## What Newspapers Are Facing These Days

At the North Carolina Methodist conferences held in Durham last week it was declared that the Raleigh Christian Advocate, the organ of the conference, is in financial distress, and an earnest appeal was made for help. Owing to the tremendous increase in the cost of paper the Advocate could not make expenses at the present price of subscription and was forced to seek aid from the conference. The Concord Tribune points out that this is only one example of the serious condition that confronts every newspaper publisher. The public really has no conception of the difficulties under which the publishers are struggling. Recently sixty-three publishers of this State, through a chairman, asked for prices on the amount of paper they would use during 1917 (a very large tonnage) from every paper manufacturer in the United States and Canada. The accounts were guaranteed, and ordinarily it would have been gilt-edged business and manufacturers generally would have fought over it. Was the chairman successful in securing advantageous prices? He was not. On the contrary he could not get a single manufacturer to quote him a price on a single pound of paper. It is inconceivable that such a thing could happen but it did. The manufacturers stated that they had already sold every pound of paper they could make in the year 1917, and that of course they could not take on any new business.

Some time ago the International Paper Company (known sometimes as "the trust," which makes about 25 per cent. of the paper produced in this country) sent out letters to its customers asking them to send in an estimate of their needs for 1917. Each publisher was warned to make his estimate conform to his actual needs and was advised to economize in every way possible. When the estimates were received and tabulated it was seen that they exceeded by 100,000 tons the possible total output of the mills of the International Paper Company. The publishers were advised that they would have to "come again," and put the knife deep into their estimates. After this was done it was found that

## HIS FRIEND HURT; HE HELPED HIM

Injured Man Laughed When Simple Treatment Was Suggested. But He Thanked His Comrade Later.

Once upon a time word came to Henry A. Voehl, of Plainfield, N. J., that a close friend had been injured, and full of anxiety he visited the afflicted man, who was suffering from a sprained ankle.

"It was so bad that the leg had turned black," said Mr. Voehl in relating the story. "I told him I would have him out in a week and he laughed at me. But I took him a bottle of Sloan's Liniment, that night he put it on and noticed the ankle felt better. I told him to use it every day, and in three days his ankle was practically well. In four days he was working. He gladly admits that Sloan's Liniment 'put him on his feet.' Sloan's Liniment can be obtained at 25¢, 50¢, and \$1.00.

the amount of paper wanted was 34,000 tons in excess of the possible total supply.

### Men Wanted!

F. Lee Sheppy, 8th floor, 243 W. 17th St., New York City, General Sales Manager of the largest concern of its kind in the world, wants three or four men in Stokes county and several men in adjoining counties to work for him spare time or all the time. He can use only those who have a rig or auto. Work is very pleasant and no previous selling experience is necessary. Work consists of leaving a wonderful new household necessity in the homes on free trial. Tests at more than thirty of the leading Universities and the Government Bureau of Standards show this new article to be four times as efficient as any article now in general use in this section. Article is needed in every rural home and benefits every member of the household—bringing cheer, comfort and happiness into the home. Not necessary to be away from home nights. Pay from \$6.00 to \$15.00 per day according to ability and number of homes visited. In writing Mr. Sheppy, mention what townships will be most convenient for you to work in; what your regular occupation is, your age; married or single; how long you have lived in the community; what kind of a rig or auto you have; whether you wish to work spare time or steady; how much time you will have to devote to the work; when you can start, and about how many homes are within six miles of you in each direction. This is a splendid opportunity for several men in Stokes county and counties adjoining to make good money, working steady or spare time. Some of the field men earn \$300.00 per month; one farmer earned \$1,000.00 working spare time only. No investment or bond necessary. 20dec37

### Cough Medicine For Children.

Mrs. Hugh Cook, Scottsville, N. Y., says: "About five years ago when we were living in Garbutt, N. Y., I doctored two of my children suffering from colds with Chamberlain's Cough Remedy and found it just as represented in every way. It promptly checked their coughing and cured their colds quicker than anything I ever used." Obtainable anywhere.

### Keeping Yourself Well

#### THE FIRST STEP

Usually the first indication of a lowering of health is found in the bowels and liver. Something goes wrong—we eat too much, or work too hard—and the bowel action weakens or the liver is sluggish. That heavy feeling on arising in the morning, dryness of the throat, with bad taste, a slight headache, dull eyes—all show that food has fermented in the intestines, and that the body is manufacturing poisons instead of good blood.

Clear it all out. Give the stomach and bowels a fresh start. Encourage the liver to go to work. **Manalin** does all of this, without gripping or weakening. It's the ideal laxative and liver tonic, because it follows Nature's plan, without discomfort, inflammation or forming a habit. Constipation may be overcome with its use.

Liquid or tablet form. The Tablets taste like candy. Children like them, and they are safe. 10 and 25 cents. The Farnam Co., Columbus, O.

## CORTRIGHT METAL SHINGLES

R. H. R. BLAIR, Danbury, N. C.

## Don't Buy FALL GOODS

Until you see my  
big line of

Shoes, Dry Goods, Notions,
