

Mr. Reid Morefield
Writes From Kansas.

Edgerton, Kansas.
Jan. 26, 1914.

Mr. Editor:

As I am on a visit in the West I will let my friends know through the Reporter how I like. I was told at Pilot Mtn. that I would find severe weather in Kansas, but I have been here a week today and most of the time, I could have been comfortable in my shirt sleeves.

I spent a few days with my cousin, J. R. Ore, who is located about one mile north of Edgerton. He has more cattle, hogs and horses than several farmers in Stokes. He also has 70 acres of fine wheat.

I am now spending a few days with cousin William Ore, who is manager of a mercantile company at Prairie Center, Kansas. On my way up here I saw 150 head of cattle in one pasture, 250 head of hogs in another and 475 head of sheep in another.

The portion of country that I have been over is mostly level and has the finest roads I ever saw.

I had people out here as sociable as in my home State.

I attended a play entitled the school at this place, which was the best I ever saw.

REID MOREFIELD.

News of Mt. Airy and Sovey County.

Mr. Airy News.

The February term of Sovey Superior court will be held next week for the trial of both criminal and civil actions. Judge Devin, of Oxford, Granville county, will preside at the term, which is for only one week. We understand that the docket is rather lengthy and it will possibly consume most of the term to dispose of the criminal cases.

Mrs. J. H. Prather and daughters, Misses Briggs and Frances, and sons, Will and John, left Tuesday to spend several months in Washington, D. C. Miss Frances and Mr. Will will both take special instructions while there. They were accompanied by Mrs. Julia Prather, who will remain with them a couple of months.

Mr. G. L. Atkins, of Indian Territory, was the guest of Dr. J. L. Woltz Monday night. This is Mr. Atkins first trip east since he left this section seven years ago. He came back to dispose of a farm near Round Peak.

Danbury Route 1.

Danbury Route 1, Jan. 27.—Mr. Robert Mabe had a chopping Monday and gave a dance that night. Those present were: Misses Eitta, Bessie and Sadie Mabe, Necie Bennett, Mattie and Necie Mabe, Messrs. Sanders Smith, Chester Flinchum, Burley and Jerry Mabe, James Flinchum, Andrew Bennett, Jesse Mabe, Rotha Bennett, and Johnnie and Charlie Mabe.

The dance lasted until 12:00 o'clock that night. Several gallons of coffee were drank and anything to eat that you could wish.

Mr. Sanders Smith, Burley Mabe, James Flinchum and Johnnie Mabe made the music.

All seemed to enjoy themselves fine and parted hoping to meet again.

ONE PRESENT.

Changeable Climate

IS A CONSTANT THREAT TO THE HEALTH OF THE PEOPLE.

Dr. Hartman, of Columbus, Ohio, discusses an important health topic. He says:

Yes, it is the climate, not the germs, that we have to fear in this country. The germs are present, to be sure, and are of some significance in diagnosis. Climate, a changeable climate, is the true cause of disease. The atmospheric pressure varies, the humidity of the atmosphere changes. Every day the temperature rises and falls. All this presents to the body very great trials to adjust to.

The area of high pressure forms in the northwest. Moves rapidly southeast, subjecting millions of our population to its influence. The result is, thousands upon thousands of people catch cold. A small per cent. of these thousands do not get well of their cold. It goes into pneumonia, or chronic catarrh, or bronchitis, or laryngitis, or pleurisy.

Now, what I am getting at is this. These climatic changes are inevitable. No one can prevent them. The very best we can do is to prepare for them, defend ourselves against them. Good health is the best preventive. The very best, vigorous health, with excess vitality, this is Nature's own preventive and protection.

We do not all have this, however. Some of us must have assistance. The assistance that I use for myself, would recommend for my friends to use, my neighbors and my countrymen, is Pe-ru-na. Keep Pe-ru-na in the house.

If the children indicate they are catching cold, give them Pe-ru-na.

If the parents, the grandfather or grandmother, present those symptoms that are so well known which precede a cold, a few doses of Pe-ru-na and the deed is done.

Some people are very subject to colds. Others who have weak lungs and are timid about our winter weather, take Pe-ru-na off and on during the whole winter season. The plan is a good one. The medicine is inexpensive. It does no possible harm to the system. It keeps the appetite regular and keen. It assists digestion and helps the user through the inclement weather of winter.

Mrs. Lillian A. Martin
Burned To Death.

Winston-Salem, N. C., Jan. 23.—Mrs. Lillian A. Martin, wife of C. N. Martin, manager of the local office of the Western Union Telegraph company, was fatally burned Thursday night.

The unfortunate woman was sitting in front of the fire—an open grate—near the crib in which her baby was sleeping. Her dress was of light, highly inflammable material, and when it caught it burned rapidly. It was first noticed by a servant as she entered the room, and when apprised of her situation Mrs. Martin became alarmed and rushed into the yard. The wind was blowing strongly and in an instant, and screaming in agony, she became a mass of flames. The clothing was burned entirely from her body, but in spite of her injuries she was able to walk into the house. Physicians were hastily summoned, but her body was so charred by the flames that no hope was entertained for her recovery. She died today.

Mrs. Martin was a daughter of Mr. and Mrs. A. C. Wall, of this city, and was a most popular young woman.

Negro Is Riddled With
Bullets By White Men

Raleigh, Jan. 28.—Jim Wilson, a negro, alleged to have confessed to murdering Mrs. William Lynch last Saturday night, was lynched late yesterday near Wendell, N. C., at the point where the murder was committed.

A crowd of nearly a thousand men and women crowded about a storehouse, from which he was dragged out and swung from a tree limb. Making signs he wanted to speak, he was let down, and implicated in the murder another negro named Sanders, now under arrest at Wendell. He was swung up again, and body riddled with bullets.

Mr. E. C. Sheppard, merchant and saw mill man of Danbury Route 1, was here Monday.

A Winter Cough

A stubborn, annoying, depressing cough hangs on, racks the body, weakens the lungs, and often leads to serious results. The first dose of Dr. King's New Discovery gives relief. Henry D. Sanders, of Cavendish, Vt., was threatened with consumption, after having pneumonia. He writes: "Dr. King's New Discovery ought to be in every family; it is certainly the best of all medicines for coughs, colds, or lung trouble." Good for children's coughs. Money back if not satisfied. Price 50c and \$1.00. At all Druggists. H. E. Backlen & Co Philadelphia or St. Louis.

Poor Blood
is Responsible

for much sickness and suffering because its quality determines our resistive power. With poor blood we are languid, susceptible to colds, lack natural energy and ambition, and the gradual decline of strength makes prompt and careful treatment necessary. Drugs or alcohol cannot make blood and must be avoided.

SCOTT'S EMULSION is nature's grandest blood-maker because of its wholesome medical nourishment, so carefully predigesting that it assimilates without taxing digestion and quickly increases the red corpuscles of the blood, strengthens the organs and tissues and rebuilds the whole system.

Absolutely nothing compares with SCOTT'S EMULSION to purify and enrich the blood to overcome or avoid anaemia. It is totally free from alcohol or opiates and your health demands the purity of Scott's.

GROUND HOG DAY

Mr. J. Alex Southern's Observations For the Past Seventy Years.

Mr. J. Alex Southern, a good citizen of Germantown Route 1, was a visitor at the Reporter office Monday.

Mr. Southern stated that severe weather might be expected for the next forty days, as the sun was shining brightly and the ground hog saw his shadow without a doubt. He is a firm believer in the theory that if the sun shines on the 2nd day of February, which is ground hog day, the weather following will be bad. Mr. Southern said that during his life of about 70 years he only remembered two occasions when the sun failed to come out on the second day of February, and that on both these years the weather during the following forty days was good.

The second of February is also Candlemas day, which is known as the feast of the Purification, or the presentation of Christ in the temple, and took its name from the fact that the mass was celebrated on this day with a great display of candles.

Mr. Alex Flinchum, of Red Shoals, was here a few days since. Mr. Flinchum reports lots of sickness in his section.

Mr. N. O. Petree and son, Walter, attended the burial of Mrs. J. W. East at Rosebud Friday.
