THE COUNTY FAIR

By Peter Radford
Lecturer National Farmers' Union

The farmer gets more out of the fair than anyone else. The fair to a city man is an entertainment; to a farmer it is education. Let us take a stroll through the fair grounds and linger a moment at a few of the points of greatest interest. We will first visit the mechanical department and hold communion with the world's greatest thinkers.

You are now attending a congress of the mental giants in mechanical science of all ages. They are addressing you in tongues of iron and steel and in language naive and powerful tell an eloquent story of the world's progress. The inventive geniuses are the most valuable farm hands we have and they perform an amazing service to mankind. We can all help others for a brief period while we live, but it takes a master mind to tower into the realm of science and light a torch of progress that will illuminate the pathway of civilization for future generations. The men who gave us the sickle, the binder, the cotton gin and hundreds of other valuable inventions work in every field on earth and will continue their labors as long as time. Their bright intellects have conquered death and they will live and serve mankind on and on forever, without money and without price. They have shown us how grand and noble it is to work for others; they have also taught us lessons in economy and efficiency, how to make one hour do the work of two or more; have lengthened our lives, multiplied our opportunities and taken toll off the back of humanity.

Messrs. Jno. F. Dunlap and Jesse Rhodes, of Red Shoals, were here on business Monday.

Mr. N. A. Martin went to Winston-Salem yesterday to look after the sale of some leaf tobacco.

Mrs. W. C. Slate and children and Miss Mary Tiller and Mr. Frank Tiller visited relatives at Smith the past week.

Mr. W. C. Moore, proprietor of Moore's Springs Hotel, was a visitor at the Reporter office today.

Attorney J. D. Humphreys returned yesterday from Greensboro, where he appeared in the Meadows township road case.

County Commissioner Joseph Martin, of Campbell, was here Monday enroute to market with a lot of leaf tobacco.

Mr. L. E. Smith, of Danbury Route 1, spent a short while here Thursday enroute home from Winston-Salem.

Messrs. D. S. Priddy and John Neal, members of the board of highway commissioners of Danbury township, were here Monday.

Mr. Z. R. Shepard, of Lawsville, was here several days the past week operating the saw mill near Danbury owned by his brother, Mr. E. C. Shepard.

A great many wagons loaded with tobacco have passed through Danbury this week and the markets are experiencing good breaks. Prices on good tobacco is said to be holding up very well but the majority of the weed being sold is of inferior quality.

The apple crop this year is said to be 114,000,000 bushels greater than last year. Because we can't ship many abroad apples certainly should be the cheapest thing going. But they are not. The wind falls were even picked up off the ground. The ultimate consumer doesn't get much advantage.

Owing to the severe weather recently county farm demonstrator W. P. Holt has been unable to accomplish much work on the farms. He expects to superintend considerable terracing and various other work on farms in all sections of the county as soon as weather conditions will permit.
