Constipation, if Neglected, Causes Serious Illness

E. Ayers, 6 'hbin St., Montpelier, Vt., says: "I was afflete with constipation and bilicusness for years, and at times became so bad I would become unconscious. I have been found in that condition many times. Physicians did not seem to be able to do me any good. I would become weak and for days at a time could do no work. Not long ago I got a box of Dr. Miles' Laxative Tablets, and after using them found I had never tried anything that acted in such a mild and effective manner. I believe I have at last found the remedy that suits my case."

Thousands of people are sufferers

Thousands of people are sufferers from habitual constipation and while possibly realizing something of the danger of this condition, yet neglect too long to employ proper curative measures until serious illness often results. The advice of all physicians is, "keep your bowels clean," and it's good advice.

Dr. Miles' Laxative Tablets are sold by all draggists, at 25 cents a box containing 25 doses. If not found satisfactory, your money is returned. Thousands of people are sufferers

Danbury Reporter Will Adopt the "Stop" Plan, and All Subscriptions Will Be Cash-in-Advance.

After a great many years' trying out of the old credit plan, the Reporter will adopt the cash-inadvance system for subscriptions.

Going into effect December 1, 1913, all subscriptions on our books not paid up, will be dropped.

The Reporter is assured by hundreds of its patrons that this plan will be much more satisfactory than the old way of sending the paper on year after year, whether the subscriber orders it or not.

It is a bad business policy to extend unlimited credit for small sums of money.

All subscribers who want the Reporter to come on to their address may settle up in full, and in advance by December 1. Otherwise their papers will be promptly stopped. Hundreds are now doing this, and by December 1st we expect to have a clean list, and but few names dropped.

Please take notice, and attend to this without delay.
