DEMOCRATS SWEEP ENTIRE NATION

HOOPER IS SWAMPED BY MILLIONS OF DISSATISFIED VOTERS—STATE GOES DEMOCRATIC BY MORE THAN 250,000—STOKES COUNTY ELECTS ENTIRE DEMOCRATIC TICKET.

A landslide of major proportions swept the country Tuesday, overturning Republican rule in Nation, State and county. From the President down to constable the Democrats were elected by majorities, unprecedented in the annals of the nation. Franklin D. Roosevelt is elected President by 472,559 for Hoover in the electoral college. The New York governor's majority by popular vote will reach probably 8 millions.

In North Carolina the avalanche was terrific, far exceeding the predictions or expectations of the most sanguine Democratic politicians. Ehringhaus for Governor, received a majority of more than a quarter of a million votes over his opponent Frazier. Robert R. Reynolds won for the Senate over Newell by 230,000.

Every congressional district returned a Democrat with largely increased majorities. Hancock's majority in the Fifth will be around 20,000.

In Stokes county the entire Democratic ticket is elected by majorities ranging 300 to 1150. President Roosevelt led the ticket, seconded by Sheriff Taylor. For the first time in 44 years, no Republican holds office in Stokes county, the last remaining one, County Commissioner Fulton, having been defeated by a Democrat.

The official vote in Stokes county was as follows:

Roosevelt, D.	3728
Hoover, R.	2578
Hoover's majority 1250	
Ehringhaus, D.	3530
Frazier, R.	2927
Ehringhaus' majority ... 603	
Reynolds, D.	3494
Newell, R.	2941
Reynolds' majority ... 553	
Hancock, D.	3540
Wall, R.	2895
Hancock's majority ... 645	
Koontz, D.	3550
Gifford, R.	2946
Koontz's majority ... 604	
Sparger, D.	3567
Hall, R.	2934
Sparger's majority ... 633	
Phillips, D.	2570
Morefield, R.	3043
Phillips' majority ... 527	
Taylor, D.	3710
Fagg, R.	3049
Taylor's majority ... 661	
Bailey, D.	3536
Lovin, R.	3100
Bailey's majority ... 436	
Stone, D.	3413
Joyce, D.	3475
Brown, D.	3479
Fulton, R.	3157
Helsbeck, R.	326
Nelson, R.	3029
Average majority for Democratic Commissioners ... 424	

WIDOW OF LEONARD IS PARTY TO SUIT

NEAL WIMMER ASKS \$100,000 DAMAGES IN LEXINGTON SHOOTING.

Greensboro, Nov. 7.—President Etta Leonard, widow of Sheriff Jas. A. Leonard and administratrix of his estate, is co-defendant with the American Surety Company in an action started here today in Federal court by G. Neal Wimmer, of Virginia, who was shot and seriously injured in a tragedy which cost the life of Leonard at Lexington early in the morning of February 5.

On the ground of injuries and damages alleged to have resulted from "the misconduct and misbehavior of James A. Leonard on February 5, 1932," recovery of \$100,000 for Wimmer is sought. The surety company, which had executed process bond for the late sheriff of Davidson county, is sued on the ground that the shooting of Wimmer by Leonard, as it is averred, was committed under color of office.

The shooting of Wimmer and the fatal shooting of Leonard are alleged to have followed a colloquy between Wimmer and Leonard after the automobile in which the sheriff and E. T. Brinkley, Lexington, attorney, and George A. Younce, then collector of the Twelfth Judicial district, were traveling overturned on the highway. Wimmer and a companion, Eddie Sullivan, picked up Leonard, Brinkley and Younce on the highway after the car occupied by the trio overturned and took them to Lexington in their motor truck. It was shortly after they reached Lexington that the shooting occurred.

News of King.

King, Nov. 9.—Hoyle Preston has returned from an extended trip to Georgia and South Carolina.

Owen 'Noley' Hendrix and Miss Evelyn Daub motored to Hillsville, Va., Sunday where they were united in marriage. The bride is the attractive young daughter of Mr. and Mrs. Gray Daub and the bridegroom is the promising young son of Mr. and Mrs. William Hendrix. After a short honeymoon they will be at home on Tobaccoville R. F. D. 3.

A new well is being sunk at the high school to furnish water for the school children.

Alvin White, who resides here, sold a load of tobacco on the Winston-Salem market last week for which he realized \$358.00.

C. Ollie Boyles, who has been suffering from an attack of rheumatism at his home here is slightly improved, many friends will be glad to learn.

Attorney Pierson Rumley, of Winston-Salem, formerly of King, was a visitor here Sunday.

Mack Caudle left Saturday for Washington, D. C., where he goes to accept a government position in the Coast Guards.

Jesse Lawson, of High Point, is spending a few days here the guest of Mr. and Mrs. Charles R. Carroll.

Miss Blanche Wall, of Pinnacle, was among the visitors here Saturday.

D. C. Taylor, merchant and planter of Gap, was here Saturday attending to business matters.

Dr. G. F. Petree was given a hearing before Justice J. Stedman Garner Monday on a charge of operating an automobile without proper license. A fine of \$10.00 and cost in the action was imposed.

O. O. Grabs, owner and manager of the Shell Service Station, was on a business trip to Winston-Salem Monday.

Mr. and Mrs. Wilburn Shouse and Mr. W. C. Tuttle, of Rural Hall, were among the visitors here Monday.

TO CHECK ROAD AUTO ACCIDENTS

STATE HIGHWAY ALARMED AT FRIGHTFUL LOSS OF LIFE AND PROPERTY, WILL MAKE EFFORT TO COMBAT SITUATION.

Raleigh, Nov. 7.—Recognizing "the continued frightful loss of life and destruction of property on the highways," the state highway commission has recorded itself as favoring an immediate effort by the state highway patrol "to check reckless driving."

Capt. Charles D. Farmer, head of the patrol, said his organization has been paying particular attention to reckless drivers recently and that monthly reports of the patrol have reflected the work. That patrolman will be instructed to redouble their fight on law-breakers, Captain Farmer said.

Upon motion of Commissioner Cannon, seconded by Kitchin, the following resolution was adopted:

"In view of the continued frightful loss of life and destruction of property on the highways of the state due to reckless driving, the commission desires to express its hearty approval of the efforts of the national safety conference, and others, in their endeavor to bring the importance of observance of highway laws to the attention of the public, and renews and emphasizes its direction to the state highway patrol to exert to its utmost ability its efforts to check reckless driving and lay particular emphasis upon the following phases of reckless driving:

"Those middle of the road drivers known to police as road hogs.

"Those who pass other cars on hills or curves.

"Those who drive into main highways from side roads without stopping.

"Those 'hearse' drivers whose slow progress creates traffic jams.

"Those who do not sufficiently respect the rights of pedestrians."

Into State Capitalism.

(Asheville Times.)

Whoever is chosen president next Tuesday, this remainder of the country's changing economic doctrine and practice will still be timely: "We have entered," says Frank A. Vanderlip in The Saturday Evening Post, "on a great adventure into state capitalism and we are likely to go forward much further in that direction."

Mr. Vanderlip, former president of the National City Bank of New York, does not fear that we are drifting into state capitalism past any return to our traditional policies. He does, however, have this apprehension—that we shall make the mistake of attempting to return to the status quo ante depression without correcting the maladjustments in commercial and investment banking. His article is for most part limited to an injury into that twofold subject.

This man who once called the American people "a nation of economic illiterates," and has found no reason to revise that judgment, sums up the program through which we are modifying the old capitalist system:

MARTIN.

IN MEMORY OF MY DEAR MOTHER, MRS. EFFIE L. MARTIN, WHO DEPARTED THIS LIFE OCTOBER 1, 1932.

BY MRS. EUGENE G. RAY, LAWSONVILLE, N. C.

A picture which shows many traces of care.

And yet an expression of sweetest love there.

The works of the rarest and loveliest art—

A picture of mother that's framed in my heart.

No time can efface this picture I see.

Each day it grows dearer and dearer to me.

And she has crossed to her haven of rest.

Sweet memories of mother are wrapped in my breast.

The print of her footsteps again I see.

Her voice, I hear her saying "my dear, follow me."

No artist can paint me a picture so fair,

It takes a true mother, her love, faith and prayer.

You don't know the sorrow to be left alone

And till God sends a message to your home

It is sad when he calls for one or the other.

But the saddest of all is when He calls our mother.

Upright and faithful in all the ways.

A splendid character to the end of her days.

A loving mother, good and kind.

What a beautiful memory she left behind.

THE FAMILY.

K. W. Sisk Stricken.

News is received of the serious illness of K. W. Sisk, a prominent citizen of Peter's Creek township. Mr. Sisk has recently sustained a stroke of paralysis.

Rufus Mounce, of Walnut Cove, was here Monday. Mr. Mounce was formerly keeper of the Stokes County Home.

L. D. Hole, of Piney Grove, was a visitor in Danbury Saturday.

The government has already lent \$1,250,000,000 to 5,000 institutions; \$67,000,000 to 73 insurance companies; \$250,000,000 to the railroads—or 15 per cent. of the total value of all railroad stocks; and going into the field of individual lending, 500,000 farmers have obtained federal loans aggregating \$65,000,000.

This summary does not include the loans now being made to states for the relief of the local hungry and naked in this land of material abundance.

No adequate review of Mr. Vanderlip's article is offered here, though later it may be pertinent. One of his convictions as to changes in the bank system may be seen in the banking system may be seen in the following statement: "In a word, it was unsound banking that caused the bank failures, and not a depression which engulfed well managed banks."

C. W. ANDERSON OF RURAL HALL.

MUST PUSH W. C. TUTTLE IN WHEELBARROW TO WINSTON SALEM AND BACK TO PAY ELECTION BET.

C. W. Anderson and W. C. Tuttle, Rural Hall, are known as staunch Democrats. But on the eve of the election they became involved in an argument over the probable outcome of the election. Mr. Anderson it is pointed out believes that there has been a sufficient swing toward Hoover in recent weeks to re-elect him. Mr. Tuttle believes just as earnestly that Mr. Roosevelt will be elected. So strong are their views that they have made a wager that promises great sport at no cost to the citizens of Rural Hall, Winston-Salem and the highway between these two cities.

In event Hoover loses Mr. Anderson has agreed to push a wheelbarrow from Rural Hall to Winston-Salem three around Forsyth county court house and then back to Rural Hall with Mr. Tuttle as passenger. In case of the election of Mr. Hoover Mr. Tuttle agrees to furnish the motive power and Mr. Anderson is to be the passenger. There is said to be a fine spirit of sportsmanship manifested in the matter and that the losing party will "pay off" with good grace.

The betting odds on this agreement have not been announced.

HOMICIDE NEAR BELEW'S CREEK

CHARLES BROWN SHOTS AND KILLS JOE JOHNSON IN LOW-ER STOKES—BROWN HELD IN DANBURY JAIL WITHOUT BOND.

On the night of November 7, Joe Johnson, negro, aged about 24, was shot and instantly killed by Charles Brown, 26, who used a .22 calibre rifle, near Belew's Creek. The shot passed either through or near Johnson's heart. Shortly afterwards Johnson was

CHARLOTTE FORD PLANT TO MOVE

UNIT TO BE TRANSFERRED TO NORFOLK—PLANT NOW BEING DISSEMBLED.

Charlotte, Nov. 7.—Twenty-six inland assembly plants of the Ford Motor Company, including the Charlotte unit, will cease operations during the next week or ten days, with only six complete plants in the United States building the cars, the Charlotte Observer said today, quoting an "employee of the company."

The proposed change, Observer states, would not involve the sales parts departments of the Charlotte unit. It was stated the Charlotte unit would be moved to Norfolk, Va., and the Atlanta, Ga., unit to Jacksonville, Fla.

Purpose of the reorganization, the Observer said, is to economize through lower freight rates by water to coastal cities.

W. F. Duckworth, manager of the local Ford plant, said "an important announcement will be made within the next ten days or two weeks."

The Observer's informant said the Charlotte assembly plant was being disassembled and machinery was being sent to Norfolk.

Another Ford employee was quoted as saying he had seen a notice received by fellow workers stating the plant would quit operation within ten days. Duckworth disavowed knowledge of the notice.

Arrested by Sheriff J. J. Taylor and June Roberts. After a hearing here Saturday, Nov. 12, the prisoner was held without bond to await spring 1933, term of Stokes Superior court.

The affair between Brown and Johnson arose over liquor, it is stated. Johnson was cursing Brown who told him if he didn't quit, he would shoot. Johnson repeated, and Brown fired.

Mrs. W. G. Petree and Mrs. N. E. Peppe visited Winston-Salem Friday.

Safety First

SAFETY first should be the rule this year when there has been so much home canning. Don't take any risks. It is impracticable and dangerous to attempt to can non-acid vegetables at home without a pressure cooker, and unsafe to eat non-acid vegetables that have been so canned.

Dr. A. F. Woods, Director of Scientific Work of the Department of Agriculture, made a statement on this subject in 1929. He said at that time:

"Research and practical experience have demonstrated that non-acid food products, like asparagus, beans, corn, peas, beets, spinach, meats and fish cannot be safely canned by processing in boiling water, but must be sterilized under pressure with approved time and temperature.

Cookers Cost Little

"Pressure cookers are now standard equipment and are readily available at small cost. The Department does not recommend any particular make, although it is important that the pressure kettle be equipped with thermometer and pressure gauge for proper control.

"There is now no excuse for continuing to take risks involved in canning non-acid foods without adequate pressure cookers.

"All recommendations of this department will hereafter make this clear and emphatic."

In further support of this timely warning, the United States Department of Agriculture Farmers' Bulletin No. 1421 (Revised June, 1931) entitled "Home Canning" contains the following statement:

"Process all these vegetables in the pressure canner. If no pressure canner is available, it is recommended that methods of preservation other than canning be used."
