## CHAUTAUQUA AT COVE

Great Time Planned For September 17, 18, 19 and 20.

## NEW LEAF HOUSE

Will Be Erected In Which To Store Tobacco—Mr. and Mrs. Woodruff Entertain At Watermelon Feast—Personal Items.

Walnut Cove, Aug. 24.—At their beautiful home on Summit avenue Sunday afternoon Mr. and Mrs. J. B. Woodruff royally entertained about a hundred of their neighbors and friends at an old time watermelon feast. The occasion will be long remembered by those who partook of those great, red, juicy melons which adorned the long table prepared in the magnificent grove of oaks. Raising watermelons is one of Mr. Woodruff's hobbies and already this year he has "pulled" from his "patch" more than two thousand of the luscious fruit, to say nothing of the hundreds of cantaloupes gathered.

Reports from the Eastern Carolina tobacco markets are exceedingly encouraging to the farmers who raise the weed. The sales are averaging around ten cents despite the inferior quality of the offerings and warehousemen are optimistic over the prospects for a good season at this place. To verify their confidence in regard to this market a new leaf house, much larger and better than the one already here, will be erected on the lot in the rear of Stephens' hardware store. The outlook for fair prices for tobacco at this date are unusually bright.

On Sept. 17, 18, 19 and 20 the biggest event ever pulled off in Walnut Cove will be staged in the commodious new warehouse when the "Booster Club Chautauqua," a series of amusements consisting of various attractions attended by many of the best lecturers, musicians, and artists in the world, will be with us for four big days. The first day will be agricultural day and some of the nation's experts in this line will be present to address the throngs. The second day will be devoted to education and many speakers of nation wide repute will be here to deliver addresses. The third day which will be on Sunday will be observed as Church Day, and eminent ministers will be here to hold the services. The fourth day will be town-booster's day and Old Soldiers' reunion. Besides the speakers who will be with the Chautauqua Club such orators as Hon. T. W. Bickett, Hon. Frank Linney, Hon. H. B. Varner and others well known throughout the State will be present. It is going to be a big affair and every man, woman and child in Stokes and adjoining counties are invited to come to Walnut Cove with the expectation of having a good time. Accommodations are being amply arranged for a great crowd, and the town will have on its Sunday clothes and will be on the lookout for its neighbors and friends from everywhere. A complete program of the Chautauqua will appear in a later issue of the Reporter.

Misses Cora Woodruff, of Booneville, and Amie Woodruff, of Roaring Gap, are the guests of Misses Elizabeth and Bernice Woodruff.

## BELL LINE COMING

The Big Telephone Company Will Give Danbury A Metallic Circuit.

## WITHIN FEW DAYS

The New Line Will Come Here From Rural Hall and the Material For Its Construction Is Being Secured.

The Bell Telephone Company will erect a new telephone line from Rural Hall to Danbury, via Capella, within the next few weeks. This announcement was made this week by Mr. W. B. Little, manager of the Bell Company at Winston-Salem.

The new line will be what is known as a metallic circuit and will be substantially erected on large cedar and locust posts, and the service will be first class as the line will tap the lines of the Bell Company at Rural Hall and we will be assured good service to any point where the Bell lines go.

While there is now and has been a line from Danbury to Rural Hall for a number of years the service has never been satisfactory and the announcement that the Bell people will build a line of their own to Danbury is received with a great deal of satisfaction, as this is assurance that the line will be looked after and good service given.

## Too Much Booze.

Bunch Hairston and George Scales, two of Walnut Cove's colored citizens, were found last night with more booze in their possession than the law allows and were arrested by Sheriff Slate and other officers. After a trial before a Justice they were bound over to Superior court under bonds of \$100 each. Hairston gave bond and was released, while Scales was placed in jail here to await the next term of Superior court. Hairston had three gallons of whiskey and Scales a half gallon. They secured the whiskey from parties from Virginia.

## Winston-Salem Market Opens With Prices Higher Than Last Year

Special to Danbury Reporter.

Winston-Salem, Aug. 25.—The tobacco market has opened here with very pleasing prospects. A good many primings are coming in, and the prices are higher than the opening last year. One gratifying feature is the strong bidding of the Imperial. All the big buyers are on the market.

## Publicity is Life.

A business that is advertised judiciously is always a live business. The most successful business concern in North Carolina is the R. J. Reynolds Tobacco Company, which concern spends upwards of a half million dollars a year in newspaper advertising.

## TWO BOYS HURT

Young Sons of Mr. and Mrs. Robert Lawson Thrown From Mule and Seriously Hurt.

Danbury Route 1, Aug. 25.—This community was very much saddened today when it was known that Mrs. Sabina Reid, the wife of Mr. Henry H. Reid, had passed away early in the morning about four o'clock. Mrs. Reid had been desperately ill for several days with a complication of diseases and her death was not unexpected. She is survived by her husband and eight children of the immediate family as well as many other relatives. The deceased was the daughter of Mr. and Mrs. Moses Lawson, of Lawsonville. The family have the sincere sympathy of many friends in their bereavement. The interment will be made tomorrow at the family burying ground.

Quite a serious accident occurred in this community Saturday when the two young sons of Mr. and Mrs. Robert Lawson were thrown from a mule which they were riding. One of them had an arm broken while the other fell on a rock, his head striking first. It was thought at first that his skull was fractured and Dr. R. S. Martin, of Stuart, was called in, but it proved to be only a severe scalp wound, and both boys are getting along as well as could be expected.

Farmers here will soon begin cutting and curing tobacco. The crop is excellent. Corn is said to be the best in the history of this section.
