Newspapers Apologize For Circulating Falsehoods of Dr. McDonald

The Winston-Salem Journal, the Winston-Salem Evening Sentinel, and the Raleigh News-Observer on Saturday and Sunday came out with apologies and retractions for circulating the false statements and propaganda which Dr. McDonald has tried to put over the people of wrecking the school and road systems of the doctor), would try to stand on for the next North Carolina.

These newspapers have been supporting Dr. McDonald for Governor. They now fully and completely acknowledge to the people of North Carolina that they have been innocently misled by his deception and untru'hs, and they make Full and Complete RETRACTION AND APOLOGY.

It is charged in North Carolina that Dr. McDorlald voted the Republican ticket in Illinois before he came to North Carolina. If Dr. McDonald was a Republican in Illinois, he is probably still a Republican, and this would explain his attacks on the Democratic party of North Carolina, which he seeks to discredit and destroy by his charges of incompetence and cor-

McDonaldism Would Be A Tragedy For The **Farmers**

The final result of all wild and mistaken tax schemes, is always that the penalty is paid in the last analysis by the farmer. His prosperity is the basis of all wealth. His property must pay for the mistakes of those who fail in their fiscal experiments.

As the convention's sentiment was unanimous, not a dissenting voice being heard, it is of course taken for granted that the Dr. acceded to the action, and by his silence acknowledged the error he has been trying to perpetrate on North Carolina.
