50c package of 5 Blades
10 Shaving Edges

DURHAM-DUPLEX
RAZOR COMPANY
Jersey City, New Jersey

★ **FINEST STEEL**

Selected by leading metallurgists, as the best obtainable for safety razor blades. Pure and CLEAN—a triumph of metallurgy. (INSPECTION for uniformity).

★ **OIL TEMPERED**

HARDENED... then tempered in oil bath. This gives springy, resilient quality necessary for long-lasting edge. (INSPECTION to insure correct temper).

★ **HOLLOW GROUND**

A safety razor blade thick enough to be hollow-ground the same as a barber's razor. Gives more backbone to shaving edge. (INSPECTION of level edges for uniformity).

★ **SOAP HONED**

Individual honing in soap... the barber's way! Pure olive-oil soap used on special hones. (INSPECTION for fineness of actual shaving edges).

★ **LEATHER STROPPED**

Each blade (both edges) stropped by 1,000 feet of shell horsehide strops—same action as used by barbers. (INSPECTION of shaving edges microscopically before final tests).

★ **HAIR TESTED**

Six places on each edge of each blade must cut a human hair. Test performed by hand—not machine. Then sterilized, rust proofed. Also sight test and final microscopic test.

★ **PROTECTED EDGES**

Each blade suspended on tabs to give absolute edge protection. Edges cannot touch wrapping material. Wax-sealed in air-tight paraffin wrapping.

★ **NEW PROCESSING**

All methods keyed to latest standards. Automatic manufacture with individual inspection of each blade.

From Danbury north to Stuart, Va., is 22 miles; north-east to Sandy Ridge is 15 to 20 miles; west to Westfield is 20 to 25 miles, south to Walnut Cove is 10 miles; south-west to King is 25 miles. Here is a vast territory in which there are very few general supply stores, if any. This territory is thickly settled with farmers who have money to spend, and who need clothing, shoes, dry goods, hardware, farming tools, canned goods, feed-stuffs, and fertilizers—these things are necessities and must be purchased from SOMEWHERE. These citizens will buy where there is the greatest inducement.
