts, bruises, and, in fact, in many accidents that happen I always use Mustang Liniment. On my horses and stock I never think of using anything else—it is far cheaper than doctors' bills. I commend it to all farmers; it will keep their families and also their horses and stock in condition. Very truly yours,
