

GOOD SEASONS

Good Seasons Enable Farmers To Prepare Weed For Market.

BIG BREAKS PREVAIL

Prices On Bright Grades Especially Said To Be Holding Up Very Well—Dark Grades Low.

The good season during the past few days has enabled a great many farmers to prepare their tobacco for market and the result has been good breaks on all the local markets with a prospect of even larger breaks during the next few days.

It is learned that the Walnut Cove market has had heavier sales this week than at any time this season, while the Winston-Salem market is selling hundreds of thousands of pounds daily.

Prices on the darker grades of tobacco are reported as about the same as before Christmas, while the lighter grades are probably a little higher.

WOOD'S Prosperity Seeds.

Guard Your Children Against Bowel Trouble

Many children at an early age become constipated, and frequently serious consequences result. Not being able to realize his own condition, a child's bowels should be constantly watched, and a gentle laxative given when necessary. Dr. Miles' Laxative Tablets are especially well adapted to women and children. The Sisters of Christian Charity, 531 Charles St., Luzerne, Pa., who attend many cases of sickness say of them:

"Some time ago we began using Dr. Miles' Laxative Tablets and find that we like them very much. Their action is excellent and we are grateful for having been made acquainted with them. We have had good results in every case and the Sisters are very much pleased."

The form and flavor of any medicine is very important, no matter who is to take it. The taste and appearance are especially important when children are concerned. All parents know how hard it is to give the average child "medicine," even though the taste is partially disguised. In using Dr. Miles' Laxative Tablets, however, this difficulty is overcome. The shape of the tablets, their appearance and candy-like taste at once appeal to any child, with the result that they are taken without objection.

The rich chocolate flavor and absence of other taste, make Dr. Miles' Laxative Tablets the ideal remedy for children.

If the first box fails to benefit, the price is returned. Ask your druggist. A box of 25 doses costs only 25 cents. Never sold in bulk. **MILES MEDICAL CO., Elkhart, Ind.**

\$5.90

made on every load of tobacco weighing 1000 pounds when sold at

BROWN'S

Look at it again! That's exactly what we did during the month of December. We made the farmer \$5.90 on every thousand pounds.

Now and then you hear of some warehouse making a good average for a few days, and they never fail to tell you about it. And now let us make this statement: No other warehouse has averaged as much as Brown's on this crop.

Ask any warehouseman who sells tobacco for the highest average, and he will tell you (that is, if he tells you the truth) that Brown's has the highest average, and then he will say: But-so-and-so. And yet if he happens to make a good average for a day or so he sends you word at once. Now, don't he?

It is one of the wonders and mysteries of the world why any intelligent farmer will continue to sell at some other house when he is bound to know that we sell tobacco for more money at Brown's.

Won't you look at the report of Secretary Bynum, of the Winston-Salem Tobacco Association, for the month of December. These are his figures---not ours:

Total sales on Winston Market for Month of December	2384444 Pounds for \$241,600.81
Brown's sold	718594 Pounds for \$ 75,790.00; average \$10.54
All other houses sold	1665850 Pounds for \$ 165,810.81; average \$ 9.95
	2384444 \$241,600.81

Brown's beat them all 59 cents per hundred

We want you to consider these facts when you go to sell the balance of your crop.

We appeal to you because we know that you are an intelligent man, and when you get ready to sell some after Christmas throw aside all prejudice and see facts as they are. It means money to you to sell at Brown's, as you are bound to know when you see the facts.

We want to sell your tobacco and we will make the hardest pull for you that has ever been made.

Hoping to see you with your first load and wishing you a Very Happy and Prosperous New Year.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a

rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. Cheney & Co., Toledo, Ohio. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.
