\$4.95

Limbs ache?

Get this immediate comfort... Sican's Liniment—kills pain!

ABEL EDWARDS

Funeral, Nov. 26.—Abel Edwards was born March 15, 1844. He departed this life November 20, 1923, making his stay on earth 80 years, 8 months and 5 days. He was twice married, his first wife, Mrs. Mary Edwards, lived only a short while. Then he married Mrs. Lucetta Parrel with whom he lived 40 years. They were blessed with 2 children, all of whom are living. Mrs. P. A. Moritt, of Grand Hill; Mr. Wiley Edwards, who lived with his father and mother; Mr. Edward L. Edwards, who lives near the old home place. His home life was sublime, devoted to his wife and children with the blindness of a father's heart. He served through the civil war. He was very active until about seven weeks ago. He bore his suffering peacefully and often remarked his willingness and readiness to go. He will be greatly missed in the community and family, but we are assured that he has passed from his earthly home into his Father's house of

many mansions to live in joy and peace forever.

The services were conducted by the Rev. W. F. Grabs. His remains were tenderly laid to rest in the family burying ground near the old home place in the presence of a host of sorrowing friends. Under the mounds of earth covered with flowers they left his body to sleep until he hears the call of his master on the resurrection morn.

A FRIEND.

Legislation to Regulate Business

Raleigh, N. C., Dec. 2.—Legislation looking to the regulation of passenger busses and freight trucks on the highways of the state is certain to be enacted at the next session of the general assembly, but meantime efforts are being made to keep the drivers within bounds. The busses now being used seat 25 and 50 passengers and are so heavy that they cannot be brought to a

stop as quickly as the ordinary heavy automobile.

This fact was brought to the forefront the past week when a passenger bus and a light car collided only to be run into a few minutes later by a bus of another line, which skidded when the driver attempted to stop.

At a meeting of drivers held in this city during the past week, rules were laid down for their guidance and insurance men, who wrote casualty policies on the machines of company assured the drivers that the insurance company had fifteen men riding the busses of this line alone checking up on the drivers. They were warned that if they exceeded the thirty mile speed limit of the state law that the insurance would be withdrawn and the guilty driver lose his job.

Well, we see where the Garden of Eden was in a continent which sank in the Pacific 13,000 years ago. Do you remember where the garden was the last time it was "located?"

Children Cry for
