

NINETY-FOUR CENTS PER HUNDRED

JOHN T. SIMPSON

What Does That Headline Mean?

It means simply this—that every farmer who sold his tobacco at Brown's got 94 cents per hundred more than the man who sold at some other house. You are a free and independent farmer. Then why not consider these facts as they are? These figures are not of our making but are the official figures of the Winston Tobacco Board of Trade and cannot be denied.

The Winston market sold from August 1st, 1913, to May 1st, 1914, 28,617,711 pounds for \$4,427,111.44.

Brown's sold 9,117,977 lbs for \$1,468,900.54; average \$16.11
All other houses sold 19,499,734 lbs for 2,958,111.90; average 15.17

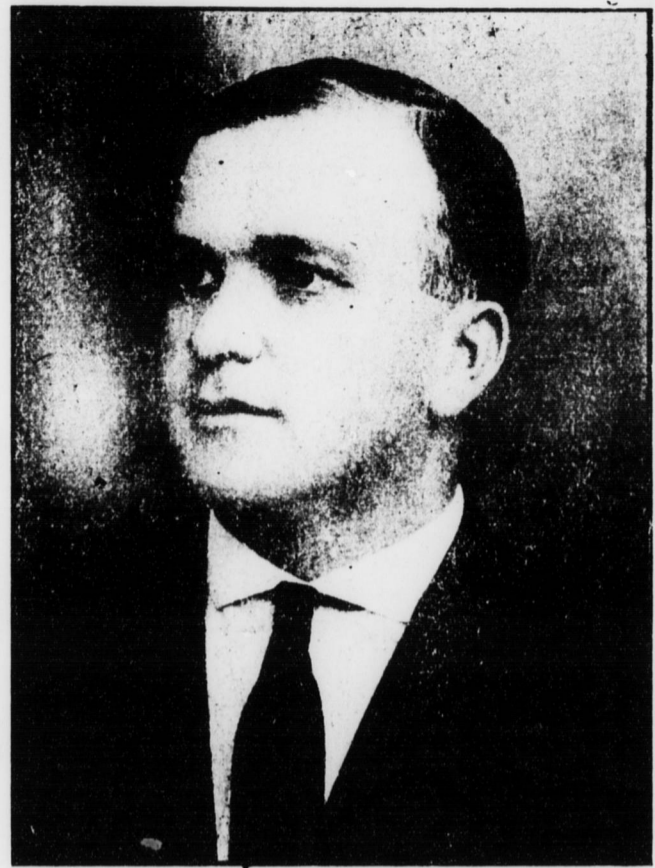

Brown's Average \$16.11. Other Houses Average \$15.17

Brown's beat all other houses 94 cents per hundred, which proves that the farmers who failed to sell at Brown's lost \$183,-296.18. What part of that did you lose? When you sold one thousand pounds of tobacco at some other house you lost \$9.40. That's what we say and that's what the Board of Trade figures say also.

John Simpson and Joe Glenn know what the buyers can pay for each grade. That's why your tobacco brings 94 cents per hundred more at Brown's. We will expect you with your first load.

Your friends,

BROWN, SIMPSON & GLENN.

The Stokes County Fair opens at King Tuesday. Mr. G. G. Boles, advertising agent for the fair, was here the past week, and he thinks the fair this year will be the best in its history.

While attending the meeting of the county commissioners Monday quite a number of farmers called at the office of the county agent. Owing to the protracted drought farmers are so delayed that very few of them have given time to preparation for wheat so far.

Through the kindness of Supt. of Schools J. T. Smith the Reporter is printing on another page this week a complete list of all the teachers in Stokes, giving the township and number of district in which they are teaching together with their postoffice address.

There are now ten prisoners confined in the Stokes county jail, but only four of these are subject to road duty. Six of them are awaiting trial. The guard, Mr. Joseph Dunlap, thinks he will have quite a number of additions to his force after the next term of court, which will be the latter part of the month.

ZIMMERMAN-RIPPLE.

Wedding Of Two Popular Davidson County People Next Wednesday -- Miss Ripple Well Known In Stokes.

Cards have been received here announcing the approaching nuptials of Dr. John Wesley Zimmerman and Miss Ollie Mae Ripple, which happy event will take place at the home of the bride at Welcome, N. C., next Wednesday evening, October 21, at seven o'clock.

Miss Ripple is well known at Walnut Cove and Danbury, she having taught in the Walnut Cove High School for several sessions, winning many lasting friendships in the county. She is the very attractive daughter of one of Davidson county's best families, and is a young lady of the finest qualities of mind and heart. Dr. Zimmerman is a practicing dentist formerly of Arcadia, and is likewise from the best Davidson county stock.

The many friends of Dr. Zimmerman and Miss Ripple extend congratulations in advance, and wish them both a long life of great usefulness and happiness. They will be at home at Salisbury after November 1.

Some Business Coming On Account of War.

Orders aggregating over \$1,000,000 were closed last week by Detroit motor truck manufacturers with one of the European nations, believed to be Russia. French government has placed an order through a New York exporting house for 500,000 reels of barbed wire with Pittsburg Steel Company. British government has closed contracts in Jefferson City, Mo., for 165,000 saddle trees, said to be the largest order of its kind ever placed in the United States. Shoe manufacturing firm of St. Louis has been requested by the French government to submit bids on army shoes. Chance for American clock manufacturers to gain trade formerly held by Germany is seen in the fact that English clock makers have advanced prices 25 to 40 per cent.

Fertilizer For This State Costs More Than \$12,000,000

There are 181,718 farms in North Carolina that use fertilizer, and the annual purchases amount to \$12,262,533, according to a recent report of the United States census bureau. North Carolina ranks third with other States in the consumption of fertilizer. A decade ago it was in fifth place. Ten years ago the annual expenditure for fertilizer in this State was \$4,479,000. Fertilizer purchases in North Carolina have increased \$7,783,503, or 174 per cent, during the past decade. Seventy-two per cent of the farms of this State use fertilizer and the average for the United States is 29 per cent.

In the entire nation there are 1,823,000 farms that use fertilizer and the present annual expenditure is \$115,000,000. Ten years ago it was \$53,000,000 for the entire nation.
