

MANY FOREIGNERS IN THE UNITED STATES

One Out Of Every Seven People Were Born Outside of the Country.

Washington, Nov. 26.—The number of people of European birth and parentage who live in the United States is strikingly brought home in a statement prepared by the National Geographic society, which is keeping its membership of nearly 350,000 informed concerning the geographical phrases of the war in Europe. The statement is as follows:

"One person out of every seven in the United States was born outside of our borders. We have today 13,500,000 of foreign birth with us, and nearly all of them are from Europe. They constitute a population approximately equal to the combined populations of Belgium and Holland, or of Norway, Sweden, Denmark and Switzerland.

"We have in this country one-sixth as many Canadians as there are in Canada, a half million more Germans than there are in Berlin, enough Irish to populate four cities like Dublin, enough Italians to people three Romes. We have almost as many Russians as there are Petrograd, and twice as many Austro-Hungarians as there are in Budapest.

"In addition to our foreign-born population we have nearly 19,000,000 children of immigrants in the United States. Counting these, we have as many Germans in the United States as there are in Bavaria and Alsace-Lorraine together; more Russians than there are in the province of Bessarabia; more Irish than are in Ireland; and more than half as many Italians as there are in Sicily. We could populate a city like Chicago with our English-born and their children, duplicate the city of Vienna with our Austrian-born and their children, and more than duplicate all the cities of Sweden having a population of more than 10,000, with our Swedish-born and their children.

"Approximately five and a quarter million people came to the United States to stay during the decade between 1900 and 1910. History records no other such great migration as this. Compared with it the Tatar invasion of Russia, the Saracen invasion of southern Europe, and the exodus of the children of Israel were insignificant in numbers.

"The character of the annual influx of new blood from Europe has undergone a very remarkable change in recent decades. During the decade of 1881-1890 the tide of humanity from Europe brought us 1,452,000 Germans and 307,000 Italians. The decade of 1901-1910 brought 341,000 Germans and 2,045,000 Italians. The figures well indicate the falling off of immigration from northwestern Europe and the rise of the tide from southwestern Europe.

"Taking the immigrant population of the United States and their children, we find that their number totals 32,000,000 for 1910, or slightly more than one-third of our entire population. If there be included the grandchildren of immigrants it appears probable that more than half of the peo-

Martin H. Holt Dies At Oak Ridge

Greensboro, Nov. 26.—Martin H. Holt, one of the principals of Oak Ridge Institute, died at 2:30 o'clock this afternoon at his home at Oak Ridge at the age of 59 years. Prof. Holt had been ill many months with chronic heart trouble and bright's disease. He is survived by his widow, Mrs. Mary Lambeth Holt, and daughter, Mrs. J. T. Bennett, of San Diego, California, and son, John Harvey Holt, of Oak Ridge.

Prof. Holt was one of the most brilliant educators the State has produced in the last half century and with his brother, J. Alan Holt, has made of the institute a powerful influence in the educational life of the State. The fame of the institute has been widecast. At one time he was a member of the State Legislature from Guilford.

At the time his death he was president of the board of directors of the State institute for the deaf at Morganton, on which board he served more than a quarter of a century.

Prof. Holt spent some time at Clifton Springs, N. Y., in the interest of his health. He later went to the Pacific coast but was not materially benefitted. His physicians advised him several weeks ago that he had better return to Oak Ridge if he wished to spend his remaining days at home.

December 1st Opening Sales Day In Kentucky

All of the Burley and dark tobacco sales markets of Kentucky are shaping everything to begin sales Tuesday, December 1st, and the farmers are over anxious to sell, which will relieve many of them who are in need of money to pay their obligations of loans and to purchase the necessities to fit their families out for the winter's hardships. There is some stripping being done, but the weather conditions have been unfavorable this month and the getting tobacco ready for market has been limited. In some localities one and a half to two dollars a day is being paid for stripping so anxious are the planters to sell to meet their personal wants.

The uppermost question that is being asked is, "Will Burley sell high?" but no one even ventures a guess, although the general opinion is that it will not bring last year's prices. A 2,000 pound crop has been sold in Garrard county for ten cents a round.

NOTICE!

A Very Valuable Tract of Land for Sale.

The tract of land on Snow Creek, Stokes county, N. C., known as the "Ed Martin" or "W. A. Estes" Lime Kiln place, containing 150 acres, more or less, is for sale.

This is a very valuable piece of property, and any parties desiring to purchase will call at my office in Danbury, N. C., for particulars in reference to same.

N. O. PETREE, Atty. for Chas. W. Estes, Owner. Nov. 21, 1914.

ple of the United States today are two generations or less removed from alien ancestry. And nearly all of that vast population is of European origin.

Officers Capture Large Distillery In Guilford Co.

Greensboro, Nov. 26.—Deputy Collectors E. L. Hilrick and C. H. Haynes and Special Agent S. P. Dry yesterday afternoon captured one of the biggest blockade distilleries in their experience. It was of 100 gallons capacity and was located at the Guilford-Alamance line, about

twenty miles from Greensboro. More than 1,000 gallons of beer was poured out. No one was found at the distillery. The officers believe they know the parties and hope to get them later.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Card From J. Frank Duniap.

To the Tobacco Growers of Stokes County:

I have accepted a position with the New Warehouse at Walnut Cove and I will appreciate your trade. We have as good a market as there is anywhere and the best warehouse in the State, so bring your tobacco to the New Warehouse at Walnut Cove and we will do our very best to satisfy you.

Your friend,
J. FRANK DUNLAP.

Claude Kitchen As Floor Leader.

Washington, Nov. 26.—Claude Kitchen, congressman from North Carolina, is talked as the probable floor leader of the House

of Representatives to succeed Oscar Underwood of Alabama, who goes to the Senate in March. Kitchen is the ranking Democratic member of the Ways and Means Committee, and the southern members generally are endorsing him. He has been a member of the House for fourteen years, and is immensely popular.

Mr. E. L. Mitchell, of Dillard, was a Danbury visitor Monday.

1915

Now In the Tenth Year Of It's Life.

The Bank of Stokes County

Capital and Surplus, \$ 23,000
Resources, 275,000

Invites you to become a patron and a depositor. We guarantee you safety for your money, at the same time that it will be available for your use when you need it. We would caution you not to keep money hid away in your home. It is dangerous in case of fire. It is dangerous in case of robbery. It is unwise to lose the interest which you might be receiving. The Bank is the place to keep your money.

We Pay Four Per Cent. Interest Compounded Every Three Months, and You Get Your Money Back When You Call For It.

Don't listen to the foolish and idle talk of irresponsible persons about banks closing. There is not a word of truth in it. It has been many years since a bank was closed in North Carolina, except in a very few instances of bad management. This bank is managed conservatively, and the people's money is loaned only on good security. Your money will be safe with us, and we invite you to make a deposit today.

N. E. PEPPER, J. H. FULTON,
Cashier at Danbury. Cashier at W. Cove.
