OCTOBER HEALTHIEST MONTH

When People Go in Doors Winter Sickness Rate Climbs.

By State Board of Health.

October is the healthiest month of the year. November is its close second. In December the sickness rate rapidly begins to climb. October has the lowest sickness rate of all months in the year, especially from baby diseases. It is the month people enjoy most and tilted houses have not yet been entered. People live more in the open air; they walk, play tennis, foot ball and other out door games. They keep up their summer habits of bathing and living in the open.

In November colds and infectious diseases are more prevalent. People now live more inside and the windows have not been kept

as wide open, especially at night. All the summer sleeping porches have been abandoned and winter has been accepted in full form. The consequence is there are more colds and a spread of contagious diseases.

In December the pneumonia rate begins to climb, reaching its maximum in February and March. Other hot-house diseases flourish accordingly, at this season of the year. In the same proportion of people closely housed during the winter, in the same proportion does the pneumonia rate rise, and not until people begin to unhouse in the spring does the pneumonia rate fall. The same is true of other impure air diseases. It seems that a little wisdom exercised at this point would be both practical and sensible. Live outdoors as much as possible all winter long. Get the habit now. Have

abundant fresh air where you work and where you sleep. Keep up a strong resistance to colds by a daily morning bath though it be only a sponge bath, and cultivate right living habits.

Recommends Chamberlain's Cough Remedy.

"Last winter I used a bottle of Chamberlain's Cough Remedy for a bad bronchial cough. I felt its beneficial effect immediately and before I had finished the bottle I was cured. I never tire of recommending this remedy to my friends," writes Mrs. William Bright, Ft. Wayne, Ind. For sale by all dealers.

WANTED—600 poles, locust, cedar, or green chestnut, lengths of 18 ft., 5 inch tip, delivered on the road between Rural Hall and Danbury via Capella. If you have any poles of this size or larger write the Rural Hall Telephone Co. at Rural Hall, N. C., and give the number of poles you have and the price wanted.

Harvest Time.

This is the climax of the perfect year;

The winter's cold, the promise of the spring,

The summer days, which joy and gladness bring,

All find fruition and fulfillment here.

The yellow grain, which rippled glad and blithe

In every vagrant wind, whose worth is more

Than all the minted gold earth holds in store,

Has given its treasure to the reaper's scythe.

With gold and crimson fruit the trees bend low;

The stately corn lifts high its ripened ears;

In field and garden waiting riches grow.

And laughing earth bids man forget his fears,

Although in anger nature sometimes lifts her hand,

Somewhere her harvest blessing rests upon the land.

—New York Sun.

Miss Mamie Kiser, the daughter of Mr. and Mrs. Robert Kiser, of Meadows Route 1, who underwent an operation at St. Leo's hospital in Greensboro recently, is reported to be getting along nicely.

For Indigestion.

Never take pepsin and preparations containing pepsin or other digestive ferments for indigestion, as the more you take the more you will have to take. What is needed is a tonic like Chamberlain's Tablets that will enable the stomach to perform its functions naturally. For sale by all dealers.
