

### Enjoyable Dance Given at Germanton Wednesday

Chaffin, R. L. Tuttle, L. M. McKenzie and S. C. Hill, and Messrs J. M. Hill, Prof. Flowers, Lauriston Powers, Crawford Hill, George Chaffin, Oakley Pruette. Stags: R. T. ### Early Rising.

Every one is anxious to rise early, but the great difficulty in accomplishing the feat prevents it from becoming a popular fad. To rise at four, one should clasp an alarm clock firmly to the ear, and leave a call for the fire dept. To induce a boy to rise early, remove the bed from under him and soak him for 30 minutes in clear, cold water.—George Fitch.

### Look To Your Plumbing.

You know what happens in a house in which the plumbing is in poor condition—everybody in the house is liable to contract typhoid or some other fever. The digestive organs perform the same functions in the human body as the plumbing does for the house, and they should be kept in first class condition all the time. If you have any trouble with your digestion take Chamberlain's Tablets and you are certain to get quick relief. For sale by all dealers.

## TAX ABSTRACTS.

### Corporation Commission Getting Out Lists For Counties.

Raleigh, March 21.—Through all the years past it has been the duty of the State Auditor to get out and distribute to the counties the abstract blanks for listing taxes throughout the State and the county tax lists, but under the new machinery act this duty, as well as that of receiving the settlements of taxes from the sheriff, is transferred to the Corporation Commission as State Tax Commission, a change that it is not believed the Legislature intended after the establishment of a separate tax commission was voted down and the conclusion reached to retain largely the old machinery.

There seems to have been simply failure to properly re-adjust the machinery bill after the separate tax commission plan was knocked out. However that may be, Secretary Maxwell of the Corporation Commission is now getting out the 1913 abstracts and is inserting new features that will bring about the registering of persons subject to professional and other license and privilege taxes under Schedule B, the finding and collection of these having been heretofore left entirely with the county officers, especially to the sheriff. It is this class of taxes that the Legislature found have not been collected anything like adequately in the past and passed the bill directing the county authorities to make the collections for the past four years.

It is an interesting fact that it requires something like 1,800,000 sheets of the abstracts for individual tax lists and upwards of 500,000 for the county tax lists.

Secretary Maxwell will insist on having the abstract sheets punched for binding in binders that admit of sheets being taken out and reinserted at will. This one item of punching the sheets for this most necessary convenience will cost about \$600. It is a safe estimate that the printing and distribution of these blanks to the counties, including expressage or parcels post charges will cost around \$5,000.

## Heart Disease Almost Fatal to Young Girl

She took a great many bottles, but she is spared to me today, a fat, rosy checked girl. No one can imagine the confidence I have in Dr. Miles' Heart Remedy." A. R. CANON, Worth, Mo.

The unbounded confidence Mr. Canon has in Dr. Miles' Heart Remedy is shared by thousands of others who know its value from experience. Many heart disorders yield to treatment, if the treatment is right.
