Alleged Blockader Is Murdered In His Room

Stoneville, Dec. 12.--A telephone message was received here this morning stating that Frank Flynn, a notorious blockader near Price, had been murdered in his room last night.

Flynn resided about three miles east of Price, and it is alleged that he had spent the best part of his life in blockading of whiskey. Mr. J. W. Price of Price telephoned the local authorities to come at once and bring coroner. So far there is no clue as to who did the awful deed, but meager reports state that blood was on the side of the walls and floor of Flynn's room, and that he was horribly murdered.

Let ME Rot Your Compost I am the champion rotter of the world. I'll rot leaves, straw, stalks, manure, sawdust or any other vegetable matter, even dirt, into a rich, high-grade fertilizer, in less than two months. Just keep me on the job and I will save you a big lot of that fertilizer money. If you want to know all about this compost rotting, as well as spraying and preventing hog cholera, write Red Devil, 619 N. Second Street, St. Louis, Mo., and I'll send you a little book, free, that tells how.

CATARRH OF THE PHARYNX.

Clearing out your throat every day, all day. That is what you have been doing for months. Possibly years. A little mucus covers the pharynx.

If you were to go to a doctor he would tell you that you have pharyngitis. If you were to look into your own throat you would find just back of the soft palate a red, lumpy, granular appearance of the back part of the throat. Pharyngitis the doctors call it.

Perhaps he would call it follicular pharyngitis. It causes you constant annoyance. You are always making slight disturbances when seated in an audience. Can't hold your throat still. Stringy mucus bothers you. Worse in the morning.

A-hem! A-hem! A-hem! That is the way you are going nearly all day. Sometimes in the night when you wake up. You ought to gargle your throat with salt water every morning. Cold salt water. That clears out the throat perfectly and makes it ready for treatment.

Peruna is the treatment. Begin with a teaspoonful before each meal and at bedtime. Try it for a week. You will be convinced. Of course, Peruna will not entirely relieve you in a week. That is too much to expect of any remedy. But it will benefit you so much you will be convinced. Yes, it will. It has done this many times.

Follicular pharyngitis. Big words. Almost as bad as the disease. But if you take Peruna for one month regularly, you may forget that you ever had such a disease. Then you will have a perfect right to forget the big words too.

People who object to liquid medicines can now obtain Peruna Tablets.
