TELEPHONE DEAL

Big Creek Co. Purchases Lines and Equipment of Quaker Gap Telephone Co.

TO IMPROVE LINES

The Company To Build Direct Lines From Danbury To Walnut Cove and Dillard - Switchboard To Be Installed At Danbury.

The Big Creek Telephone Co. has purchased the entire lines, equipment and good will of the Quaker Gap Telephone Co., which was owned by Mr. W. C. Slate and sons, Drs. J. W. and W. C. Slate. The consideration was \$1,000.

Mr. R. L. Nunn, president of the Big Creek Co., was in Danbury the past week in the interest of the company, and while here arranged for the installation of a modern switchboard in Danbury. Quite a number of Danbury citizens gave orders to have phones placed in their residences.

Mr. Nunn stated that his company would erect direct telephone lines from Danbury to Walnut Cove and Dillard as soon as possible. The lines of the Quaker Gap Co., which touch Rural Hall, Walnut Cove, Germantown, King, Lawsonville, Capella, Danbury and other points, will be given a thorough overhauling and put in first class condition by the new owners.

With their new acquisition the Big Creek Company's lines reach out in every direction almost, extending from Carroll county, Va., on the north to the lines of the Bell Company, with which they have connection, on the south, and they promise the public excellent service.

There is no use of our "beating around the bush." We might as well out with it at first as last. We want you to try Chamberlain's Cough Remedy the next time you have a cough or cold. These is no reason so far as we can see why you should not do so. This preparation by its remarkable cures has gained a world wide reputation, and people everywhere speak of it in the highest terms of praise. It is for sale by all dealers.

Cost of Raising Horses.

Reports have been received from about ten thousand correspondents of the Bureau of Statistics of the Department of Agriculture upon the cost of raising colts on farms to the age of three years. The average for the United States is found to be \$104.06; or, if we deduct the value of work done by the horse before he has passed his third year, namely \$7.52, the net cost is \$96.54; this is 70.9 per cent of selling value of such horses, \$136.17.

The cost varies widely by States, from an average of \$69.50 for New Mexico, \$71.59 for Wyoming, and \$82.47 for Texas, to \$156.60 for Rhode Island, \$149.98 for Connecticut, and \$141.80 for Massachusetts. Itemized, the cost is made up as follows:

Service fee, \$12.95; value of time lost by mare in foaling, \$10.06; breaking to halter, \$2.22; veterinary service, \$2.04; care and shelter, first year \$4.93, second year \$5.36, third year \$6.35; cost of grain fed, first year \$4.98, second year \$7.14, third year \$9.56; hay, first year \$4.14, second year \$6.61, third year \$8.48; pasture, first year \$2.56, second year \$5.41, third year \$6.21; other costs, \$5.01; total \$104.06.

The total cost for all feed is \$56.30, being \$21.63 for grain, \$19.23 for hay, \$14.18 for pasture, and \$1.21 for other feeds. The total cost of care and shelter is \$16.69. Of the total cost, 54 per cent is charged to feeds, 16 per cent to care and shelter, and 30 per cent to other items as enumerated above.

As more than half the cost of raising a three-year old horse on the farm is chargeable to feeds, it is readily observed how important is the influence

of variation in prices of feed-stuffs upon such cost.
