The election passed quietly, with a pretty full vote in many of the townships. In Danbury it was almost equal to a political election. The weather was fine, and nearly all the voters came out.

The friends of good roads in Danbury, Meadows and Sauratown are jubilant over the result, as they consider it the most important step ever taken by the county towards progress. The interior of the county as far north as Danbury will now have good roads to the railroad, and a good road to the Winston market either by Germanton or Walnut Cove.

Card of Thanks From President Kurfees

Editor Reporter:
As president of the good roads association of Stokes county I take this method of extending thanks, in behalf of the association, to the many citizens throughout the county who stood so nobly by the cause of good roads in yesterday's election. Heartly congratulations to those townships which carried the bond issue. It was indeed a noble victory for the first election of the kind, and the news has gone forth that old Stokes has decided to take her place along side with other progressive counties of the State.
JNO. W. KURFEES.

Sandy Ridge, Route 1, Apl. 1.—The farmers around here are busy hauling fertilizer getting ready for another crop. Mr. and Mrs. H. R. Nelson visited at Mr. W. F. Nelson's and Mr. J. W. Joyce's Sunday. Mr. Perie Ellis' two children who have been sick some time with pneumonia are improving. Those visiting Misses Adelia and Era Shaffer Sunday were Messrs. Sam and George Hill, Grover Ferguson, Frank Nelson, Charlie and John Joyce. Messrs. Charlie Martin and Clyde Joyce were visitors at Mr. J. W. Joyce's Sunday. Mr. Joseph H. Brown has recently had a growth cut from his eye. Two stitches were taken. The growth was caused by getting cinders in the eye while at work in a blacksmith shop.

A FRIEND.
Children Need Fresh Air.
Children should have plenty of fresh air, good food, exercise, rest and sleep. They should sleep in bedrooms with the windows open both summer and winter, and no child under twelve years of age should have less than nine hours of sound, refreshing sleep. Children should be taught to be regular in their habits of eating, sleeping and exercise. They should also be taught habits of personal neatness and cleanliness. Unless carefully watched they will not wash their faces, comb their hair or brush their teeth. As sunshine and air keep plants and flowers in good, vigorous condition, so do these same god-given agencies keep human being strong and well. Consumption is a dirty-air disease, and therefore preventable. It is also curable if taken in its earliest stages.

Coughs and Consumption.
Coughs and colds, when neglected, always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown, of Muscadine, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Discovery, she would not be living today." Known for forty-three years as the best remedy for coughs and colds. Price 50c and \$1.00. Recommended by all druggists.

Mr. Dan Simmons, of Quaker Gap, visited Danbury today.
