Sixty-Nine Distilleries Found During October.

Greensboro, Nov. 15.—Reports received at the office of Revenue Agent Chapman show that during the month of October there were 69 illicit distilleries seized in his district. Of the total 35 were in the Western District of North Carolina, and two in South Carolina. It has been years since the total numbered as few as 69 illicit stills. Reasons for this are the last month's big raids thinned the stills out and made the men who conduct them more secretive.
