Republicans Win All Offices Except Sheriff

Vote Was By Far Heaviest Ever Cast In County and Republican Majorities Were Increased—Day Passed Without Any Disturbance.

In Stokes county the Republicans elected every man on the county ticket with the exception of Sheriff, J. John Taylor, Democrat, who won over J. R. Nunn by a majority of 147.

The vote cast in the county ran well over 6,000 and was the heaviest by far ever cast here. Republican majorities were greatly increased, the average being 824.

Hoover ran far ahead, his majority being 1789 in Stokes. Gardner ran 116 behind while Stedman was defeated in the county by 1049.

While the voting was heavy the day passed quietly and no disturbance was reported from any section.

The county canvassing board met here today and counted the vote. A table from the official vote appears elsewhere in this paper.

Pritchard, in the 10th, and Major A. L. Bulwinkle, ninth district representative, being defeated by Charles A. Jonas, of Lincolnton, Republican national committeeman.

DEMOCRATS WIN IN STATE

Gardner's Majority Over Seawell Is Around 70,000—Hoover's Lead 35,000 Or More.

Herbert Hoover's lead in North Carolina stood above the 35,000 mark last night, while O. Max Gardner, Democrat, was leading by over 68,000 in the race for Governor, as returns from Tuesday's election continued coming in slowly.

Yesterday's tabulations were delayed by the fact that county canvassing boards in many instances had the returns and were slow with their work. In some counties there were wrangles over local returns that consumed most of the day.

The vote for President stood with 1,529 precincts reported: Hoover, 294,635; Gov. Alfred E. Smith, 259,262.

For Governor, 1,202 precincts gave Gardner 250,140; Herbert F. Seawell, Republican, 181,882.

NEW HIGH RECORD MADE IN WILSON

Season's Tobacco Sales This Year Exceed Average For All Time.

Wilson, Nov. 2.—Sales on the new marketing history daily, according to a comparison of local tobacco market are setting official sales figures of recent years made today after the official sales report for the season was announced by Bennett Hooks, supervisor of sales for the tobacco board of trade, which revealed that 54,600,750 pounds have been sold here already against 50,637,604 pounds for the corresponding period of last year and 41,000,000 pounds for the same period of the record breaking year 1905-6.

Prices continue to soar on the local market and have climbed from \$13 a hundred to the new high mark of \$19.70 a hundred since the opening week of the season which represents one of the most remarkable price climbs ever experienced on this market. During the past three weeks the average has jumped \$1 a week or an average of 20 points daily.

Reidsville Leaf Sales Showing Improvement

Reidsville, Nov. 1.—The tobacco sales at Reidsville continue to show marked improvement as the season advances and uniformly better grades are offered for sale. Monday's sales amounted to a little over 139,000 pounds, with the averages of over \$20 for the day Tuesday's sales, as usual, were lighter and grades were decidedly poorer than on the previous day. Good tobaccos are selling at Reidsville at prices comparable with the highest figures prevailing since the war times, while the poorer grades have shown some improvement during the past week.

Total sales here to date are running considerably abreast of totals for the same period last year with indications pointing to a gain for the month of October over last Oct. of nearly a million pounds. Reidsville is probably the only market in the old belt showing an increase in tonnage to date over last year, and this fact is highly encouraging to those interests of the market that have set the season's minimum poundage at above ten million pounds.

At this meeting, there will be some of the leading educators of this state, and some experts in their field of education from other states. HOOVER WINS IN LANDSLIDE

Will Likely Have 444 Electoral Votes To 87 For Smith—Solid South Is Broken, Smith Carrying Only Six Southern States.

BY RAYMOND CLAPPER. (United Press Staff Correspondent) New York, Nov. 7.—Herbert Hoover's tremendous victory, passing all previous records, both in popular and electoral votes, opens a new era in the nation's politics for both parties.

Republicans have demonstrated a grip on the country which has remained unshakable through three Presidential campaigns in which the opposition resorted to every conceivable type of strategy.

Democrats have suffered a severe blow in permitting Hoover to break into their Solid South. What this may lead to, no one knows, but it might easily prove a revolutionary event for the Democratic party.

Democratic Cause. It has been shown the South will not remain Democratic regardless of everything. Those controlling the Democratic party's destiny during the next four years must decide whether to play to the Eastern wet vote by which Smith carried Massachusetts and Rhode Island, or whether to permit the old dry Democratic South to resume its domination of the party's affairs.

Surprises continued to develop as returns from the greatest vote in the nation's history poured in today.

The latest tabulation of these returns showed:

Electoral Vote. Hoover, 444; Smith, 87; Hoover plurality, 357.

Popular Vote Total reported, 30,022,971. (incomplete). Hoover, 17,483,692; Smith, 12,539,279. Hoover plurality, 4,944,413.

What They Show These figures, when analyzed reveal that:

Hoover broke Harding's record for the popular vote and Wilson's record of 435 electoral votes—Hoover having 444.

Smith received the largest popular vote any Democrat ever had received and the smallest electoral vote any candidate of his party ever received. Smith with 87 electoral votes, is the lowest in 50 years except for the freak eighty-vote defeat of Taft in 1912.

Smith carried only six of the 10 Southern states and Rhode Island and Massachusetts—eight states in all out of 48.

Hoover carried four Southern states which never had gone Republican since Reconstruction days—Virginia, North Carolina, Texas and Florida.

Lost in New York. Smith, who hitherto has run far ahead of his ticket in New York State, trailed behind this year, and was the only major candidate on the New York Democratic ticket to be defeated in his home state.

While Smith failed to carry any of the farm belt to which he directed a special appeal, he cut into the normal Republican majorities by running far ahead of recent Democratic majorities in those states.

Constructing the election as meaning continued prosperity, Wall Street engaged in the third largest market in its history, gains ranging up to 15 points, due apparently to the feeling that Hoover as President would adopt a liberal policy towards private enterprise.

This overwhelming Republican triumph establishes Hoover on his first campaign for an elective office as the greatest vote-getter of all time and would appear to give him an excellent chance of being re-nominated at the end of four years, whereas a less decisive victory might have left him open to the attack of influen-

ROBBERY AT WALNUT COVE

Thieves Take Truck Load Of Merchandise From Store Of J. Wesley Morefield—No Clue Has Been Found.

At Walnut Cove last night thieves forced an entrance to the store of J. Wesley Morefield and took a considerable quantity of merchandise. It was estimated that four dozen pairs of shoes were taken, while a great many shirts, overalls, rugs and many other articles were missing.

The robbers entered the store from the back and had a truck on which the goods were loaded. It was impossible for Mr. Morefield to ascertain the exact amount of his loss, but it was probably two hundred dollars.

No clue has been found that would lead to identification of the guilty parties.

FRANK L. MOORE DIED MONDAY

One Of Stokes County's Most Widely Known Citizens—Wife and Six Sons and Daughters Survive.

Frank L. Moore, widely known citizen of Peters Creek township, died at his home Monday night after a lingering illness.

Mr. Moore was a successful farmer for many years and also was engaged at one time in the mercantile business. He served one or more terms as county commissioner in Stokes a good many years since. The deceased who was 81 years of age, was highly esteemed by all who knew him.

Surviving are his widow and six children: Dr. W. B. Moore of Lewisville, J. L. Moore of Stokes county, W. C. Moore of Shreveport, La., Moore Moore of San Antonio, Texas, Matthew Moore, Stokes county, and Mrs. J. E. Moore of Canton, Miss. Also by ten grandchildren and three great-grandchildren.

The funeral was conducted Wednesday afternoon at 2 o'clock at the home and interment made in the family plot near Lewisville.

The family desires to express appreciation of the many acts of kindness during the illness and death of the deceased.

Major Stedman Won Out Again

Congressman Charles M. Stedman won in the race for congress in this district by slightly less than 500 votes. It was reported once that Mr. Stedman was defeated, but this was corrected yesterday.

Republicans who were by no means happy with his nomination.

Through.

By the same token, Governor Smith's defeat, despite his strong popular vote, practically eliminates his chance of being a candidate again. In fact, Governor Smith said today he was through with running for office.

"I certainly do not expect ever to run for public office again," he said. "I have had all I can stand of it. I have given a quarter of a century of probably the best years of my life to it. I will never lose my interest in public affairs—that is a sure thing. But as far as running for office again is concerned—that's finished."

With Governor Smith apparently eliminated as a future candidate by his own words, the Democratic party is left practically destitute of visible Presidential timber. The next candidate probably will be someone yet to take his place in the front ranks as a party leader.

In this connection, Franklin D. Roosevelt, who has apparently been elected Governor of New York, occupies a strong position and if his health permits, he may be a factor in 1932.
