BIRD'S ROOFS

That Roof has Paid Dividends for more than 20 Years

Here is a customer 100% satisfied.

When he needs roofing for another barn, farm building, or garage, do you think he will "shop" around?

He will not!

He'll come to us and get Paroid. Why? Measured by the yardstick of Years-of-Service—the only true test—it is *cheapest* in the long run.

Come in and we will unroll a long stretch of Paroid for you to see its light-gray surface and feel its thickness, pliability, and firmness.

KING, N. C.

To The Tobacco Growers of Stokes County:

About your tobacco:

Your crop of tobacco is your livelihood. Into it you put your thought, your energy, and your money. Out of it you expect a fair return for a year's industry.

But you may be overtaken by the most terrible of all calamities that visit a farming community; a hailstorm, with a raking fire of hail bullets that will cut down a field of growing tobacco in half a minute.

You cannot prevent hail, but you can protect yourself against loss by a hail Insurance Policy in the Hartford Fire Insurance Company, which has transacted an insurance business, honorably, for more than a hundred years. The "Hartford's" reputation and traditions are its most valuable assets and forbid sharp practice. The "Hartford" has ample financial resources.

It is just as important that you should insure your tobacco against loss from hail destruction as from loss by fire destruction after it is cut, by means of a policy issued by an agent that has the best interests of his customers ever in mind. Are not these good reasons for insuring your tobacco in the "Hartford"? Don't delay. Insure today.

We will also write fire insurance in Stokes county. You can't afford not to have your buildings insured against fire. See---
