LOCAL NEWS

Mr. Thos. S. Petree visited Walnut Cove yesterday.

Mrs. N. O. Petree is visiting her sister, Mrs. Elias Voss, on Walnut Cove Route 1.

Mr. J. M. Lovins, a good citizen of Delta, attended court here this week.

Messrs. A. J. Fair and R. P. Joyce, of Walnut Cove, were among the citizens in attendance at court today.

Mr. and Mrs. A. J. Gann, who have been attending court here this week, returned to their home at Sandy Ridge today.

Messrs. P. H. Young and J. E. Sisk, of Danbury Route 1, were visitors here Monday.

Mr. Willie G. Moore, one of the proprietors of the Moore's Springs Hotel, spent a few hours here Monday.

A dance and picnic will be held at Moore's Springs next Monday, at which time matters of interest to the road will probably be discussed and the matter of extending the road further on toward Rural Hall will be considered.

Col. M. V. Mabe, of Danbury Route 1, was a visitor here Tuesday. Col. Mabe has recently been indisposed slightly, and has kept closely to his home during the rough winter. We are always glad to see him over.

Mr. Hilary G. Tuttle, of Walnut Cove, is prominently mentioned by his many friends in connection with the nomination for the office of Treasurer on the Republican ticket. Mr. Tuttle will doubtless be quite strong in the convention.

Danger of the "Parlor" Match.

The number of persons burned to death in the United States each year by the "parlor" match is between eight and nine hundred, and the property loss more than \$2,000,000.

The eighty million people in America use as many matches as the eight hundred million in the rest of the world, according to the statistics of the National Fire Protective Association. This is a startling commentary upon the contention that we are the most wasteful and extravagant people in the world.

If one is in need of a match anywhere in continental Europe, he must seek it in its proper place. Matches are not wasted in the old world. Centuries of training in thrift and economy make the continental conscious of the fact that matches cost money. Where does one find them in America? They are in every room, almost every building, public and private. The American breathes imprecations if he cannot at any moment of the day or night reach out his hand and find a match. They repose in the pockets or linings of every old coat and waistcoat; they are scattered about desk and bureau drawers; they are found in every accumulation of rubbish, wherever it may be; they are so carelessly and recklessly thrown down about that rats and mice have adopted them as a standard article for nest building, certain always of an available supply.

Unfortunately, the burden of this extravagance is not confined to the cost of the matches themselves. This little article, unknown until 1832, while perhaps the most important factor in our civilization, has been doing its best ever since its creation to destroy the world it was designed to serve. The assistance given it as an instrument of destruction by the carelessness of the American people is a matter of amazement to continental countries. The average per capita property loss by fire in central, western, and southern Europe is 33 cents; in the United States the average is \$3.02. The reason for this astonishing difference is obvious the moment conditions are scrutinized. While this is being written, a continual shower of imperfectly extinguished matches is falling into waste baskets, rubbish heaps, upon the rugs of clubs, hotels, dwellings and offices, thrown by careless smokers. Men reputed to be good fathers have been known to light cigars in the hallway of their homes, throw the match in the general direction of a cuspider, and go out, to return in half hour to see firemen rescuing their sleeping children from second-story windows.

Better Not Buy Paint

unless you can see the Formula on the can. If you do you may pay Lead and Zinc prices for Barates, Whiting or Silica. Kurfes Paint shows the Formula on the can. It's 80 per cent. Lead and 20 per cent. Zinc. We are not ashamed nor afraid to tell you just what it contains. It's the Whitest White, the best line of Colors, the heaviest bodied and the heaviest gallon of paint on the market. It covers more square feet of the gallon than any other paint. KURFES HDW. CO. CHURCH DEDICATED

Presiding Elder Hoyle, Of Mt. Airy, Preaches At Davis Chapel.

The Davis Chapel M. E. church, four miles east of Danbury, was dedicated Sunday, Presiding Elder R. M. Hoyle, of Mt. Airy, conducting the services.

Davis Chapel is among the oldest churches of Stokes county. Some additions and improvements have recently been made on the church, which add much to its usefulness and beauty.

The regular Quarterly Conference for this district was held at Davis Chapel Saturday.

King Route 1.

King Route 1, April 6.—People are beginning to plant their gardens through this section.

Mr. Gilbert Moser is right sick with the mumps, we are sorry to note.

Among those who visited at Mr. Ira W. Moser's were Messrs. James Moore, Walter and Wiley Warner, Arthur White, Henry Spainhour, Wiley Merritt, James and Walter Edwards, Dewey James, Eugene Duggins, Robert Browder, D. G. Sizemore, Mr. and Mrs. C. R. Moser, Mrs. Daniel Westmoreland, P. B. Westmoreland, and Misses Dora Sizemore, Nellie and Alice Moser. They all seemed to enjoy themselves very much.

There will be preaching at Poular Springs Sunday, April 12. Messrs. Hermon Linville, Hobert and Lee Kiser, and Misses

Ersie Pulliam and Grace Tuttle visited at Mr. Gabriel Moore's Sunday.

The Creason school taught by Mrs. Annie Stone and Miss Macie Pulliam, closed last week.

A LONESOME KID.

A Plea For Africa.

It is difficult for our people to realize the importance of Africa as a mission field. The work is hard and sometimes discouraging, but this fact only emphasizes the necessity for increasing the number of workers and pressing the work vigorously. Africa's importance is not so apparent as that of a great awakening nation like China or a brilliant leader among nations like Japan. Mr. William D. Powell, in emphasizing the great opportunity in Africa, says:

It is a great continent, and its importance is made manifest by the nations of Europe to obtain a strong foothold there. The very fact that there has been a large increase in the numbers of traders by the great commercial companies and the seizing of the most important points bear silent witness of their estimate of the great advance to be made in the development of the Dark Continent. The population is between two and three hundred million people. Mohammedanism prevails in the northern portion of the country, and shows remarkable aggressiveness in forcing itself upon the regions to the south. Voodooism, or Fetichism, a kind of fear worship, is the prevailing belief. It contains no blessed hope for the future and bears no tidings of God's infinite love to sinful men.

The story of God's love and grace as proclaimed in the gospel meets with a remarkable acceptance on the part of this people who are yet in the kindergarten state.

Other Christian bodies have caught the vision of Africa's need and are pressing the work. The Northern Baptists have been singularly successful. The Presbyterian Church, since moving its main stations away from the coast towns where the degrading influences of the average foreigner on the natives is not felt, has had remarkable success.

Brim's Grove.

Brim's Grove, Apr. 6.—A Sunday School was organized at Brim Grove church last Sunday. Mr. J. P. Covington was elected superintendent.

Mr. R. H. Mitchell and two sons, Joseph and Laman, of Guilford College, came up Saturday to visit friends and relatives for a few days.

Mr. C. L. Hill spent Saturday and Sunday with friends at Pinnacle.

Mr. Sandy Wilson happened to the misfortune of getting his knee cut very bad with an ax last week.

Brim Grove school will close April 16th.

MR. LEWIS A. RIFFLE tells his experience with coughs and colds that lead to nervousness and debility.

Colds are often aggravated during the summer because inactive bowels and a stomach out of order are prime causes in keeping a cold from getting well. Pe-ru-na has very beneficial laxative qualities that neutralize such conditions. Its tonic ingredients tone up the system, and thus invigorate the stomach's functions to normal activity. Mr. Riffle's experience is especially interesting at this time of the year because it shows the close relationship there is between a nervous breakdown and a neglected cold. Pe-ru-na should be kept in the home at all times, that a cold upon its first appearance may be treated promptly and successfully. This often saves money and time, and what is more important, a great deal of vitality. Mr. Riffle, of 758 Gautenbein Ave., Portland, Ore., writes: "I have found Pe-ru-na a most remarkable medicine for building up the system and for curing coughs and colds. "I took it for four weeks a few months ago when I was all run down, nervous and debilitated, and it quickly restored my health. "I always keep it on hand, as a few doses will cure a cold if taken in time." People who object to liquid medicines can now obtain Pe-ru-na Tablets.
