426 N. Liberty Street || The Morrisett Co. || Winston-Salem, N. C.

The North Carolina Corn Crop.

The last estimate of the United States Department of Agriculture placed the corn of North Carolina at 59,600,000, which is two million more bushels than was produced last year. "It is a remarkable stride forward toward independence," says the University News Letter.

Such an increase is certainly most noteworthy and one of the most marked industrial achievements ever accomplished in the State. This tremendous increase shows what persistent co-operative work will accomplish. For seven years now the Agricultural College, the State Department

of Agriculture, with the co-operation of the Federal Department of Agriculture, have untiringly worked to secure a bigger corn crop. Through the Boys' Corn Clubs, the Demonstration Agents, Farmers Institutes, Farmers Conventions and through the Experiment Station staff the necessity of growing feed crops has been emphasized both in season and out of season. The results obtained should encourage all these workers to even greater efforts.

The average yield per acre of corn has increased seven bushels since the work was outlined and begun seven years ago but we still need more corn; for that

average acre yield of thirty bushels will be needed to supply the State. More live stock and increased population will then create a demand for a still greater increase—which increase the Extension Service Workers will work toward until we have all we want and some to sell.

Chronic Constipation.

"About two years ago when I began using Chamberlain's Tablets I had been suffering for some time with stomach trouble and chronic constipation. My condition improved rapidly through the use of these tablets. Since taking four or five bottles of them my health has been fine," writes Mrs. John Newton Irving, N. Y. For sale by all dealers.

Sandy Ridge Route 1.

Sandy Ridge, Route 1, Oct. 11. —The first frost of the season to do damage to growing vegetation occurred Saturday morning. Farmers are very much behind with their work toward sowing a wheat crop, owing to the wet weather of late.

Rev. Chas. Wall filled his regular appointment at Delta Sunday morning.

Prayer meeting at Delta Sunday night was conducted by Mr. A. B. Carter. There will be prayer meeting again next Sunday night.

Mr. W. H. Hutcherson and family, Misses Minnie and Rosa

East and several others visited at Mr. W. T. Ward's Sunday.

It seems that the prohibition law has been forgotten or misunderstood.

Born unto Mr. and Mrs. J. H. Dunlap, a daughter.

Farmers returning from the markets report tobacco selling low.

Guess the wedding bells will

ring soon, as courting seems to be the order of the day around here.

The teachers for the public schools of the community have arrived and are ready to enter upon their duties today (Monday), so parents send your children on to school and lets make this the banner educational year, for the "Old North State."

J. E. WARD.

\$365 "AN ARISTOCRAT OF PIANOS"

For seventy-six years the Hallet & Davis Piano has been famous for its beautiful tone. Made in Boston, the center of musical culture, it has stood out above other fine pianos.

This famous instrument, because of its range of prices, can be owned by every true music lover. For example, the Style "D" Hallet & Davis, shown here, costs only \$365, and is sold on convenient terms.

Its case design is simple, but it contains the same Hallet & Davis quality that distinguishes the highest priced style.

Its beautiful tone means something to you. Do not fail to hear this instrument. Come in today.
