EIGHT MONTHS ON ROAD

For Stealing Automobile Will Parrish Gets Heavy Sentence.

Winston-Salem, April 1. - In the municipal court this morning Will Parrish, the young man who was in the automobile accident at Tobaccoville on Tuesday morning about 5 o'clock, in which Roy Ashburn lost his life, was given a hearing on the charge of larceny of the automobile from Mr. H. P. Taylor, on West Fourth street.

Parrish claimed that he met young Ashburn with the machine at the Children's Home, and that Ashburn asked him to take a ride with him; that he got in the machine and that they went to Tobaccoville. How the accident occurred was related just about as has already been published.

The State offered witnesses to show that both the young men were seen together near the machine between three and four o'clock on the morning of the accident, and a pedestrian overheard one of the boys say something about taking the machine. Evidence was introduced to show that young Ashburn could not run a machine, the State contending that this fact would place the responsibility directly upon the defendant. Parrish was sentenced to eight months on the county roads. Notice of appeal was given.
