

DATED SEPTEMBER 1

No Bonds To Be Voted Until Late In the Summer.

PRECAUTION IS WISE

Money Must Be Instantly Available With Which to Pay Interest When Due Sheriff Could Not Collect In Time, If Bonds Issued Now.

It is the opinion of the county authorities, upon the advice of Mr. N. O. Petree, their counsel, which advice the Reporter does not doubt is entirely sound and well considered, that the county road bonds for Danbury, Sauratown and Meadows will not be issued before September 1. The reason of this is that the interest on the bonds to be issued will mature in six months, and money must be instantly available to pay the same when due whereas should the bonds be issued sooner the interest will fall due at a time when there will be nothing to pay the interest with, the taxes not being collectible by law until March 15. But by issuing about September 1, the interest will fall due at a time, March 1, when there will be funds in hand to settle with the bond-holders.

This news will be a little disappointing to the good roads people, who are anxious that the work should be early begun. However, no one will doubt that Mr. Petree's foresight and precaution is wise. In the meantime Mr. Petree is preparing the record of the matter to lay before the bond-buyers, who require a copy of the act, the various orders of the board of commissioners with regard to the bond matter, the value of the

taxable property in the three bond-selling townships, and other necessary information and data.

At the next meeting of the board of commissioners an order will be made to the above effect. The bonds will bear interest at five per cent., and will doubtless sell at a premium.

John Duggins Killed By A Bicycle

Madison, May 16.—As the result of having been struck by a bicycle ridden by a young man named Kendrick, on Sunday evening, May 1, Mr. John Duggins died at his home in Mayodan Sunday night about 8 o'clock. It seems that Mr. Duggins, who was about 60 years of age, had started across the street at the foot of a steep hill when the bicycle struck him. He was carried to his home, where medical attention was given, but he gradually grew worse until the end of a week later. Mr. Duggins is survived by a number of children.

Somebody Answer Quick.

Price, N. C., May 12. Editor Danbury Reporter: Please tell me through the columns of your paper what has become of Mr. Charlie H. Johnson. Has he ever got married? If so please give the lady's name and was she wealthy? and where is he now living? He was an old friend of mine. Would be glad to hear from him. A FRIEND.

"WILLING WORKERS"

Progressing Nicely -- Have Enrolled 23 Members.

TO PRESENT A PLAY

Entitled "Old Maid's Club" -- Refreshments to Be Served -- Other News of King.

King, May 19.—We are needing rain very badly in this section. The corn is suffering very much from the dry weather. The wheat crop is looking fine.

Rev. Folger filled his regular appointment at Trinity church Sunday. He preached an excellent sermon.

The girls are not all smiles at King now as Dr. Kiger has left town for a few days and it is rumored that Mrs. Kiger will accompany him back to King.

The "Willing Workers" Society at King is progressing nicely. They have 23 members on roll. While the society is for the betterment of the community their object at present is to raise a fund by various plans to build a hall in addition to the school building to hold entertainments and commencement exercises. On May 24th, 1913, the society will have supper and refreshments on grounds at 5 o'clock P. M. sharp. They will entertain you with music and give you a pleasant time until 8 o'clock and then they will present a play known as "Old Maid's Club." Admission fees will be 15 and 10 cents. Everybody is invited to come.

Quite a number of the young people of King are expecting to attend the Rural Hall commencement.

Rev. Austin preached a very impressive sermon at the Baptist church Sunday night.

Mr. C. D. Slate's baby is very sick at this writing. Hope it will soon be well.

FORGET ME NOT.

Right Here Is Your Chance To Buy That Typewriter!

This is a Straight-from-the-Shoulder Typewriter Talk by a Typewriter Man to the Readers of the Reporter.

No other typewriter built—regardless of any claims made—is the equal of the new Fox Visible Typewriter either in material used, or in workmanship, or in the number and convenience of its special features. There are many good typewriters being built and sold, but we claim for the New Fox Visible Typewriter that it is better than the best of these, and that its automatic features combined cannot be found in any other typewriter. The New Fox is a typewriter that will meet with the approval of the most critical user. A single demonstration will convince you—we will make it at our expense, if you will permit us.

Whether you have had the use of a typewriter or not, you have paid for many times over! Yes, sir, we mean it every day you continue using the old, slow method of writing with a pen you are unconsciously paying for a typewriter. The farmer who cuts his grain with a scythe pays with every drop of sweat for a reaper. If you are neglectful of your wearing apparel and expose yourself unnecessarily to the rain and cold you are paying for the very things that would have kept you well and comfortable. Remember this and mark it well: You must Pay—Pay for the necessities of this life, whether you use them or not.

THIS IS THE NEW VISIBLE FOX "BETTER THAN THE BEST OF ALL OTHERS" Sent on Free Trial, Express Pd.

Look at the illustration of our New Fox Visible Typewriter, shown above, and compare it with any other typewriter you have ever seen or used. Here is a really VISIBLE typewriter—note that the printing point is on top in plain sight, and that the type bars rise from where they are lying and strike the plate in full view of the operator, and in a direct line of vision, and that all of what you have written remains in full sight until the paper is removed from the typewriter. Compare this with those old style typewriters, that some firms are still advertising as visibles, but on which the printing point is beneath the typebars, and you have to look down into them—or between them—to see what you have written. Touch a key in the keyboard and you change the color of your writing instantly from black, blue, or purple to red. Press the Tabulator Key at the left (in front) for paragraphing, writing the complimentary closing, etc.; also for all kinds of billing. At the right (in front) is our Back Space Key. This moves the carriage backward for making corrections, or putting in punctuation. This key also enables the operator to erase a word of three letters and write one of four in its place. Press the Stencil Key shown at the left (front) for making stencils from which thousands of duplicate letters can be made. Four rows of keys reduce the shifting one-third. The right Shift Key locks automatically for writing in all caps. A positive automatic Line Lock prevents you from writing beyond a predetermined line. The ribbon travels in a "zig-zag" line—not straight across from spool to spool as on others—thus using all of the ribbon and making it last three or four times as long as on other typewriters. The ribbon automatically re-winds itself from one spool to the other without any attention from the operator. Carriages are interchangeable, and run on ball bearing tracks. Platens are removable, so that both a hard and soft platen can be used on the same typewriter. Extremely light touch. "No falling leaf is lighter than the touch of the Fox Typewriter." Choice of Elite, Pica, Condensed Roman, Medium Roman, or Italic Type—we carry more than three thousand special type in stock, of our own manufacture, and can furnish keyboards for any language. The Fox has an easy, almost noiseless action, is very durable, and is sent complete with cleaning outfit and metal cover with hard wood base.

This is the Fox, the typewriter we manufacture—this is the typewriter that we will send to any one anywhere in the United States on Free Trial, all express charges fully paid—no "red tape"—no delay—no obligation to buy. If purchased after trial you can pay a little down—whatever you can spare—and the balance in small monthly payments. Reader, in all sincerity we can honestly say this proposition has never been equaled by any other typewriter company, and all we ask is that you write us TODAY—NOW—giving us your name and address so we can send you our catalog and write you personally about our typewriter and Free Trial offer.

Finds Cure for Epilepsy After Years of Suffering

"My daughter was afflicted with epileptic fits for three years, the attacks coming every few weeks. We employed several doctors but they did her no good. About a year ago we heard of Dr. Miles' Nervine, and it certainly has proved a blessing to our little girl. She is now apparently cured and is enjoying the best of health. It is over a year since she has had a fit. We cannot speak too highly of Dr. Miles' Nervine."
