

CHATMAN ARRESTED

In Mayodan and Brought To Stokes On the Charge of Retailing.

JUNE PRIDDY HURT

Other News From Rockingham As Reported By the Madison Herald.

Master June Priddy, who lives with his grandparents, Mr. and Mrs. Fenner Wilson, at Ellisboro, had the misfortune to fall from a bicycle one day last week and break his arm, we regret to note.

Mrs. Alex Poole, of Madison, and Mrs. Robt. L. Martin, of near Madison, both underwent operations in St. Leo's Hospital at Greensboro last week and are recovering nicely, their friends are glad to learn.

Mr. A. R. Bennett, the well known warehouseman of Winston spent Wednesday in Madison. While here Col. Bennett spent several hours fishing in Dan river, but without much success as the water got too high.

Quite a number of people from this section attended Primitive Baptist association at Snow Creek church, about 20 miles west of Madison in Stokes county Saturday and Sunday. A record-breaking crowd is reported in attendance.

Jonah Chatman, a young white man, was arrested at the home of his brother-in-law in Mayodan early Monday morning by deputy sheriff Walker. Chatman is said to have gone to Virginia last Saturday and brought back sixteen gallons of liquor, which he proceeded to peddle out in Stokes county at a point five or six miles from Mayodan. The officers got on to his curbs, however, and a warrant

was issued for his arrest but before it could be served Chatman got wind of it and skeddaddled. He was traced to Mayodan by the Stokes officers, where the warrant was turned over to Deputy Walker who soon located Chatman as above stated.

We learn that there is a probability of fifty new houses being erected by the cotton mill company at Mayodan.

The Ladies' Aid Society of the Presbyterian church gave an ice cream supper in the Busick building last night. It was a great success and netted them about \$33.

Mr. and Mrs. Garrett Knight will leave the first of June with their family for Winston-Salem where they will make their home in the future. The Herald regrets to see them leave Madison but wishes them well in their new home.

The extent to which the automobile craze has taken hold in this part of the country may be inferred from the fact that a citizen of the county is reported to have sold his little farm of 54 acres for \$450 and put \$100 of the proceeds into a second-hand automobile. It is a matter of common report that some people have mortgaged their homes to buy automobiles, a very foolish thing to do.

Good rains have fallen in this section within the past week and a great deal of tobacco has been set out. Very heavy rains fell west of Madison Tuesday night, causing Dan river to overflow its banks Wednesday. It is feared that the water has damaged thousands of acres of newly-planted corn.

The county commissioners, at their last meeting, made an appropriation of \$200 to defray the expenses of a number of Confederate soldiers to Gettysburg in July to attend the Peace meeting at the reunion of the soldiers of the north and south. It is believed that perhaps 25 of the few veterans scattered throughout the county will go to Gettysburg.

Right Here Is Your Chance To Buy That Typewriter!

This is a Straight-from-the-Shoulder Typewriter Talk by a Typewriter Man to the Readers of the Reporter.

No other typewriter built—regardless of any claims made—is the equal of the new Fox Visible Typewriter either in material used, or in workmanship, or in the number and convenience of its special features. There are many good typewriters being built and sold, but we claim for the New Fox Visible Typewriter that it is better than the best of these, and that its automatic features combined cannot be found in any other typewriter. The New Fox is a typewriter that will meet with the approval of the most critical user. A single demonstration will convince you—we will make it at our expense, if you will permit us.

Whether you have had the use of a typewriter or not, you have paid for one many times over! Yes, sir, we mean it: every day you continue using the old, slow method of writing with a pen you are unconsciously paying for a typewriter. The farmer who cuts his grain with a scythe pays with every drop of sweat for a reaper. If you are neglectful of your wearing apparel and expose yourself unnecessarily to the rain and cold you are paying for the very things that would have kept you well and comfortable. Remember this and mark it well: you must pay—pay for the necessities of this life, whether you use them or not.

THIS IS THE NEW VISIBLE FOX "BETTER THAN THE BEST OF ALL OTHERS" Sent on Free Trial, Express Pd.

Look at the illustration of our New Fox Visible Typewriter, shown above, and compare it with any other typewriter you have ever seen or used. Here is a really VISIBLE typewriter—note that the printing point is on top in plain sight, and that the type bars rise from where they are lying and strike the platen in full view of the operator, and in a direct line of vision, and that all of what you have written remains in full sight until the paper is removed from the typewriter. Compare this with those old style typewriters, that some firms are still advertising as visibles, but on which the printing point is beneath the typebars, and you have to look down into them—or between them—to see what you have written. Touch a key in the keyboard and you change the color of your writing instantly from black, blue, or purple to red. Press the Tabulator Key at the left (in front) for paragraphing, writing the complimentary closing, etc. also for all kinds of billing. At the right (in front) is our Back Space Key. This moves the carriage backward for making corrections, or putting in punctuation. This key also enables the operator to erase a word of three letters and write one of four in its place. Press the Stencil Key shown at the left (front) for making stencils from which thousands of duplicate letters can be made. Four rows of keys reduce the shifting one-third. The right Shift Key locks automatically for writing in all caps. A positive automatic Line Lock prevents you from writing beyond a predetermined line. The ribbon travels in a "zig-zag" line—not straight across from spool to spool as on others—thus using all of the ribbon and making it last three or four times as long as on other typewriters. The ribbon automatically re-winds itself from one spool to the other without any attention from the operator. Carriages are interchangeable, and run on ball bearing tracks. Platens are removable, so that both a hard and soft platen can be used on the same typewriter. Extremely light touch. "No falling leaf is lighter than the touch of the Fox Typewriter." Choice of Elite, Pica, Condensed Roman, Medium Roman, or Italic Type—we carry more than three thousand special type in stock, of our own manufacture, and can furnish keyboards for any language. The Fox has an easy, almost noiseless action, is very durable, and is sent complete with cleaning outfit and metal cover with hard wood base.

This is the Fox, the typewriter we manufacture—this is the typewriter that we will send to any one anywhere in the United States on Free Trial, all express charges fully paid—no "red tape"—no delay—no obligation to buy. If purchased after trial you can pay a little down—whatever you can spare—and the balance in small monthly payments. Reader, in all sincerity we can honestly say this proposition has never been equaled by any other typewriter company, and all we ask is that you write us TODAY—NOW—giving us your name and address so we can send you our catalog and write you personally about our typewriter and Free Trial offer.

It is over a year since she has had a fit. We cannot speak too highly
