

**THE SAFE, HOME BANK**

The Best Place in the World For Your Money—Money Sent Outside Of the County Makes Your Home County Poorer.

The best and the safest place in the world for money is in a conservative, home bank. Money loaned out is sometimes hard to get back. Real estate values often fluctuate, while titles to real estate are sometimes doubtful. Unless you have competent legal advice, it is safer not to place money out on real estate mortgages and deeds of trust.

Money in the bank is always at hand when you want it, or you can get your interest without ding-donging your debtor. Money in a home bank that is well managed, is the safest place in the world, and when you put it there you are doing your home a good turn. Money placed in the home bank is loaned at home and thus gets back into circulation making times at home easier, and flushing all the channels of trade. Money loaned to a bank on the outside of your county helps business in the outside county, but makes your home county poorer, as every dollar sent outside of Stokes county makes it that much nearer a pauper county.

We offer you a conservative, safe home bank, a bank that is run on conservative business principles, and backed up by responsible stockholders. We have a reputation for fighting shy of wildcat investments, and of handling our depositors' money like it was our own—not on questionable enterprises, but placed on safe collateral.

We pay four per cent, compounded every three months, on money left with us for three months, or if you wish to do a

checking business, we furnish nice check books free.

Call on or write either our Danbury or Walnut Cove cashiers for full particulars. Money sent by mail is receipted for by the next mail.

**J. E. Hutchins.**

Peter's Creek, Va.,  
April 29.

Mr. Editor:

Please allow me space in your paper to correct a mistake that has gone out about Mr. J. E. Hutchins burning his house.

There was no insurance, and the loss is estimated at about \$1600. I suppose it caught from the stove. When first found out it was burning in the cook room up over the stove, but there had not been any fire in the stove since about half after eleven o'clock, and the house was burned about five o'clock the first Sunday in April.

I want to thank my neighbors and friends for their kindness towards us and helping us to build our home back. This is the second time I have seen my home go down in ashes and left us standing in the open field and the little children crying, "Mama, where can we go tonight?"

MRS. J. E. HUTCHENS.

**Heath a Factor in Success.**

The largest factor contributing to a man's success in undoubtedly health. It has been observed that a man is seldom sick when his bowels are regular—he is never well when they are constipated. For constipation you will find nothing quite so good as Chamberlain's Tablets. They do not only move the bowels but improve the appetite and strengthen the digestion. They are sold by all dealers.

Mr. J. C. Flinn, of Pine Hall, has purchased an automobile.

**Right Here Is Your Chance To Buy That Typewriter!**

This is a Straight-from-the-Shoulder Typewriter Talk by a Typewriter Man to the Readers of the Reporter.

No other typewriter built—regardless of any claims made—is the equal of the new Fox Visible Typewriter either in material used, or in workmanship, or in the number and convenience of its special features. There are many good typewriters being built and sold, but we claim for the New Fox Visible Typewriter that it is better than the best of these, and that its automatic features, combined cannot be found in any other typewriter. The New Fox is a typewriter that will meet with the approval of the most critical user. A single demonstration will convince you—we will make it at our expense, if you will permit us.

Whether you have had the use of a typewriter or not, you have paid for one many times over! Yes, sir, we mean it, every day you continue using the old, slow method of writing with a pen you are unconsciously paying for a typewriter. The farmer who cuts his grain with a scythe pays with every drop of sweat for a reaper. If you are neglectful of your wearing apparel and expose yourself unnecessarily to the rain and cold you are paying for the very things that would have kept you well and comfortable. Remember this and mark it well: You must Pay—Pay for the necessities of this life, whether you use them or not.

**THIS IS THE NEW VISIBLE FOX**  
"BETTER THAN THE BEST OF ALL OTHERS"  
**Sent on Free Trial, Express Pd.**

Look at the illustration of our New Fox Visible Typewriter, shown above, and compare it with any other typewriter you have ever seen or used. Here is a really VISIBLE typewriter—note that the printing point is on top in plain sight, and that the type bars rise from where they are lying and strike the platen in full view of the operator, and in a direct line of vision, and that all of what you have written remains in full sight until the paper is removed from the typewriter. Compare this with those old style typewriters, that some firms are still advertising as visibles, but on which the printing point is beneath the typebars, and you have to look down into them—or between them—to see what you have written. Touch a key in the keyboard and you change the color of your writing instantly from black, blue, or purple to red. Press the Tabulator Key at the left (in front) for paragraphing, writing the complimentary closing, etc.; also for all kinds of billing. At the right (in front) is our Back Space Key. This moves the carriage backward for making corrections, or putting in punctuation. This key also enables the operator to erase a word of three letters and write one of four in its place. Press the Stencil Key shown at the left (front) for making stencils from which thousands of duplicate letters can be made. Four rows of keys reduce the shifting one-third. The right Shift Key locks automatically for writing in all caps. A positive automatic Line Lock prevents you from writing beyond a predetermined line. The ribbon travels in a "zig-zag" line—not straight across from spool to spool as on others—thus using all of the ribbon and making it last three or four times as long as on other typewriters. The ribbon automatically re-winds itself from one spool to the other without any attention from the operator. Carriages are interchangeable, and run on ball bearing tracks. Platens are removable, so that both a hard and soft platen can be used on the same typewriter. Extremely light touch. "No falling leaf is lighter than the touch of the Fox Typewriter." Choice of Elite, Pica, Condensed Roman, Medium Roman, or Italic Type—we carry more than three thousand special type in stock, of our own manufacture, and can furnish keyboards for any language. The Fox has an easy, almost noiseless action, is very durable, and is sent complete with cleaning outfit and metal cover with hard wood base.

This is the Fox, the typewriter we manufacture—this is the typewriter that we will send to any one anywhere in the United States on Free Trial, all express charges fully paid—no "red tape"—no delay—no obligation to buy. If purchased after trial you can pay a little down—whatever you can spare—and the balance in small monthly payments.

Remember, in all sincerity we can honestly say this proposition has never been equaled by any other typewriter company, and all we ask is that you write us TODAY—NOW—giving us your name and address so we can send you our catalog and write you personally about our typewriter and Free Trial offer.
