## WALNUT COVE LETTER

Revival Services By Evangelist Ham Being Largely Attended At Baptist Church.

## A NEW ENTERPRISE

Ladies Furnishing Store To Be Opened New Teacher Added To High School Faculty—New Baptist Church Completed—A Ball Game.

Walnut Cove, Nov. 30.—Rev. John W. Ham, accompanied by Prof. A. A. Lyon, the choir leader, arrived Sunday and began a series of revival meetings at the Baptist church. Mr. Ham held an unusually successful meeting here during the summer months and the people knowing his ability as a minister are flocking in large numbers to hear his excellent sermons. At every service the church is crowded to its capacity and present indications are that the revival will prove even a greater success than during his last visit here.

Big sales and good prices characterize the tobacco market this week and probably more tobacco is being sold than at any other season of the present year. About sixty wagons, well loaded with the weed are in the warehouses today and the town is alive with well satisfied farmers who realize that they have received the highest market price for their product.

The Walnut Cove High School baseball team crossed bats with the Dennis school team Thursday afternoon, resulting in a victory for the local boys of 4 to 10. A good game was played by both sides, featured especially by the superb pitching of Bailey, of Elon College.

Messrs. W. G. Petree, Paul Taylor, E. P. Pepper, J. Spot Taylor, Burnie Culler, John Taylor, Mrs. J. Spot Taylor, Misses Sadie Petree, Della Stewart and others from Danbury were here Sunday.

Mr. T. V. Sizemore, of Quaker Gap, was here Friday with a fine load of tobacco which he sold on this market. Tilson was highly pleased with his sale and intends to sell his entire crop here. He believes in establishing a home market and knows when he gets the top price on every grade.

Mr. P. J. Watkins, of Asheville, the "jumbo" salesman of the American Art Works, who sells more calendars than any other one man in the business, was here this week.

Mr. Robert Young, who holds a position with Jones & Gentry in Winston-Salem, was here Sunday.

Mrs. Numa Vaughn, of Greensboro, is spending several days with relatives at the Vaughn hotel.

Mr. John A. Burton will begin on Dec. 10 a special Christmas sale in which he expects to offer some values in every department of his immense stock of merchandise.

Mr. R. L. Vaughn, the capable salesman of the Stokes Hdw. & Furniture Co., spent Sunday and Monday in Roanoke, Va., on business.

The oyster supper given by the ladies of the M. E. church at the Junior hall Wednesday night was a success both socially and from a financial standpoint and a neat sum was realized from the event.

Mr. and Mrs. Joe Lewis of Winston-Salem were visitors

here Thursday, spending the day with Mr. Lewis' parents, Mr. and Mrs. L. G. Lewis.

Mr. G. A. Carroll, of King, was here on business yesterday. Reeves Jones, of Davidson College, Albert Baily and Jamie Lasiey, of Elon College and Gene Dodson, of Guilford College, spent the Thanksgiving holidays here with their parents.

Mr. Ralph Sullivan, of Pinnacle, has associated himself with the Dan River Lumber Co. and arrived here this week to assume his new duties. Mr. Sullivan is a young man of ability and will doubtless prove a valuable addition to this already progressive firm.

Miss Pearl Minish, of Lenoir, was the guest of the Misses Wheeler during Thanksgiving.

Miss Essie Hunt, of Pomona, spent Friday here with her cousin, Miss Pearl Seagraves, one of the efficient high school faculty.

Rev. E. J. Poe, who has had active charge of this circuit for the past two years, has been transferred to New London and will leave soon to assume his work there. Mr. Poe and his congenial family have won many friends during their stay here who regret to see them leave. He will be succeeded by Rev. G. W. Williams.

The first sermon was preached Sunday night in the new Primitive Baptist church, which is almost completed, by Elder James Creed, of Pilot Mtn., assisted by Elders Fagg, Reid and Tucker, of this place. A large congregation was present and the sermon thoroughly enjoyed.

It is learned that upon the completion of the brick building being erected by Mr. D. S. Watkins it will be occupied by a firm which will handle ladies' furnishings. A popular young lady who has been a resident of this place will have charge of the establishment which will no doubt prove a successful venture and fill a long felt need in the mercantile life of the town.

Mr. John A. Burton, one of our oldest and most substantial merchants, spent yesterday in Winston-Salem purchasing goods for the holiday trade.

Mr. J. W. East and children visited Mrs. E. R. Voss and Mrs. D. R. East Sunday.

Mrs. Lola Bennett, who holds a position in Winston-Salem, was a visitor here Sunday.

Mr. Drew Bennett, of Cooleemee, was in town Sunday enroute to his old home near Danbury.

Much interest is evident in the Farmers Educational Special train to be operated by the N. & W. railway and stopping here Friday afternoon for two hours. An effort will be made to close all business houses and accord the distinguished educators who will be present a record-breaking attendance. The lectures and demonstrations to be given will be well worth the time of business men as well as the farmers.

After two months of successful work the high school and elementary departments were this week thoroughly re-organized and new assignments made to conform to present conditions owing to the installation of another teacher. In the re-organization Prof. E. S. Hendren has charge of the ninth, tenth and eleventh grades composed of 23 pupils; Miss Pearl Seagraves, seventh and eighth grades, 52 pupils; Mrs. E. S. Hendren, fourth, fifth and sixth grades, 59 pupils; Miss Mayme Williams, second and third grades 52 pupils; Miss Anna Reid, first grade, 49 pupils, while Miss Minnie Joyce

They immediately left in autos for the house where they received a most cordial welcome from Mr. Pulliam.

## Married In Danbury Saturday Night.

Mr. Rober Shouse, of Winston-Salem, and Miss Della Wright, of Lewisville, were married in Danbury Saturday night at the home of Justice N. A. Martin, who officiated at the ceremony.

The young couple drove over to Danbury from Moore's Springs, accompanied by several friends, and the necessary license was soon secured and the ceremony performed.

The bride comes from a well known family of Forsyth county and is a very attractive and accomplished young lady. The groom has held a position with the Moore's Springs Mineral Water Co. for the past year and is an excellent young man.

The couple will make their home at Moore's Springs.

Campbell, Nov. 29.—The Beasley school, taught by Miss Clara Baughn, of Stoneville, entertained the public last Friday night with songs, recitations, etc. It was the writer's good fortune to be present. The subjects were well rendered, the children doing themselves and their teacher honor.

Music was furnished by the young men of the district.

Quite a large crowd of the patrons and friends of the school were present and a neat sum of money was collected for the improvement of the building.

movements which go towards making it a better place in which to live.

I am glad that a majority of the citizens in some sections of the county have already seen the wisdom of building better roads, and I hope the time is not far distant when more of the people will come into a further realization of the importance of co-operation in such matters as road building, marketing farm products, and the building up of better schools.

The Farmers Union should never have been allowed to run down as it has. Such organizations among the farmers in some parts of the country are to a degree responsible for their prosperity. For example, we have reliable authority that Citrus Fruit growing in Southern California would be a losing industry for the farmers in that section but for their efficient plan of marketing their product through the Citrus Fruit Growers Union. The same is true with regard to the grain growers in the middle west who are selling their grain directly to the miller or shipping it for export through their own central agents. Among the other good things which are coming to Stokes people, I hope to see the Farmers Union revived.

I am glad to say that wherever I go I hear North Carolinians well spoken of, and meet many people whose ancestors came from The Old North State. Another thing that I am glad to find here in the North, as well as in the South, is that the old civil war strife has about died out and we are becoming in reality, a reunited country.

As to my present work, I will say that I am serving as one of the twelve secretaries in the Young Mens' Christian Association here at Youngstown, Ohio, and am enjoying it very much. Previous to my coming to Youngstown I had not heard much about this industrious city and never thought of its being among the first cities of the Union in steel production. It is needless to say that the steel mills are quite interesting to a person who has never seen them before. Equally as interesting are the big shops which we are sorry to say are being worked to their full capacity now. To look on the implements of war manufactured here and to know their purpose is to be sorry for the people for whom they are intended and glad that we are citizens of a great country that is not war-ridden.

With all good wishes for the continued success of the Reporter and the people back in Stokes, I remain,

I am glad to know of the recent improvement in the Reporter which makes it one of the best papers I know of for the money. During the past six years I have been out of Stokes county most of the time and I have always looked forward to the day on which I received the Reporter. I can best describe how glad I am to get it by simply saying that it is more like getting a letter from home than anything else I know to compare it with. Having spent most of my life in Stokes county and still looking forward to spending more of it there, I am naturally interested in all good

movements which go towards making it a better place in which to live.
