Business Cannot Be Cured

by local applications, as the cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Believing that there is always a market for a well-fed, fat possum, Thomas Israel, of Henderson county, has conceived and put into execution the novel idea of raising 'possums to order, and to carry out his idea, has enclosed a large plot of ground on his place near Hendersonville, stocked it with possums and is sitting back waiting for his profits to materialize.

Former Stokes Man Talks About The County.

Mr. J. E. Hill, superintendent of schools of Davidson county, a native of Stokes, always likes to go back to the old county for the holidays, and he keeps track of things up there pretty well. Returning to Lexington from that section several days ago he brought news of the awakening of Walnut Cove, the little town situated at the junction of the Southern and the N. & W., 18 miles north of Winston-Salem. The Dispatch gives this story related by Mr. Hill.

He traced all of the wonderful development of the little town from a chance meeting held in Walnut Cove last spring, when he happened to be there. Mr. H. B. Varner had been to Danbury, the county seat of Stokes, to make a good roads speech, and coming back he missed his train and was forced to spend the night at Walnut Cove.

Mr. Hill thought it a good idea to get up a little boosting meeting and the business men were called together in the town hall to meet Mr. Varner and listen to a speech from him. Following the speech a board of trade was organized and it was this board of trade that "set the wheels a-rolling" at Walnut Cove.

A bond issue for roads was carried and new sand clay roads are being built all around Walnut Cove. New enterprises have been started, among them a tobacco warehouse, that has caught and held a big trade.

E. P. Newson can take your measure and fit you to perfection with a suit that can't be beat for the money. Hjanlw

GERMANTOWN NEWS.

Dr. Bynum and Mr. Tuttle Return From Florida—Other Items.

Germantown, Jan. 17.—The first month of the new year, 1914, is half gone and before anybody realizes it, spring will be here. Even already the atmosphere is full of the smoke of plant-bed burning.

No doubt farmers will double their efforts to produce more and finer tobacco than they ever did before. The hopes of the country man never have been higher than at the present, and it's the correct state because they are the mainstay of the country and should not, as in the past, be labeled as the old-timers of society.

Dr. W. H. Bynum and Mr. DeWitt Tuttle report a very enjoyable trip through Florida, where they spent the Christmas vacation, returning last week. Both were greatly charmed with the beautiful summer weather and everything green, while vegetables and strawberries were everywhere.

Mr. and Mrs. S. C. Hill have a new son, born Sunday, January 11, 1914.

It is understood that several persons are applying for civil service examinations for the Germantown postoffice.

The Baptists here have secured the services of Mr. Long of Winston-Salem for two Sundays in each month.

The school here has quite a full attendance and everybody seems to be pleased with the work that is being done.
