HOBBO RAID FRIDAY

Negroes With Virginia Whiskey Bre Captured On Freight Train.

ONE NEGRO SHOT

Eastern Tobacco Market Opens—A Lawn Party—Stokes Boy In England—Other News Of Walnut Cove.

Walnut Cove, July 27.—In a raid on the southbound freight train Friday night two negroes heavily laden with whiskey in jugs were captured by officers R. W. Joyce, F. L. Tilley and J. L. Redman. The officers had been notified that almost every night liquor was being transported from Virginia to this place and Winston-Salem by parties who hoboed the freights. Upon this information the officers surrounded the train which pulled into the station about 11:00 P. M. and almost immediately a swarm of the "booze smugglers" emerged from their hiding places and made for the tall timber pursued by the officers. More than twenty of the hoboes each carrying two jugs strapped about his body were chased from the cars. A tall negro somewhat the worse for liquor drew a revolver and fired upon the officers at close range. The fire was returned and the negro was shot through the shoulder by deputy sheriff Joyce. The wounded prisoner however made good his escape while the officers were engaged in getting a doctor to attend him. Only two of the offenders were arrested and these were committed to jail to await the next term of court.

A lawn party was given Thursday evening by the Ladies' Aid Society on the beautiful lawn at the Baptist church. The party was quite a success and a nice sum was realized which will be used toward the new piano recently placed in the church.

Letters have been received by Mr. J. C. Bailey from his son Albert who is now in South Wales, England. The young man left this section several weeks ago and it was reported that he had lost his life on one of the ships which fell a victim to the German submarine, however his letter states that since leaving he has visited France and many of the warring countries and is now enroute home by way of New York.

Mr. J. Wesley Morefield has reduced a great deal to the appearance of his store by lowering it on a level with the street. The new arrangement dispenses with the high steps which led into the building and will be quite a convenience to his many customers.

Gentry, who left last week for Fairmont where he holds a position on the tobacco market, writes that 136,000 pounds of primings were offered on the first sale which brought an average of about five dollars per hundred. Mr. Gordon Likes The Work of Farm Demonstrator Holt.

Germantown, July 26.

Mr. Editor:

I wish to say a few words through your paper in behalf of the work our county demonstrator is doing. I had him with me in the spring to show me how to terrace my land and I find after following his instructions I get good results. I have had a great deal of trouble trying to keep my land from washing until Mr. Holt instructed me how to do it.

I find that this is one of the things we must do if we wish to improve our land and stop it from washing. Terracing land is only one of the many things Mr. Holt could give us good advice on. He can tell us how to feed our stock with less cost than many of us do, and many other things that would mean a great saving to us. Hoping this letter will cause some one else to ask his advice.

W. Y. GORDON.

HOTEL IS TAXED

To Care For Large Numbers Of Guests At Piedmont Springs.

SOME PERSONALS

Mr. R. J. Reynolds Among the Visitors Sunday—Other Guests At the Hotel.

Piedmont Springs, July 28. The hotel here is being taxed to care for the unusually large number of guests arriving and so far has had decidedly the best season the present management has yet experienced. Large numbers of reservations are being made for the coming month and the crowds will likely continue on for some time yet. In order to care for the week-end parties it has been necessary to enlist the use of private cottages and place beds upon the porches, etc.

Mr. and Mrs. R. J. Reynolds, of Winston-Salem, spent Sunday afternoon here, returning home after supper. Mr. Reynolds was very much pleased with the good roads in Stokes and hopes to see the work continued. This was Mr. Reynolds' second visit to Piedmont during the past quarter of a century. He told the writer on a former visit to Piedmont that about twenty-six years ago he left Patrick county, Va., and came to Stokes to reside on a farm given him by his father in the northwestern part of the county. After a short time spent on his farm Mr. Reynolds went to Winston-Salem, where he at once began the manufacture of tobacco. Mr. Reynolds is a plain, common sense business man and an interesting conversationalist and his excellent judgment and far-sightedness is unusual and is sought after by hundreds of business men over the country. He has been marvelously successful in business and is worth a good many millions of dollars.
