Whole Family Benefited By Wonderful Remedy

There are many little things to annoy us, under present conditions of life. The hurry, hard work, noise and strain all tell on us and tend to provoke nervousness and irritability. We are frequently so worn out we can neither eat, sleep nor work with any comfort. We are out of line with ourselves and others as well.

A good thing to do under such circumstances is to take something like

Dr. Miles' Anti-Pain Pills to relieve the strain on the nerves. Mrs. J. B. Hartsfield, 82 Plum St., Atlanta, Ga., writes:

"I have on several occasions been vastly relieved by the use of your medicine, especially the Anti-Pain Pills, which I keep constantly on hand for the use of myself, husband and two sons. Nothing in the world equals them as a headache remedy. Often I am enabled by the use of one or two of the Pills to continue my housework when otherwise I would be in bed. My husband joins me in my praise of the Anti-Pain Pills and Nervine."

Dr. Miles' Anti-Pain Pills

are relied upon to relieve pain, nervousness and irritability in thousands of households. Of proven merit after twenty years' use, you can have no reason for being longer without them.

Safety First For Southern Farmers.

The United States Department of Agriculture has just issued a pamphlet on "Safe Farming" especially for Southern farmers. "The history of agriculture in the South," it says "has been one of lean years and fat years. Short cotton crops and high prices have almost invariably been followed by big crops and low prices," the farmers suffering heavily. This is the "Safety

First" program which the National Department recommends.

First: Produce a home garden for every family on the farm, the year around: Enough Irish or sweet potatoes, where feasible, a patch of sorghum or other cane for syrup.

Second: Enough corn to support all the people on the farm and the livestock.

Third: Enough oats and other small grain to supplement the corn. Pay attention to winter grazing.

Fourth: Enough hay and forage from some forage crop to supply all of the livestock. Use legumes, such as clover, cowpeas, velvet beans, soy beans and alfalfa for hay and to enrich the soil.

Fifth: Produce the meat necessary to supply the people, through increased attention to poultry and hogs especially. Increase gradually the number of cattle and other livestock so as to have a sufficient number to consume the waste products and make the waste lands productive.

Six: After all of these things have been amply provided for, produce tobacco and cotton for the market.

How to Prevent Croup.

It may be a surprise to you to learn that in many cases croup can be prevented. Mrs. H. M. Johns, Elida, Ohio, relates her experience as follows: "My little boy is subject to croup. During the past winter I kept a bottle of Chamberlain's Cough Remedy in the house, and when he began having that croupy cough I would give him one or two doses of it and it would break the attack. I like it better for children than any other cough medicine because children take it willingly, and it is safe and reliable. Sold by all druggists.

A Message To The Farmers From PLANTERS' WAREHOUSES

Mount Airy, N. C.

Tobacco markets are established for the purpose of bringing the buyer and seller together and at places most convenient for the farmers. We have a market at Mount Airy selling from five to six million pounds of tobacco annually and large enough to induce every company to put a buyer on our market. Mt Airy and Winston are the only two markets for you to consider, as they are the only ones having a full set of buyers. If you live nearer to Mt. Airy save time and expense by selling with us. We have the largest warehouse in Mt. Airy and sell more tobacco for a higher average than any other house. There is a reason? Tom Haynes, our sales manager, is known to be one of the best warehousemen in the State, and with Col. J. I. Ball as auctioneer, enables us to sell it higher. In view of the unsettled condition of the tobacco trade you will need the help of a man that can judge your tobacco and is not afraid to bid on the same. We do not make as much money out of the warehouse business as our competitors as we loose at least 15 per cent. of our gross charges in buying your tobacco. That means thousands of dollars to our customers every year. Tom Haynes has had 20 years experience as a warehouseman, and offers his services to you, and it means much to you. We hope you will bring us your first load and we will do everything we can to please you, so come to see us.

Your Friends,

Haynes, Brown & Company

The fact that we have sold about Two Thousand LAFFARGUE Pianos in the last five years and each one is giving delightful satisfaction, is the best evidence of its superior merits.
