

**SURRY PRISONERS MUST PAY BOARD**

**Jail Birds Will Pay 75 Cents Per Day While Lodged in the County Prison.**

(Elkin Times.)

Judge A. M. Stack, who presided over the last term of Surry Superior court at Dobson, sprung a new proposition which will perhaps result in a great saving of expense to the county. More than one time the presiding jurist advised that the citizens of the county should not be required to bear the expense of the board of strong, able bodied men who were committed to jail for violating the laws. Immediately an investigation was started by Frank Folger, and it was found that the county, according to law, may charge defendants lodged in the county jail the full amount of their board bill.

Under the new ruling there is no more free board for jail birds, at Dobson, unless the pauper's oath is taken. The jail keeper is paid 75 cents per day by the county to feed the prisoners, and hereafter, this amount will be taxed as cost against defendants brought in to court.

Another change in court cost which applies to civil cases has been made. Many times suits have been started and later abandoned leaving the county to bear the cost. Under the new ruling, all court costs must be advanced by the plaintiff before an action is started in Superior court.

It is estimated that the new plans of collecting costs will mean a saving to the county of at least \$2,000 per year. This amount, heretofore, has been paid out of the general county fund.

**Danbury to Greensboro Highway Shorter Route**

(Mt. Airy Star.)

Every once in a while the proposition to run a state highway from Danbury to Greensboro, via Madison or Walnut Cove, and through Stokesdale and the Battle Ground, comes to the fore with the opinion of some leading man in this section. A few days ago the same proposal came to the front again, when W. C. Stratford of Haw River, wrote the Greensboro Daily News as to his ideas on the subject. Mr. Stratford was for paying a fine 100-foot roadway out from Greensboro to the famous Battleground and then extending it as a state highway north-westward.

The Star has been favorable to such a route for some time, which would connect at Danbury and make a wonderful road from Greensboro to Mt. Airy, a vertiable short-cut to the Gate City. The same highway made over in its entirety into a state highway, should be continued as such up Low Gap, where it would connect with the new Virginia highway leading from the top of the of the Blue Ridge above Low Blue Ridge above Low Gap on to Galax, Va.

**This Is Shortest Day of the Year**

Today—Dec. 21st—is the shortest day of the year. The sun rises at 6:58 and sets at 4:58, making the day, from sun up until sun down, even ten hours.

Within the past three years, 861 pure bred registered dairy bulls have been brought into North Carolina through the work of the county agents and dairy specialists of State College.
