

SEVERE WIND STORM

Done Much Damage on Sandy Ridge Route 1.

SINGING CLUB

Mr. T. D. Martin III—Preaching at Delta Sunday—Other News.

Sandy Ridge Route 1, July 21.—Farmers are about done working their crops.

There was a severe wind and rain storm passed over this section late Saturday afternoon unroofing building, uprooting trees, etc. Some say it was the fiercest wind they ever saw.

Mr. and Mrs. J. M. Nunn and Mr. J. H. Nunn and daughter, Miss Truchie, of Francisco, visited relatives and friends in this community the past week.

There was a singing at Delta Saturday all day. The singing club will meet again the second Sunday and sing all day.

Prayer meeting at Delta Sunday night was conducted by Rev. J. A. Joyce. Quite a crowd was out.

There was a large crowd visited at Mr. W. T. Ward's Saturday night. All seemed to enjoy themselves fine.

Rev. Chas. Wall preached an able sermon at Delta Sunday afternoon.

Rev. J. A. Joyce filled his regular appointment at Oak Ridge Sunday.

Quite a crowd visited at Mr. W. T. Ward's Sunday afternoon.

Mr. T. D. Martin continues quite ill. We hope to see him out again soon.

Mr. J. W. Ward visited relatives and friends at Francisco last Friday and Saturday.

The protracted meeting will begin at Oak Ridge Baptist church the first Sunday in August.

Notice.

We would like to have reports from every Sunday School in Stokes county. If any school has failed to receive a blank, write J. B. Greene, Walnut Cove, N. C., who will gladly mail you one at once.

J. B. GREENE,
County S. S. Sec'y.

Mr. John T. Simpson, of Brown's Warehouse, who is spending the summer with his excellent family at Piedmont, has received from a friend in South Carolina several leaves of beautiful tobacco of this year's crop. It is a good deal lighter and finer than the weed commonly produced in this country, but is lacking in body, richness and fine flavor when compared with the Stokes leaf. The tobacco market has opened in South Carolina and eastern North Carolina, and the opening prices paid are the highest ever paid for first sales. This is a good indication that tobacco will be high here. The news will be hailed by the Reporter's many farmer friends with interest and pleasant anticipation.

ADVANTAGE OF GOOD ROADS

Mr. M. F. Martin Says That One Cannot Over-estimate The Pleasures and Comforts of a Good Road.

Mr. M. F. Martin of Guilford county, a former citizen of Stokes, and a most excellent gentleman, was in town last week on business. Mr. Martin lives about six miles north-east of Greensboro, and engages largely in the raising of truck and produce for the Greensboro market. He has a good farm. He lives on a fine sand-clay road, and tells the Reporter that one cannot over-estimate the advantages and the comfort and pleasure of a good road, as compared with bad roads. The people of Guilford are spending a great deal of money on their roads, but the people do not kick, as the blessings of good roads are universal. A good road belongs to everybody. It benefits fall widespread, as the gentle dew from heaven. Mr. Martin has relatives and many friends in Stokes, and he loves our county and its good people, but he would not for any consideration live here again and try to farm and do business on a bad road. Life is too short. Mr. Martin did not tell the Reporter all this, but we know from the way he talks that this is so.

Right Here Is Your Chance To Buy That Typewriter!

This is a Straight-from-the-Shoulder Typewriter Talk by a Typewriter Man to the Readers of the Reporter.

No other typewriter built—regardless of any claims made—is the equal of the new Fox Visible Typewriter either in material used, or in workmanship, or in the number and convenience of its special features. There are many good typewriters being built and sold, but we claim for the New Fox Visible Typewriter that it is better than the best of these, and that its automatic features combined cannot be found in any other typewriter. The New Fox is a typewriter that will meet with the approval of the most critical user. A single demonstration will convince you—we will make it at our expense, if you will permit us.

Whether you have had the use of a typewriter or not, you have paid for one many times over! Yes, sir, we mean it: every day you continue using the old, slow method of writing with a pen you are unconsciously paying for a typewriter. The farmer who cuts his grain with a scythe pays with every drop of sweat for a reaper. If you are neglectful of your wearing apparel and expose yourself unnecessarily to the rain and cold you are paying for the very things that would have kept you well and comfortable. Remember this and mark it well: You must Pay—Pay for the necessities of this life, whether you use them or not.

THIS IS THE NEW VISIBLE FOX

"BETTER THAN THE BEST OF ALL OTHERS"

Sent on Free Trial, Express Pd.

Look at the illustration of our New Fox Visible Typewriter, shown above, and compare it with any other typewriter you have ever seen or used. Here is a really VISIBLE typewriter—note that the printing point is on top in plain sight, and that the type bars rise from where they are lying and strike the platen in full view of the operator, and in a direct line of vision, and that all of what you have written remains in full sight until the paper is removed from the typewriter. Compare this with those old style typewriters, that some firms are still advertising as visibles, but on which the printing point is beneath the typebars, and you have to look down into them—or between them—to see what you have written. Touch a key in the keyboard and you change the color of your writing instantly from black, blue, or purple to red. Press the Tabulator Key at the left (in front) for paragraphing, writing the complimentary closing, etc.; also for all kinds of billing. At the right (in front) is our Back Space Key. This moves the carriage backward for making corrections, or putting in punctuation. This key also enables the operator to erase a word of three letters and write one of four in its place. Press the Stencil Key shown at the left (front) for making stencils from which thousands of duplicate letters can be made. Four rows of keys reduce the shifting one-third. The right Shift Key locks automatically for writing in all caps. A positive automatic Line Lock prevents you from writing beyond a predetermined line. The ribbon travels in a "zig-zag" line—not straight across from spool to spool as on others—thus using all of the ribbon and making it last three or four times as long as on other typewriters. The ribbon automatically re-winds itself from one spool to the other without any attention from the operator. Carriages are interchangeable, and run on ball bearing tracks. Platens are removable, so that both a hard and soft platen can be used on the same typewriter. Extremely light touch, "No falling leaf is lighter than the touch of the Fox Typewriter." Choice of Elite, Pica, Condensed Roman, Medium Roman, or Italic Type—we carry more than three thousand special type in stock, of our own manufacture, and can furnish keyboards for any language. The Fox has an easy, almost noiseless action, is very durable, and is sent complete with cleaning outfit and metal cover with hard wood base.

This is the Fox, the typewriter we manufacture—this is the typewriter that we will send to any one anywhere in the United States on Free Trial, all express charges fully paid—no "red tape"—no delay—no obligation to buy. If purchased after trial you can pay a little down—whatever you can spare—and the balance in small monthly payments.

Remember, in all sincerity we can honestly say this proposition has never been equaled by any other typewriter company, and all we ask is that you write us TODAY—NOW—giving us your name and address so we can send you our catalog and write you personally about our typewriter and Free Trial offer.

"Clean Up the Bowels and Keep Them Clean"

There are many remedies to be had for constipation, but the difficulty is to procure one that acts without violence. A remedy that does not perform by force what should be accomplished by persuasion is Dr. Miles' Laxative Tablets. After using them, Mr. N. A. Waddell, 315 Washington St., Waco, Tex., says:

"Almost all my life I have been troubled with constipation, and have tried many remedies, all of which seemed to cause pain without giving much relief. I finally tried Dr. Miles' Laxative Tablets and found them excellent. Their action is pleasant and mild, and their chocolate taste makes them easy to take. I am more than glad to recommend them."

"Clean up the bowels and keep them clean," is the advice of all physicians, because they realize the danger resulting from habitual constipation. Do not delay too long, but begin proper curative measures.

Dr. Miles' Laxative Tablets are a new remedy for this old complaint, and a great improvement over the cathartics you have been using in the past. They taste like candy and work like a charm. A trial will convince you.

Dr. Miles' Laxative Tablets are sold by all druggists, at 25 cents a box containing 25 doses. If not found satisfactory after trial, return the box to your druggist and he will return your money. MILES MEDICAL CO., Elkhart, Ind.
