A MESSAGE FOR THE FARMERS!

MR. FARMER, never before in our history have all the farmers been in such good shape financially. Big prices for all crops and farm products. Therefore the farmer should buy good quality, dependable merchandise. We don't throw out baits on some standard item at a low price and stick it to you on the goods you don't know. Every item we sell, both wholesale and retail, is priced at a fair price to you and ourselves.

When in our city we want you to make our store your headquarters. Meet your friends here, make it your store. Below we quote a few items selected at random from our big stock.

BICYCLES--Men and Boys.

When you want a bicycle you naturally want a good one, one that you do not have to keep in the shop half of the time. It's too expensive. The prettiest bicycles are not always the best. It takes years of study and experience to know a good bicycle when you see it. We know from experience and study. Our bicycles combine beauty and quality.

Now is the time to shoot squirrels. Are you prepared to go when the other boys start? Come in and look our gun stock over. Our prices are lower than elsewhere on the same quality.
