Stuart Theatre Shows

"ROUND UP TIME IN TEXAS"—Gene Autry, the famous singing and guitar-playing cowboy, and his fun-making pal, Smiley Burnette, again give their excellent western playing in this picture in which a mine operator, framed for the murder of his partner is rescued by his brother who traps the real killer.

"45 FATHERS"—Jane Withers gives her usual good playing in this comedy in which she is adopted by 45 members of the Explorer's Club. Numerous situations among the upper stratum of society furnish the humorous sequences. Cast includes Richard Carls and Louise Henry.

"I'LL TAKE ROMANCE"—Grace Moore's new romantic film is her best since "One Night Of Love." Guided by her dominating aunt, Helen Westly, Grace tries monkey business to get out of a contract, but falls in love instead with impresario Melvyn Douglas. Miss Moore sings both popular and operatic airs vocal and physical appeal. Madcapivating starrs—in rollicking comedy set to swingtime!

"INVISIBLE MENACE"—Exciting drama in which a quartermaster in charge of a military arsenal, located on an island, is murdered and Boris Karloff is suspected as the killer. This show has a startling climax. It's a masterpiece by Karloff, the master of horror! The scene includes a negro revolution and mystic voodoo rites. The window was barred—the door guarded—the man inside was alone—yet nothing could save him from the killer no one could see! This mystery picture has plenty of comedy to make it very interesting.

The new serial beginning this week "SECRET OF TREASURE ISLAND" is a story of ships at sea, pirates, buried treasure, desert islands and mystery and full of romance and thrills. Don't miss a chapter of this grand new serial.
