Sad But True

"Some one suggests that the only way to drive is with the idea constantly in mind that the other fellow may be an idiot," says the Los Angeles Times.

This is sad but true. Recklessness seems to be part of the motoring code with millions of American drivers. And the inevitable result is that, every year, 25 or 30 thousand persons are killed and hundreds of thousands injured in preventable automobile accidents.

The tragic part of it is that the enormous annual waste of life and property is almost entirely unnecessary. The unpreventable accident is rare as the dodo bird. Some is incompetent or reckless in the case of practically every collision, great or small, between motor cars.

The blame may be laid in two places. First is the apparent indifference of many motorists to the fundamentals of safety. Second is the lack of strict licensing laws in most states to keep the incompetent and reckless off the road, and an accompanying lack of enforcement of modernized, common-sense traffic codes.

Can Handle The Men Taken One At A Time

Washington, N. C., April 28.—A delegation of approximately 50 women appeared before the county commissioners in special session here to urge that the work of the home demonstration agent in the county be continued. A number of ladies gave their opinions in the matter. Finally an elderly woman from the Blounts Creek section rose to her feet.

"Mr. Chairman," she said, "I ain't much for talking to a big bunch of men like this, but I sure can give 'em hell when I talks to 'em one at a time. If you all are thinking of doing away with the home demonstration agent, I'd like to have the opportunity of seeing each member of the board by himself and talking to him like I been used to talking to my husband."

The commissioners hurriedly announced that action on the matter would be deferred until August.

FAMILY DOCTOR LEARNED THIS ABOUT CONSTIPATION

Dr. Caldwell loved people. His years of practice convinced him many were ruining their health by careless selection of laxatives. He determined to write a harmless prescription which would get at the cause of constipation, and correct it.

Today, the prescription he wrote in 1885 is the world's most popular laxative! He prescribed a mixture of herbs and other pure ingredients now known as Dr. Caldwell's Syrup Pepsin, in thousands of cases where bad breath, coated tongue, gas, headaches, biliousness and lack of appetite or energy showed the bowels of men, women and children were sluggish. It proved successful in even the most obstinate cases; old folks liked it for it never gripes; children liked its pleasant taste. All drugstores today have Dr. Caldwell's Syrup Pepsin in bottles.

He was born in Stokes county April 5, 1858, where he spent his entire life. Making his stay on earth 72 years, fifteen days.

He is survived by his widow who was formerly Miss Fannie Burnette, four daughters, Mrs. M. E. Manuel, of Winston-Salem; Mrs. P. J. Mabe, Mrs. R. C. Smith, Mrs. O. F. Tilley, of Walnut Cove. Three sons, T. J. Greene, W. P. Greene, C. L. Greene, of Walnut Cove; 20 grandchildren, one sister, Mrs. J. P. Smith, of Ether, N. C.; three brothers, J. B. Greene, Walnut Cove; H. S. Greene, Aberdeen, N. C.; J. W. Greene, Usk, Washington.

He united with the M. E. church at Palmyra August 22, 1889, and lived a consecrated Christian life. Although not an ordained Minister, he preached in local churches for a number of years, and the happiest moment of his life was spent in telling others of God's love and what He meant to him. He bore his suffering patiently and often said he was waiting for the summons to come. He will be greatly missed in his community.

The funeral was conducted Monday afternoon at Walnut Cove Baptist church by Rev. O. E. Ward, Rev. C. R. Hutcherson and Rev. Fletcher Manuel. Interment followed in the church cemetery with a beautiful floral tribute.

The pall bearers were B. F. Johnson, J. H. Fowler, H. H. Davis, A. T. Rothrock, J. L. Mitchell and J. Frank Dunlap.

When Food Sours

Lots of folks who think they have "indigestion" have only an acid condition which could be corrected in five or ten minutes. An effective anti-acid like Phillips Milk of Magnesia soon restores digestion to normal.

Phillips does away with all that sourness and gas right after meals. It prevents the distress so apt to occur two hours after eating. What a pleasant preparation to take! And how good it is for the system! Unlike a burning dose of soda—which is but temporary relief at best—Phillips Milk of Magnesia neutralizes many times its volume in acid.

Next time a hearty meal, or too rich a diet has brought on the least discomfort, try—

To Identify Genuine Aspirin

The increasing use of Bayer Aspirin every year is proof that it has no ill effects. It is the accepted antidote for pain. It always helps; never harms; is safe to use freely as often as it is needed. Quick relief whenever you've a headache, or cold, or are suffering from neuralgia or neuritis. The distressing pains of rheumatism yield, too, if you'll only give these tablets a chance. It May Be Urgent

When your Children Cry for It

Castoria is a comfort when Baby is fretful. No sooner taken than the little one is at ease. If restless, a few drops soon bring contentment. No harm done, for Castoria is a baby remedy, meant for babies. Perfectly safe to give the youngest infant; you have the doctors' word for that! It is a vegetable product and you could use it every day. But it's in an emergency that Castoria means most. Some night when constipation must be relieved—or colic pains—or other suffering. Never be without it; some mothers keep an extra bottle, unopened, to make sure there will always be Castoria in the house. It is effective for older children, too; read the book that comes with it.
