Raleigh, June 2.—The potato crop is about ready to be harvested in the eastern counties, especially in Beaufort county in the vicinity of Aurora, according to Frank D. Grist, Commissioner of Labor, who is assisting in assembling some 1,500 additional laborers to help harvest the crop. There are more than 4,000 acres of potatoes in the vicinity of Aurora alone.

While no trouble is expected to be experienced in the assembling of the additional laborers, work can be found for all who are interested, and steady employment provided thruout the summer, by moving from one locality to another as the various crops mature, according to Mr. Grist.

THE TRUE MEASURE OF ITS VALUE IS OWNER SATISFACTION

The most obvious proof of Oldsmobile value is increased sales in every section of the land. That is the natural response to inviting prices, winning beauty, quality construction and superior performance.

But the *true* measure of Oldsmobile value is the enthusiasm of its owners, and to their repeated expressions of whole-hearted praise we frankly attribute a considerable proportion of Oldsmobile's increasing sales.
