

LIGHTNING STRIKES

Mr. S. K. Anderson's House—
Other News.

King Route 2, July 27. The corn crop in this section looks fairly good, but the tobacco is short from 35 to 40 per cent.

Messrs. S. K. Anderson and G. A. Jones threshed the wheat crop in this section. They give the best satisfaction of any threshers ever threshed in this section. They report that they have threshed something near 9,000 bushels.

A few days ago in the time of an electric storm the lightning struck the top of Mr. S. K. Anderson's chimney, knocking it off down to the roof of the house. The family was very much excited but none of them were hurt.

Mr. Charlie Boyles and family of Mt. Airy spent the past week with Mr. Boyles' father, Mr. Wade H. Boyles, on King Route 2.

The protracted meeting began at Chestnut Grove M. E. church last Sunday. We hope there will be a large attendance and lots of good accomplished out of this meeting.

The people of the surrounding country who have relatives and friends buried at the old Mt. Olive cemetery on King Route 2 are asked to meet there on the 6th day of August for the purpose of cleaning off the ground and fixing up the graves.

President Wants Younger Man.

Washington.—President Wilson wants to find a man under 60 years to fill the vacancy on the Supreme Court bench caused by the death of Associate Justice Lurton, although a man slightly older would not be rejected. When Senators Simmons and Overman presented the name of Chief Justice Walter Clark, of the North Carolina Supreme Court, who is 68 years old, the president outlined his ideas. So far as is known the president has made no definite selection.

False Eye That Moves.

(Philadelphia Enquirer:) Dr. R. C. Heed has accomplished the hitherto impossible feat of substituting an artificial eye for an injured one and enabling the patient, by means of the insertion of a gold sphere, to move the artificial eye in perfect synchronism with his good one. The surgeon is confident the operation will render it extremely difficult for an observer to detect any visual defect.

LET YOUR MONEY HELP YOU WORK.

The Windham City Savings Bank in Connecticut recently had a bank book brought in that they had not seen for nineteen years and on which no money had been drawn or deposited since 1871. In that year, \$800 was deposited. Compound interest had increased the \$800 to \$2,300—\$1,500 clear gain to the depositor, money he didn't have to turn his finger over for. This illustrates the wonderful power of compound interest. After you work for your money, your money works for you, if you put it in a good bank.
