J. D. PARKER, JR. FOR FRISCO

NEW PRINCIPAL ELECTED BY BOARD OF EDUCATION FOR BIG CREEK HIGH SCHOOL—PARKER IS HIGHLY RECOMMENDED FROM MEADOWS. FORMER PLACE.

The Stokes county board of education has elected J. D. Parker, Jr., as principal of Francisco high school to succeed the former incumbent, Prof. Vorhees.

In this action the board sought to quiet the disturbed waters of the Big Creek educational institution, where there was a contention from the Vorhees and the Forrest adherents.

It is generally thought that the board adopted the middle or wise course. While young Forrest and young Vorhees both had strong support, to have nominated either would have created dissatisfaction among many patrons of the school.

The board's action is not a reflection on either of the creditable candidates for the position of principal of Francisco school, but is a concession to both.

J. D. Parker, Jr., has been principal of Meadows school for 3 years, and has had 7 years experience as principal in standard high schools. He comes highly recommended from Meadows.
