Thousands of dollars are lost yearly in interest by the foolish and dangerous practice of hoarding in the home.

The Bank is the place for money. because there it is safe from fire, burglars, rats and bad investments, while it will earn for you day and night, and Sundays, too.

No matter how small or how large your savings are, put them in the bank. Start a bank account today. You will never regret it--take our word for it. You will add to it every year, and you will be surprised and intensely interested to see how fast it will grow.

We pay compound interest every three months, no matter whether you are here or not, it is compounded every three months.

We have savings funds as little as \$1.00, and as large as thousands.

We welcome all amounts, whether large or small.
