

NORTH CAROLINA DAY

To Be Celebrated in the Public Schools On December 19th.

North Carolina Day in the public schools will be December 19th this year, and it will be celebrated as a "Rural Life and Knapp Memorial Day."

Superintendent Joyner of the department of public instruction has the following to say in the course of his introduction to the program, which is now in the hands of the printers:

"The south is an agricultural section. In agricultural development its people have scarcely touched the margin of its wonderful possibilities. Perhaps no Southern State is richer or more varied in agricultural resources, has greater need for agricultural development, or more to gain therefore, than North Carolina. No other man has, perhaps, done so much for the improvement of agriculture and the uplift of rural life in the south and in North Carolina as did Dr. Seaman A. Knapp, the founder of the demonstration work and the boys' and girls' clubs, the great apostle and teacher of more profitable farming and more comfortable living on the farm.

"I have deemed it proper and profitable to turn aside this year from the usual historical program for North Carolina Day, dealing with the past, and celebrating the day as a Rural Life and Knapp Memorial Day, dealing with the living present.

"This day will prove a 'North Carolina Day' of the most valuable sort, if teachers will use the excellent material and suggestions contained in this bulletin and in the Peabody College Bulletin, 'Knapp Agricultural Day' copies of which have been sent by the college to all county superintendents for distribution to teachers, for stimulating interest in county and county things, and a love for these, for opening the eyes of country boys and girls to the beauty and the wonderful possibilities thereof, and for checking the exodus from the country to the town."

BOYLES BROS.

Whereas the great and supreme Ruler of the universe, has in his infinite wisdom removed from among us one of our worthy and esteemed fellow laborers and brother, Charles F. Spainhour, and whereas the long and intimate relation held with him in the faithful discharge of his duties in this society makes it eminently befitting that we record our appreciation of him,

Therefore, Resolve, 1st, That the wisdom and ability which he has exercised in the aid of our organization by services,

contribution and council will be held in grateful remembrance.

Resolved 2nd, That the sudden removal of such a life from among our midst leaves a vacancy and a shadow that will be deeply realized by all the members and friends of this organization and will prove a serious loss to the community and the public.

Resolved 3rd, That with deep sympathy with the bereaved relatives of the deceased, we express our hope that even so great a loss to us all may be overruled for good by Him who doeth all things well.

Resolved 4th, That a copy of these resolutions be spread upon the records of this organization, a copy printed in the local paper and the Carolina Farmer, and a copy forwarded to the bereaved family.

Only Asking For Three Miles Of Road

Meadows, Dec. 1.

Editor Reporter:

As a citizen of Meadows township I want to say to our road commissioners that if they expect to build our road from here to J. I. Blackburn's that they do it while a contractor and a surveyor are so near and easy to get. It will not cost any more and probably not as much to build it now as it will later. We

are only asking for this three miles of road in this part of the township and then we will be satisfied. We think we are entitled to this little three-mile stretch of road and we hope our commissioners will give it to us and let the contractor build it at the same time other contractors are building the main line roads of the township as it will not cost any more to build it now than later.
