

White Man Is Held Up and Robbed By Negroes.

Stoneville, Oct. 28. — Levi Roark, who drives a soft drink wagon from here to Spray and Leaksville for the Stoneville Bottling Company, while returning from his trip Tuesday night, was held up and robbed by two negroes about three miles above town.

Roark states that he was driving along and he noticed two negroes walking along ahead but never thought of being held up. When he caught up with them one grabbed the bridle of the mule and the other came up in the wagon and demanded his money and valuables, whereupon he told them that he had none and scuffled with them, trying to keep them from cutting him with a knife which one was using—carving on his coat.

They succeeded in holding Roark and he says they cut out his pockets and his coat was literally cut off him. He was also bearing a letter from one of the companies customers and they took that and broke it open but found nothing in it. They secured from his pockets \$5 in money. A posse of men and boys left here early yesterday morning to see if any trace of the highwaymen could be found.

I dare say you think that schoolmasters are often a bit hard on you in requiring you to do things in order that you may pass the tests of the school, but I want to warn you that when you get out of school you are going to have harder schoolmasters than you had before, for the world requires that we make

good, no matter what happens, and the man that does things amounts to a great deal more than the man who wishes he had done things and who promises he will do things. The men I am sorry for are the men who stop to think that they have accomplished something before they stop at the grave itself. You have got to have your second wind in this world and keep it up until the last minute.
