

DANBURY R. F. D. NO. 2.

Mr. Ed Neal Working To
Establish New Route
From this Place Into
Eastern Stokes.

Mr. Ed Neal, of Meadows, is working up a new R. F. D. route from Danbury, which will probably be a great convenience to the public. It is proposed to run from Danbury eastward, traversing a large territory, and will be of 24 miles length. It is the understanding that by this arrangement of mail facilities, the carrier will exchange mails with both the Sandy Ridge Route 1 and the Madison Route 3 carriers, and that a large number of patrons of the Danbury Reporter will receive their mails one day earlier.

It is hoped that the Postoffice Department will regard the proposed route favorably, and that it may be established.

Sandy Ridge Route 1.

Sandy Ridge Route 1, Mar. 10.
—Wheat is looking well in this section.

Good roads and schools are all the talk around here now.

Mr. T. D. Martin, who has been confined to his room for some time, continues to be quite ill, we are sorry to note.

Rev. Mr. Willis of Mt. Airy preached an able sermon at Delta Wednesday night. Quite a crowd was out.

There was a missionary conference held at Delta M. E. church on Thursday of last week.

Misses Lillie Venable and Salome Hennis spent Saturday night at Mr. W. E. Terrell's.

Misses Sallie and Dora Ward

spent Saturday night with their sister, J. G. Dunlap.

Mr. J. W. Ward visited relatives at Ayersville Thursday and Friday.

Rev. Fred Smith filled Pastor Folger's appointment at Delta Sunday.

Miss Rosa Dodson, who has been quite ill for some time, is improving, we are glad to note.

Mr. S. R. Ward left Sunday for Germantown Route 1 to do some mason work.

Mr. and Mrs. J. L. Ward spent Saturday night at Mr. S. H. Ward's.

Mr. W. J. Jackson visited his sister, Mrs. W. T. Ward, Sunday.

J. E. W.

Wheat is looking well. A big and good crop is in prospect.

Relieves Neuralgia

Sloan's Liniment gives instant relief from neuralgia or sciatica. It goes straight to the painful part—soothes the nerves and stops the pain. Don't rub—it penetrates.

PROOF

Mrs. RUDOLPH NISCKE, Oconto, Wis., writes:—"I have used Sloan's Liniment for toothache and neuralgia in the head where nothing else would help me and I would not be without the Liniment in the house."

SLOAN'S LINIMENT

is also good for rheumatism, sore throat, chest pains and sprains.

Pains All Gone

Mrs. C. M. DOWNEY, of Johannesburg, Mich., writes:—"I wish to say your Liniment is the best medicine in the world. It has cured me of neuralgia; those pains have all gone and I can truly say your Liniment will cure me."

Pain All Gone

Mr. I. R. SWINSON, of 127 S. 12th St., Louisville, Ky., writes:—"I suffered with quite a severe neuralgia headache for four months without any relief. I used your Liniment for two or three nights and I haven't suffered with my head since. I have found many quick reliefs from pain by the use of Sloan's Liniment and believe it to be the best Liniment on the market to-day. I can recommend it for what it did for me."

Price 25c., 50c., and \$1.00 at All Dealers.

Big Yields of Fruit

Call for extensive cultivation, thorough spraying and heavy fertilization. To increase the quantity and quality of your yield per acre, apply

Virginia-Carolina High-Grade Fertilizers

at the rate of ten or fifteen pounds per tree, spread well around the tree and worked thoroughly into the soil over the roots.

Our 1913 FARMERS' YEAR BOOK or almanac tells how you may increase your profits per acre \$50 or more with Virginia-Carolina Fertilizers, and proper, careful, thorough cultivation. Copy free on request.

Your Soil Is Alive

O all intents and purposes, soil is
alive. It breathes, works, rests; it
drinks, and, most important of all,
it feeds. It responds to good or bad
treatment. It pays its debts with
interest many times compounded. Being alive,
to work it must be fed. During the non-grow-
ing seasons certain chemical changes take place
which make the fertility in the soil available
for next season's crop. But this process adds
no plant food to the soil. Unless plant food is
added to soil on which crops are grown, in
time it starves. There is one best way to feed
your soil. Stable manure, which contains all
the essentials of plant life, should be spread
evenly and in the proper quantity with an

I H C Manure Spreader

I H C manure spreaders are made in all styles
and sizes. There are low machines which are
not too low, but can be used in mud and deep
snow, or in sloppy barnyards. They are made
with either endless or reverse aprons. Frames
are made of steel, braced and trussed like a steel
bridge. Sizes run from small, narrow machines
to machines of large capacity. The rear axle
is placed well under the box, where it carries
over 70 per cent of the load, insuring plenty of
tractive power. Beaters are of large diameter
to prevent winding. The teeth are square and
chisel-pointed. The apron drive controls the
load, insuring even spreading whether the ma-
chine is working up or down hill, or on the
level. I H C spreaders have a rear axle differ-
ential, enabling them to spread evenly when
turning corners.

I H C local dealers handling these machines
will show you all their good points. Get litera-
ture and full information from them, or write
