Keep Your Neck Lovely With Exercise And Daily Care

THE beauty of your neck depends largely upon two things: its shape, and your skin texture. And of course your neck should be well set upon your shoulders, to lend grace to your head.

Women often forget that the neck needs exercise the same as the rest of the body. Correct exercises not only will improve the shape of your neck, but also will help your skin texture somewhat through increasing the circulation of blood under your skin. To develop a well-set neck on firm, but not over-developed shoulders, the best exercise is one which moves the entire arms. Try this: Stand erect and extend your arms as far as possible to each side. Slowly raise them as high as you can reach, and then lower them to your sides. Repeat slowly a few times. This is a simple stretching exercise, but it will invigorate tired shoulders. You can feel a gentle pull, too, at the base of your neck.

And here is another good neck exercise: Clasp your hands behind your neck and pull them forward gently while you force your head back. Slowly repeat several times.

When you cleanse your face, do you always give your neck

thorough cleansing, too? If not, you are very likely to have a dirty neck. And, of course, your skin will not keep its smooth texture long if it is exposed to cold, heat and dirt without daily attention.

At least once daily, spread cleansing cream up over your neck and face. Next, wrap soft cleansing tissues around your hands, and gently wipe off the cream, which will carry with it all the dirt and excess oil from your skin. Follow this by patting on a good skin tonic. And then, if your skin is inclined to be oily, wash your face and neck with a mild soap and warm water.

For keeping your neck contours young, and coaxing the skin into a natural, fresh appearance, try the following treatment after your daily cleansing:

If your skin is oily or normal, use tissue cream; but if your skin is dry, give it the rich lubrication it needs so badly—skin food. Smooth a generous amount of either one of these creams on your neck, working it up from your chest to your chin. Circle your neck with your hands, pressing and smoothing gently upward along your throat column. When the cream has been worked in, oil your palms and fingers with muscle oil, and repeat the upward smoothing. If you give your neck this gentle, pleasant treatment daily (as easily as you brush your hair or attend to your nails) you soon will have your skin back to normal.

For Every American

The National Board of Fire Underwriters, 85 John Street, New York, has prepared booklet, "Safeguarding the Nation Against Fire," which should be in the hands of every person in this nation who is able to read and write. By illustration and comment this 132-page booklet shows the fire hazards that surround us 24 hours a day.

Careless people scatter danger wherever they go. Merely looking at the pictures in "Safeguarding the Nation Against Fire" would cause many persons to involuntarily stop practices which are now a menace to life and property.

"The Rats Around My Place Were Wise," Says John Tuthill.

"Tried everything to kill them. Mixed poison with meal, meat, cheese, etc. Wouldn't touch it. Tried RAT-SNAP. Inside of ten days got rid of all rats." You don't have to mix RAT-SNAP with food. Saves fussing, bother. Break a cake of RAT-SNAP, lay it where rats scamper. You will see no more. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by King Drug Co., King, N. C., Walnut Cove Hardware Co., Walnut Cove, N. C.
