### Arrangements Being Made For Chatauqua At the Cove.

### Operator of Blind Tiger Is Captured—Selling Many Fords—Various Other Items.

Walnut Cove, Aug. 17, '15.—Dixie Williams, colored, was placed under arrest Saturday night by sheriff W. C. Slate charged with the importation of more corn juice than the law allows to the average man. When arrested he had upon his person about nine quarts of intoxicants which he had just purchased in Virginia. Upon his failure to secure the required bond he was committed to jail. Many arrests of this nature have been made here within the past few months and it is having its effect upon the walking blind tigers which have infested this place for many years. The quart law is fulfilling its designs and its mission has been stongly felt by former dispensers. Less drunkenness has been reported on the streets here during the past six months than ever before and the decline is due directly to the enforcement of the law.

Mr. Numa Vaughn and Miss Pearl Sink who were quietly married in Greensboro Thursday arrived Friday to spend a few days with the groom's parents, Mr. and Mrs. W. S. Vaughn, who is well known here and holds a responsible position in Greensboro, while the bride is one of that city's popular young ladies. After a few days stay they will return to Greensboro where they expect to make their home.

Bill Fulton, one of our typical young Americans, who is a familiar character to the general public, had the misfortune to lose one of his fingers Sunday afternoon while inspecting the mechanism of a cutting knife in his father's barn. The young fellow is getting along nicely and was able to exercise his German cavalry horse on the streets again today. No doubt his finger will grow out again with proper attention.

The supper given by the Ladies' Aid Society of the Baptist Church at the New warehouse Saturday evening was a splendid success in every particular and a neat sum of about thirty dollars was realized for the furtherance of the society's work. Many visitors from Winston-Salem, Danbury, Mt. View other places were present.

Messrs. Jacob Fulton and Watson Joyce spent Monday and Tuesday in the western part of the county selling Ford automobiles. A great many farmers are availing themselves of the advantages of this low priced car and a great many will be sold during the fall months. Fulton & Joyce will receive their second car load September 1 and orders are being taken rapidly for these. The following have bought Fords since Aug. 1: Messrs. J. R. Tuttle, J. Wm. Morefield, A. Smith, H. H. Davis, J. C. Shields, and J. H. Fulton.

Messrs. W. G. Dodson and son, Eugene, left today for New York and Baltimore to buy fall goods for the progressive firm of Dodson & Co. While away they will probably spend a few days at Atlantic City.

Walnut Cove has been throng-

## EIGHTY-TWO AUTOS.

### Have Been Granted License In Stokes By the Secretary of State.

The Secretary of State reports that up to this time eighty-two automobiles have been granted licenses in Stokes for the present year.

The license tax collected on these machines is \$425.00. All of this money except twenty per cent comes back to this county and the law provides that it all be used on the public roads.

It is probable that within the next thirty days Stokes will have been granted license for more than one hundred machines and the number will no doubt continue to grow. The taxes derived from machines will soon be quite a little help in keeping up the public roads.

ed during the past few weeks by visitors from nearly every section of the state. Among the number are people seeking the health-giving qualities of the excellent mineral water, others attending to important business matters tending toward the development of business enterprises. The greater number however belong to the fair sex who are possibly attracted by the presence of so many handsome widowers, bachelors and dashing young fellows who never tire of meandering in the direction of the mineral spring, keeping time to the croaking of the frogs and the familiar song of the mosquito. Its a great town when the visitors are with us.

Arrangements are being made for a Chatauqua to be held at some date in September or October at this place. Noted lecturers from different states will be in attendance and the affair promises to be an eventful one for the town. The Chatauqua will be in charge of the "Booster Club" and will do much toward advertising the town and placing Walnut Cove on the map.

While enroute home from Mt. Airy with his family Monday Mr. P. T. Harrington had the misfortune to break the axle of his car while traversing the mountain near Moore's Springs.

Misses Jessie and Maybelle Vaughn, Lillian Hedgpeh, Mrs. W. B. Fluharty, Mr. and Mrs. Numa Vaughn, Messrs. A. E. Strode and Elwood Boyles spent Monday at Piedmont and Moore's Springs.

Among those who attended the Farmers' Union picnic at Danbury Saturday were Messrs. A. W. Davis, R. W. Joyce, W. C. Slate, Jacob Fulton, C. E. Davis and others.

Mr. Samuel H. Stewart went to Madison Sunday, presumably on a pleasure trip.

Mr. and Mrs. J. Wesley Morefield returned Monday from Greensboro where they attended the Primitive Baptist Association.

Mr. Joseph Lewis, of Winston-Salem, spent a day or two here this week looking over some property with a view to buying and locating here. It is hoped that Mr. Lewis will find a suitable location and become one of our citizens.

### Revival Services At Oak Ridge Church Close—Mrs. Fannie Nelson Given Surprise Birthday Dinner—Personals.

Campbell, Aug. 16.—The series of meetings which have been going on at Oak Ridge church closed Sunday. Rev. J. A. Joyce, the pastor, conducted the meeting, preaching with much power from day to day. Large crowds were in attendance. On Sunday morning two candidates were immersed in the pool. The crowd was the largest ever seen at this place, many people from quite a distance attending. On last Thursday afternoon Sammie Snider, in company with his brother, Ernest, and Marvin and Will Spencer were out squirrel hunting when a shower of rain came up and they stopped near Mr. Peter Tuggle's mill. Snider put his gun under a cedar tree. After the rain was over he went to get it. Reaching in he took the gun by the muzzle to pull it out when a twig caught the hammer and the gun was discharged, the young man receiving the entire load in his right breast, dying instantly. He was the son of Mr. and Mrs. J. S. Snider, was about 18 years of age. He was of good character, kind and lovely disposition and will be missed in his home and community. The burial services were held by Rev. Sandford Biggs at the Snider burying ground, a large crowd of sorrowing relatives and friends being present. The bereaved family have the sympathy of the whole neighborhood. May God help them to bow in humble submission to Him who doeth all things well.

Mrs. S. H. Steele, who is at Mother's Home, Stuart, Va., is improving some in health, we are glad to note.

Misses Esther and Zilla Nelson have just returned from a trip to Walnut Cove, Winston, High Point and Greensboro.

Misses Lillie and Minnie Gray, of Mayodan, visited relatives in this section and attended the meeting at Oak Ridge recently.

The many relatives and friends of Mrs. Fannie Nelson tendered her a surprise dinner last Wednesday, it being her 46th birthday. A large crowd was in attendance and a fine table set under the oaks in the yard. Mrs. Nelson received several nice presents. The occasion was much enjoyed by all present.

## Stokes Negro Oldest In State.

Stokes county can boast of probably the oldest negro in the State in the person of "Uncle" Ludlow Joyce, of the Walnut Cove section. He is still active and works on the farm regularly though he is one hundred and fifteen years of age. "Uncle" Ludlow says he was nearly grown when war was declared against England in 1812 and was a settled man when the stars fell in 1833. He appears to be good for another decade at least.

A business session of the Union was held in the court house at one o'clock and the audience was addressed by several of the home members, while a number of business matters were discussed.

## Winston Tobacco Market

### Will Open on August 24

Winston-Salem, Aug. 17.—The Winston-Salem tobacco market will open for the season on August 24, and the indications are that the sales will be good from the start this season, opening was set later so that all of the buyers would be on the market.

It is said that the crop is a little later this year, too, but the principal reason for making the opening later was to give the buyers time to get on the market.

It is said that the season has been fine for tobacco for some time now, and it is thought that a big crop will be marketed here this season.

It will not be very long before the golden leaf will begin to move this way, and a golden flood of money will be paid out to the tobacco farmers.

Mr. and Mrs. Katzenjammer Visit Danbury In the Interest Of Jones & Gentry's Shoe Store.

Mr. and Mrs. Katzenjammer, famous people of the comic papers, visited Danbury Saturday, and as they didn't bring their numerous children along, the time was utilized in amusing other people's kids. They were attending the meeting of the farmers' Union here and were incidentally advertising the big shoe store of Jones & Gentry at Winston-Salem. The costumes worn by the famous couple were all right and attracted much attention from the crowd.

The Jones & Gentry Shoe Store gets an excellent business from Stokes and will no doubt continue to do so. They have the right goods at the right prices. Watch for displayed ad in next issue of the Reporter.
