FOREST WORKERS ASSIGNED STOKES

FIRST CONTINGENT OF PRESIDENT ROOSEVELT'S WOODSMEN SOON TO ENTRAIN FOR WESTERN NORTH CAROLINA—ALLOTTED 36 IN FIRST CALL.

The first draft of Stokes forestry workers, 36 in number, will be called for in a few days. They will be entrained for Mount Pisgah reservation in Western North Carolina and will be paid \$1.00 each per day, board, railroad fare two ways, clothes, medicine and hospital bills.

Prof. J. C. Carson, who is head of the Federal service agencies and Red Cross relief in the county, will have charge of enlisting the workers in the forestry service.

The call by the Federal government is expected this week. Enlistments will be for periods of six months, and will include furloughs. Each worker will be required to send at least \$25 monthly of the dollar-a-day received, to dependents. In case where there are no dependents, workers will be free to use their money as they wish, but will be encouraged to save it.

Work will include forestry planting, thinning of timber, clearing debris, eradicating certain objectionable shrubs, building roads and trails, erecting lookouts, building shelters, serving on patrol duty and fighting forest fires in instances where that work is necessary.

It will be necessary also for the service to have cooks and other domestic workers. These will be recruited along with the others and will work at their respective jobs under the same conditions as other workers.

The Stokes county contingent has been allotted to townships as follows:
Danbury 3,
Peter's Creek 4,
Quaker Gap 3,
Big Creek 3,
Snow Creek 4,
Beaver Island 3,
Sauratown 6,
Meadows 4,
Yadkin 6.

Two Deaths in Stokes.

Sarah Amanda, wife of N. D. Hill, of Pilot Mountain, passed away at her home Wednesday at 2 o'clock, at the age of 43 years. She is survived by seven children. Funeral services were held at 2 o'clock at the home, conducted by Elder J. W. Brown. Burial was near Peter's Creek in the family graveyard near her home.

Funeral of Miss Wilma Willard, who died at the sanitarium, Montrose, Tuesday morning following an illness of several months, was conducted from the Baptist Church Wednesday afternoon at 2:30 o'clock by Rev. W. B. Thompson. Interment followed in Mountain View Cemetery.

Prosperity Of A Merchant

J. R. Leske, one of Danbury's leading merchants, has recently built an addition to his store to accommodate his increased business.

HALF CENTURY'S MILESTONE LOOMS

GOLDEN ANNIVERSARY TO BE CELEBRATED ON MAY 1 BY MR. AND MRS. N. O. PETREE, WHOSE HAPPY EVENT PRECEDES ONLY A FEW MONTHS, SIMILAR OCCASIONS FOR OTHER DANBURY COUPLES.

Their hosts of friends in Danbury and elsewhere extend heartiest congratulations and best wishes to Mr. and Mrs. N. O. Petree, of Danbury, in reaching the golden anniversary of their wedded life, which pleasurable event will be celebrated on May 1. The occasion will be marked by the homecoming of loved ones long absent, who will join in the happy family reunion. Mrs. Dr. C. W. Joyce, of Fletcher, Okla., Mrs. Dr. C. M. Martin, of Elgin, Okla., and Frank Petree, of a distant western state, respective daughters and sons of Mr. and Mrs. Petree, are expected this week. Other members of the family are already in Danbury.

It is quite a remarkable coincidence that Danbury will have no less than three golden wedding anniversaries during the present year. We refer to the occasion just cited, which will be followed on May 13th by the 50th anniversary of Mr. and Mrs. N. A. Martin, and in the early fall by the celebration of the half-century milestone in their married life of Mr. and Mrs. H. M. Joyce. The Reporter joins in the felicitations of the throngs of well-wishers for the continued good health and happiness of this trio of couples, and hopes for them many more anniversaries—but hardly any more golden ones.

News Of Walnut Cove R. F. D. No 1

Walnut Cove, April 19.—A large number of this community have been attending the singing at Bethel church for the past few weeks.

Miss Virginia Young spent Easter with relatives. Mr. and Mrs. Vesta Young of Oak Ridge.

Miss Agnes Joyce has returned to her home at High Point after spending a few days with her Aunt, Mrs. John Joyce.

Miss Laura Mounce, Lourene and Arvie Mabe spent Saturday at Greensboro visiting friends and relatives.

Messrs. William Jones, Joe Davis and Jack Newsom were the guests of Misses Laura Mounce, Lourene and Arvie Mabe Sunday night.

Mrs. Lizzie Sands, who has been ill at her home for some time, is better, friends will be glad to know.

Miss Evelyn Hicks, who is attending school at Beane, spent Easter at home with her parents.

A large number were present at the surprise birthday given in honor of Miss Lourene Mabe at her home Saturday night. Lourene enjoyed the surprise supper served.

Among those of this community attending the dance at the home of Mr. and Mrs. Pete Mounce of Oak Ridge were Misses Laura Mounce, Arvie and Lourene Mabe; Messrs. Edgar Smith, Hardie Homef, B. A. and Raymond Carroll, Mr. and Mrs. John Joyce, Mr. and Mrs. John Mounce, Mr. and Mrs. Ralph Simp-

FIRST TOBACCO PLANTED IN STOKES

THOMAS WOLFF, OF MIZAPH SETS OUT AN ACRE—DEPUTY SHERIFFS JOE ALLEY AND HENRY BROWN CAPTURE STILL—OTHER NEWS OF INTEREST FROM KING.

King, April 26.—Albert R. Phillips, member of the House of Representatives at Raleigh, spent the week-end with his family at Dalton.

The King Tigers defeated Pilot Mountain in a game of baseball played on the King diamond Saturday. The final score stood 19 and 7.

Miss Flossie B. Caudle of Bon Air, Winston-Salem, was a week-end visitor to relatives here.

Thomas Wolff, one among the best growers in this section, who resides near Mizaph, planted one acre of tobacco Friday. This was the first to be planted in this section.

William McGee was a business visitor here Saturday.

Misses Ersie Pulliam, of Burlington, and Clara Pulliam of Greensboro, spent the week-end with relatives here.

Mr. and Mrs. Aron Caudle and Mr. and Mrs. T. J. Westmoreland, of Shoals, spent Sunday here the guests of Mr. and Mrs. J. R. Caudle of Walnut Hills.

B. C. Snider, of Winston-Salem, who owns a farm just west of town is building a cement dam which will form a nice lake. The lake will be stocked with fish.

Shelby U. Atwood is spending a few days in Allegheny county looking after business matters.

The following births were registered here last week, to Mr. and Mrs. Matt Shelton a son, to Mr. and Mrs. Hobson Preston a daughter and to Mr. and Mrs. Edwin Easter a son.

Mr. and Mrs. Howard Norton, of Newburline, N. Y., are spending some time with relatives near here.

Deputy Sheriff, J. M. Alley and H. H. Brown captured a blockade distillery near Dalton Friday morning. There was no one at the place when the officers arrived on the scene but the still was warm, indicating a run had just been finished.

G. G. Boles, Confederate Veteran who has been seriously sick at his home near here for some time, is slowly improving.

Harvey Pulliam returned Saturday from a business trip to High Point.

Tobacco Going Up.

Same P. Heath, former Stokes citizen, now of Thomasville, visited friends at Danbury Monday. Mr. Heath has recently returned from a trip to Kentucky. He holds an important position with the Imperial Tobacco Company. Mr. Heath says that business is improving and that the price of leaf tobacco is already higher since the recent favorable agricultural legislation has been passed by Congress.

son, Mr. and Mrs. Claudie Mabe, and Mr. and Mrs. Horace Wall.

Miss Rebecca Mabe spent Easter at Greensboro with her Aunt Mrs. Carrie Flinchum.

R. F. C. WORK TO BE CONTINUED

BUT IT WILL BE UNDER RESTRICTIONS—MANY OF THOSE WHO HAVE RECEIVED EMPLOYMENT NOW NEEDED ON THE FARMS—MACRAE PROJECTIONS EXPECTED TO ABSORB BULK OF FLOATING LABOR.

The Reporter asked Prof. Carson, head of the R. F. C. employment service in the county, if this form of federal aid in Stokes would continue.

"Yes," replied Prof. Carson, "but it will be under restrictions."

The Reporter was led to make the inquiry owing to a report current that R. F. C. expenditures were about over in the county.

It is known that many farmers who have been receiving employment aid are now needed on their farm work. On the other hand, many farmers who have applied for federal aid with which to procure fertilizer and other supplies, have been turned down in their applications.

In such cases these farmers must continue to secure employment aid through the R. F. C. agency, otherwise they will be a liability of the Red Cross or local charity.

It cannot be denied that a large force of destitute citizens are still without means of support. Some of these are farmers who have been refused help from the government loaning agency. In other cases there are those who do not farm for a living, but who have lost employment for one reason or another.

The projects of the Hanging Rock road and the County Home Lake, as being developed by Lawrence MacRae, will undoubtedly absorb a large per cent. of the floating labor of the county.

It is earnestly hoped that interest in these projects, which mean so much for the public as well as affording a livelihood for the destitute who are ready to work, may not lag.

Grew 128 Bushels Of Corn Per Acre

Arthur Marlowe, a student in vocational agriculture at Tarboro High School, Columbus County and Archie Shaw, a member of the evening class at Evergreen High school, Columbus County, have been declared winners last year in the Three to One Corn Contest which is sponsored by the Division of Vocational Education, State Department of Public Instruction, in cooperation with the Chilean Nitrate Educational Bureau. Arthur Marlowe grew 362 bushels of corn on three acres or 120.23 bushels per acre and Archie Shaw grew 640 bushels on five acres or 128 bushels per acre.

The State contest was carried out on a district basis and therefore these contestants won the district as well as the entire State contest. The winners in district one were Shelton Turlington and John A. Parker, both of Benson, Johnson County whose average was 53 1.3 and 63 bushels per acre respectively. In district two Thomas A. and L. G. Parker of Gates, Gates County won by producing yields of 75 and 64 bushels. Augusta Norris of Roman High

EARLY TOBACCO AT LAWSONVILLE

SOME FARMERS NEARLY READY TO PLANT — LARGE ATTENDANCE AT SNOW CREEK SUNDAY — LAWSONVILLE BASEBALL CLUB LOSES TO REYNOLDS.

Lawsonville, April 24.—The farmers in this community are very busy with their farming. Some think they will have to plant some tobacco at an early date.

Several citizens of this community attended the funeral of Mr. Will Tuttle at Clear Spring Baptist church Friday.

Miss Dechloe Robertson spent last week with Mr. and Mrs. Thornton Tuttle of Walnut Cove.

Messrs. Ralph Priddy and Poole Rhodes had an accident Saturday afternoon while enroute to Winston-Salem on a motorcycle. There were no serious injuries.

Miss Bessie Oakley, of Walker, town, spent last week with relatives in Lawsonville.

The usual meeting was held at Snow Creek Baptist church Sunday with a large attendance.

Mr. and Mrs. Charles Moore and Mr. and Mrs. Robe Moore visited Mr. and Mrs. Ralph Sheppard Sunday.

Mr. D. C. Taylor and daughter of the Gap were visitors in Lawsonville Sunday.

Lawsonville lost to Reynolds in a game of baseball played Friday on the Lawsonville diamond.

Plenty Of Plants

Reports from all sections of the county indicate plenty of tobacco plants. There is now an unexpressed intention of setting out a large crop of tobacco. Many farmers believe tobacco will be high, others think "Well, I may as well plant as it will take many pounds to bring much money."

Service At Walnut Cove Baptist Church

Rev. Jas. C. Gillespie of Reidsville Route 2 will preach at Grace Baptist church Sunday morning April 30, at 11 o'clock. Sunday school will begin at ten o'clock. The public is invited.

School in Transylvania County won in the district four contest with a yield of 90 bushels per acre.

The Three to One Corn Contest, which is conducted under the direction of Roy H. Thomas, State Supervisor of Agricultural Education, is designed primarily to increase the yield of corn per acre and thereby furnish the basic food for the increasing number of animal units per farm which is a part of the Live at Home and Subsistence Food Relief Program. This contest is an effort on the part of the students in vocational agriculture and members of the evening classes to grow three times the county corn yield per acre on three and five acre projects based on the average of the statistical yields for the two preceding years. Hundreds of farmers and farm boys are entering the contest this year.

PRICES ALREADY BEGIN TO RISE

WHEAT, CORN, FERTILIZER AND OTHER COMMODITIES START UPWARD BY REASON OF GOVERNMENT'S POLICY OF INFLATION—STOCK MARKET TAKES A BOUND—TOBACCO EXPECTED TO BE MUCH HIGHER IN THE FALL.

Since the announcement of the government's policy of inflation, now overwhelmingly the sentiment of congress and approved by the President, there has been a marked rise in commodities of all kinds.

Cotton, corn, wheat, fertilizer and other commodities are on the up-grade. Since last week fertilizer has advanced \$2.00 per ton.

The New York Stock market is soaring. Stocks and bonds have gained more than 8 billion dollars in value within a week.

Since the government has abandoned the gold standard, business and trade, sensing stimulation, is reviving everywhere in the nation. The export trade is expected to immediately respond, leading to increased manufacturing and higher prices.

Farm Relief Plan Governor's Office Of Relief

One hundred and eighty-four teachers of vocational agriculture in the rural high schools of seventy-one counties in North Carolina have accepted the farm relief plan of the Governor's Office of Relief as a part of their community service program, according to Roy H. Thomas, State Supervisor of Agricultural Education. Cooperating with the County Superintendent of Public Welfare and Directors of Relief, these men are especially helping to foster emergency subsistence gardens as follows: Private plots or back yard gardens; vacant lot individual gardens; gardens for all tenant farmers on relief; industrial gardens and community farm gardens.

The teachers are helping by meeting those who make up community garden groups and giving instructions by serving in advisory capacity to relief directors and in many instances by serving on county advisory councils. Much of this work is being done while on tours to visit the home projects of their regular students.

Reports are coming in daily telling something about the results from these teachers. J. A. Glazener, teacher at Brevard in Transylvania County is at present supervising a seven acre community garden and about 200 individual gardens. E. I. Norton of Seaboard in Northhampton County and his boys have just cut and distributed a large supply of seed potatoes and are supervising the planting of more than 100 gardens. In the Gates Community in Gates County, R. H. Rich has given instructions to relief garden growers throughout the community and is at present answering calls to other parts of the county. From other communities of the State reports are coming into justify the belief that the teachers of agriculture may greatly assist in increasing an emergency food supply.
