DEATH OF W. W. KING

Passed At His Home In Danbury Early This Morning.

WELL KNOWN LAWYER

Funeral From Presbyterian Church Friday At Eleven O'clock.

Danbury and community was shocked early this morning by the sudden death of Mr. W. W. King, which occurred at seven A. M. While Mr. King was known to be in a serious condition, having been confined to his room and bed for several months, it was not thought by even his dearest friends that the end was so near. He had been in failing health for a year or two with heart affection, and other complications.

The deceased was well known not only in Stokes county, but he enjoyed a wide acquaintance in many sections of the State, and during his active life he held many positions of public trust. He represented the county in the legislature for one or more terms, and was judge of the old system of county courts for several years. He has been a leading lawyer at the Danbury bar for about 40 years, and practiced considerably in adjoining counties.

Mr. King is survived by his wife, and four sons, as follows: Messrs. R. R. King, of Danbury; John W., Everett B. and Walter W. King, of Greensboro.

The interment will be made at the M. E. church here tomorrow (Friday) after funeral services from the Presbyterian church at 11 o'clock A. M.

The Reporter joins the many friends of the family in extending to them deepest sympathy.

Mr. J. A. Simmons, of Keystone, W. Va., who has recently been visiting his people in northern Stokes, was in Danbury Monday enroute home. Mr. Simmons is a native of Stokes but has been residing in West Virginia for nearly twenty years.

Mr. Thos. J. Covington, of Walnut Cove, was here yesterday representing the new warehouse at Walnut Cove. Mr. Covington reports that he finds the prospect very encouraging for a good season at his warehouse.

PUT YOURSELF IN OUR PLACE.

To Mr. Farmer Reader of the Danbury Reporter:

You raise a crop of five thousand pounds of tobacco, you take it to Winston-Salem and the warehousemen pay you the cash for it.

But suppose you had to sell in one or five pound lots to buyers all over the country. Could you afford to wait twelve months, or two or three years for your money? Would not you need your money to buy food for your teams to eat, tools, fertilizers and other supplies.

Well, consider the newspaper man in this fix. The Reporter has to settle with its printers and employes every week, while paper, ink, gasoline and postage are spot cash.

Do we mean offense to you when we ask you to pay us cash for the paper that costs you less than 2 cents a week? We certainly DO NOT. We have hundreds of as good and true friends as anybody ever had on earth, who will understand our position, and know that it is not because we are afraid to trust them, but it is because we need the money to pay our bills. If it were only YOU, we could send the paper to you for years and wait for our money—but think of the case when there are several thousand. You see what it means to us to adopt the stop-when-the-time-is-out plan.

All friends of the paper are requested to settle up and pay in advance by December 1, and thus help us inaugurate the new system and carry the business on in a business way. Thus may our relations continue pleasant, and pleasanter, and we shall be able to give you the benefit of it in a greatly improved paper.

Your friends,
PEPPER BROS.,
Pubs. Danbury Reporter.

DON'T CUT IT GREEN

Ice And Frost May Scare Farmers Into Considerable Loss.

MUCH TOBACCO OUT

Probably a Third Of Crop Remains To Be Saved—Prices Very Gratifying—To Market At The Fair.

Light frost and even ice occurred in many sections of the county the first of this week, which has had the effect of hurrying lots of farmers in the saving of their crops of tobacco. There is nearly always more danger that tobacco may be cut too green at this season of the year than that frost will get it. The loss from green tobacco in years past has been many times more considerable than damage from frost. However, no man can tell what the weather is going to do, and the farmers are left to rely on their own judgment. Usually from the middle to the last of September there is a snip of frost, which is harmless except in very low places. Killing frosts are very rare earlier than the 5th to 15th of October.

Probably one-third, certainly one-fourth of the tobacco crop in this county, is uncut. This will be largely reduced by the last of the week. By the last of next week the crop will be practically saved. Many farmers are finishing this week.

Next week hundreds of Stokes farmers will attend the Winston Fair, and many will take advantage of the trip to market a load of tobacco. Prices are usually at the best about fair time. The promise is that the attractions at the fair this time are the best ever before.

When have you had a cold you want a remedy that will not only give relief, but effect a prompt and permanent cure, a remedy that is pleasant to take, a remedy that contains nothing injurious. Chamberlain's Cough Remedy meets all these requirements. It acts on nature's plan, relieves the lungs, aids expectoration, opens the secretions and restores the system to a healthy condition. This remedy has a world wide sale and use, and can always be depended upon. Sold by all dealers.

Miss Ida Mounce, of Danbury, and Mr. Alex Bullen, of Meadows, were married Sunday at the home of Elder Sam Moran. The ceremony was performed by Mr. Moran.

NEWS OF KING.

King, Sept. 20.—The State High School here opens September 29, with Prof. Hiatt as principal and Mr. W. D. George and Misses Marie Moore and Harriet Ross as assistants.

Mr. James Deaton of Randleman, is spending a few days with relative and friends here. Dr. S. F. Tillotson's handsome new residence, north of here, is nearing completion.

Mr. W. S. Holder, of Winston-Salem, is opening an up-to-date buggy and general repair shop in the V. T. Grabbs factory building, just east of the Southern depot. Mr. Holder will move his family here.

A rumor has gone out to the effect that the Stokes County Fair Association will charge all stockholders to enter the grounds this year. I am requested by the management of the association to state through these columns, that this report is without foundation and that all stockholders will be admitted to the grounds free, as in the past.

About three-fourths of the tobacco crop in this section has been cut and the farmers generally are making good cures. What has been sold has brought good prices.

Jas. I. Moore and P. W. Gunter have opened up a general store in the Butner building on the corner of main and depot streets. The style of the new firm is Moore & Gunter.

Mr. David Snider, who resides near Tobaccoville, and who has been seriously sick with small-pox for several days, in convalescing. There are no new cases.

Mr. W. D. Wilcox, of New York, is here in the interest of an electric line from here to Vade Mecum Springs and on to Stuart, Va. The proposed new line would open up some fine territory.

Sandy Ridge Route.

Sandy Ridge Route 1, Sept. 22.—Farmers are very busy cutting and curing tobacco.

We have had some very heavy rains for the last ten days.

Mrs. Charlie Martin is spending this week with her parents, Mr. and Mrs. J. W. Joyce.
