

TOBACCO SURVEY HALF COMPLETED

ONLY ABOUT SEVEN PER CENT. OF THE FARMERS HAVE PLANTED ABOVE SEVENTY PER CENT. OF BASE ACREAGE — APPLICATIONS FOR MARKETING CARDS SHOULD BE FILED AT ONCE.

To the Farmers:

The tobacco survey in Stokes is progressing at a rapid rate of speed and is now completed on more than one-half the farms under contracts. This survey shows that about 7 per cent. of the producers have planted above 70 per cent. of their base acreage and about as many have failed to plant their full allotment. Only a very few have planted more than 80 per cent. and so far not a man with an excess acreage has refused to comply with the contract. The universal statement from local growers is "I want to do what's right." The supervisors report that they have been more than gratified by the splendid spirit of co-operation shown by producers in all parts of the county.

Applications For Marketing Cards.

Growers should file their applications for marketing cards right away. Where only one card is desired under a contract it is not necessary to make an application; but where more than one person is to sell tobacco under a single contract, the signing producer should send in his application stating how many cards he desires and the names of the persons to whom these should be issued.

Of course, no card can be issued until the farm has been surveyed and certified as meeting all the compliance requirements under the contract; however, if the application for cards is sent in now the cards can be prepared before the growers call at the office for them.

In making applications for cards the signing producer under the contract should sign his own name and give his contract number, he should give the name of each man for whom the card is to be made and either the portion of the crop to be marketed by each man or better the number of pounds each is to sell.

No Duplicate Marketing Cards.

It will be necessary for the grower to come to the office to sign a receipt for his marketing cards as he did when he received his rental check. Growers will be notified when to come to the office to sign for these cards.

No duplicate marketing cards will be issued. If either the land owner or tenant to whom a card is issued loses or misplaces his card it will be too bad, because the rules governing this work do not permit the issuing of duplicate cards.

Application For Tax Exempt Allotments.

Tobacco growers who were unable to sign reduction contracts may make applications on or after August 21st for tax-free allotments. These applications will be made at the county office, although each application must be approved by the community committeemen before any allotment can be made under the Kerr-Smith Act.

Either land owners or tenants may file applications for these

Catching Weasels.

Justice of the Peace P. C. Campbell "caught a d—n weasel in a steel trap last night," but it got away.

(Look you, the cuss words are not ours.—REPORTER.)

P. C. had been bothered with losing chickens, and so he set three steeltraps. Some time in the night His Honor smelt a weasel, and he knewed he had him. He got up and sure enough there in one of his traps, held fast by the hind leg, was the little animal. P. C. stamped that little varmint into the ground with his heel until he was sure dead, no doubt about that, and then he called his dogs. What P. C. hadn't done to the visitor, the hounds completed. They seized that weasel and dragged him loose from the trap, leaving one leg in the trap. But, presto!

As soon as he was free from the steel, he got away, slipped under a brush pile and the next thing he was off to the woods on three legs, it is true, but he was gone, in spite of steel trap, shoe heel and hounds.

As he went out of sight, it is quite possible that the weasel turned long enough to let his remaining hind foot in a nose-salute of defiance to the magistrate.

Mrs. R. H. Morefield delightfully entertained the Woman's Missionary Society at its monthly meeting, August 8.

Secretary and Treasurer's Report.

A resolution drawn up by a committee of Messrs. J. S. Taylor, N. E. Wall, and Miss Nellie Joyce was read by Miss Joyce as follows:

Resolved: That in the untimely passing of Margaret Mitchell Petree who has been removed from our midst the Union Missionary Society has lost an outstanding character and a member whose counsels and co-operation will be seriously missed in the days to come, in its business and social life and all its interests and that the Missionary Society has been made poorer by her departure. In the subdued light of the grief stricken home a shadow has fallen that can never be lifted. To the family whose grief can only in a measure ever be assuaged, we offer our sincere and deepest sympathy.

MRS. J. S. TAYLOR, Mrs. N. E. WALL, MISS NELLIE JOYCE, Committee.

Prayer by Mrs. J. S. Taylor and Mrs. H. M. Joyce followed.

The topic for study which began a new series of studies was: "Eastern Women Today and Tomorrow." Mrs. J. S. Taylor led the discussion which dealt with "The Romance of Social Change."

"The Passing of the Idyl of Seclusion of Women in India, China and Japan," "Disintegration of the Traditional Family System of the East," "New Concepts of Marriage and Home Relationships," "The Status of Widows," "Change in the Age of Marriage," "Marriage by Individual Choice, Not by Family Arrangement," "Changing Attitude Toward Divorce," "Interest in the Limitation of the Size of the Family," "New Legislation and Reforms to Raise the Social Status of Women" were discussed successively by Miss Nellie Joyce, Mrs. H. M. Joyce, Mrs. N. E. Wall, Mrs. R. R. King, Mrs. Givens, Mrs. J. B. Needham, Mrs. Allison, Mrs. N. E. Nepper, and Mrs. E. M. Taylor.

A short business session followed the program after which Miss Nellie Joyce gave the closing prayer.

Delicious refreshments, consisting of a congealed salad course, were served by Mrs. Morefield, assisted by Mrs. A. G. Sisk and Mrs. Givens.

Danbury Route 1.

There was not much wheat made on the route. People made from one bushel to one hundred.

I guess the town man's cow will get gorged on straw this winter.

It's about all a man can do to give his tomatoes away.

The President surely don't know chickens are 10 cents a pound. I bet all he eats costs him 30 cents. Some one should write and tell him what we are getting.

Well, the sunny banks of the Buck Island hills has grown the farmers 340 acres of fine gold leaf this year and it is curing good and some people are looking for a 7 cent. average, but I want a 35 dollar average.

People complain this time of the heart burn. No wonder, there is so much to eat. Tomatoes, roast years, cabbage, pintos, coffee, lasses, syrup, taters, pie flavored with flop-eared mule and turkey in the straw.

Ogman Nelson turned his truck over the other day. He was loaded with cross ties and some hided hands. Three cross tires got

broke but the men never got hurt.

Mr. Editor, it seems like some one is not getting milk enough to drink and has took their spite out on beer, slot machines and punch boards. I think a man does well to invest a nickel in a machine and get \$2.45 interest. All these things were put here for a purpose and let's use them. Some men gets drunk and kicks the stove over because it's got sut in the pipe and some people plays with a punch board because they have no children to play with. Some drink beer because their cow is dry. It looks better to see a man tite on beer than to see a girl drunk on hickier.
