15c and 30c

Beginning Tuesday, April 1, the evening shows, except Sunday, will begin at 7:30 p. m.—Sunday nights, 9:00 p. m.

# STOKES AS A FRUIT COUNTY

Expert From State College Is Favorably Impressed—Progress Of Farmers On Pastures Clover And Grass Crops.

(L. F. BRUMFIELD, Co. Agt)

N. O. Knight, Walnut Cove, has purchased a power sprayer for spraying his 8-acre peach orchard. M. A. Sheppard, Lawsonville, who lives near the Virginia line, owns one of the few commercial apple orchards in Stokes county. Recently he purchased a power sprayer for use on his trees. M. L. Martin also has a large power sprayer for his apple orchard. These three large sprayers will help put Stokes on the map as a commercial fruit county. W. O. Dobson of Johnstown also uses a power sprayer on his 8-acre peach orchard.

H. R. Niswonger, extension horticulturist from State College, was in the county Wednesday working with fruit growers. He was favorably impressed with the possibility of growing fruit here. Indications are good for a heavy fruit crop. Mr. Niswonger advised farmers to spray their home orchards against rot and worms. We delivered 63,500 pounds of calcium meta-phosphate to 15 farmers during the week. This phosphate will be applied on pastures, clover and grass crops. This will be very helpful to our county livestock and soil conservation programs.

### "Wednesday Evening Book Club" Meets

(By MRS. D. C. KIRBY)  
Mrs. R. R. King graciously entertained the "Wednesday Evening Book Club" on April 10.

The King home was beautifully decorated with spring flowers for the occasion.

A most interesting and instructive paper was given by Mrs. G. H. Alford on "Period Furniture". Mrs. Alford traced the steps of furniture from the 17th century. She confined her remarks to the outstanding pieces of furniture and designs of Duncan Fyfe an Early American.

Benjamin Franklin has the credit for our first rocking chair says Mrs. Alford.

Mrs. A. J. Ellington, secretary, read the minutes of last meeting also calling the roll, which was answered by knowetts about furniture.

Mrs. Kirby, president, presided. After the exchange of books the meeting adjourned to meet again May 22nd, at 8 o'clock with Mrs. G. H. Alford.

Old glass will be discussed by Mrs. J. S. Taylor. Old goblets by Miss Mary Taylor.

The social hour was spent very pleasantly with an original quiz written by the hostess.

Mrs. Dallas Kirby was the winner of a beautiful ruby glass compote for her skill.

Delicious refreshments were served by the hostess, assisted by Mrs. J. C. Wall.

Mrs. R. A. Joyce of Winston-Salem was guest of Mr. and Mrs. H. M. Joyce and Miss Nellie Joyce Easter.

# Sudden Death of Will H. Shaffer

Will H. Shaffer, aged 65, widely-known Madison blacksmith, died at 10 o'clock while attending a dance at the Dan River Park. Mr. Shaffer had been calling square dance figures. He complained of feeling ill and sat down. Death came in a very few minutes.

Surviving are his widow, Mrs. W. H. Shaffer, Sandy Ridge; two daughters, Mrs. Quincy Beckney, Madison, and Mrs. C. M. Nunn, Manzanola, Colo.; one son, Sam Shaffer, Sandy Ridge, and one sister, Mrs. Bettie Shaffer, Madison, and several grandchildren.

### W. S. C. S. Organized

(Contributed)  
Friday, April 4th, the first meeting of the Woman's Society of Christian Service was held at the Methodist church.

Rev. J. L. Love, pastor, presided. The meeting was called to order with the singing of a song followed by a prayer.

The following officers were elected for the year beginning April 1, 1941, and ending March 31, 1942: president, Mrs. D. C. Kirby; 1st vice-president, Mrs. W. H. Rhodes; 2nd vice-president, Mrs. Jessie P. Christian; secretary, Mrs. W. C. McCaless; treasurer, Mrs. A. J. Ellington. It was decided that the corresponding secretary would be elected at the next meeting. Our district secretary is Mrs. Robert G. Rives, Greensboro.

After the election of officers, Rev. Love turned the meeting over to Mrs. Kirby, president. It was moved and seconded that the Woman's Society of Christian Service meetings would be held once a month on the second Monday night at 7:30 o'clock at the Methodist Church.

Since the second Monday of this month is Easter Monday, a motion was made and seconded that the regular April meeting be held the third Monday night, April 21st.

Every woman in Danbury is urged to join us at the first regular meeting Monday, April 21st.

You do not have to be a member of the Methodist church; however every woman of the church will automatically become a member of the society.

first meeting so that your name may be entered upon the roll as a charter member of this great society. The Woman's Society of Christian Service?

Won't you come out to this

### NEWS and FACTS ... of Statewide Interest

## BEER LICENSE RENEWALS

(An Open Letter to County and City Officials)

May is the month when city and county authorities have the responsibility of passing on yearly applications for beer licenses.

It is the hope of the Brewers and North Carolina Beer Distributors Committee that local authorities will scrutinize the record of each applicant, and will deny renewals to the few who have abused the privilege of a license.

Careful selection of licensees fosters better law observance—requiring a small expenditure for enforcement and allowing larger sums for welfare and school purposes.

## PIEDMONT WAGON & MFG. COMPANY

Locust Hub Wagon

**LOCUST WOOD**  
The Strongest HUB Ever Built Into a Farm Wagon Wheel

THE HUBS in this new Locust Hub Farm Wagon are oversize and made out of a solid block of selected LOCUST WOOD, the world's toughest, strongest, and longest-lived wood, usable for wheel hubs.

See above how the A Grade White Hickory spokes are mortised into the hub—forming an almost indestructible unit. No working loose of spokes to weaken wheel construction. They stay solid for the life of the wagon.

### An Unbeatable Combination of STRENGTH--RUGGEDNESS == LIGHT DRAUGHT

Here's a great, big, strong, light-draught farm wagon that in design and workmanship is in a class by itself. It is the crowning achievement of more than 70 years of successful wagon-building experience. No other farm wagon of this type obtainable at ANY price will give you more for your money.

The Locust Hub Wagon incorporates every advanced worth-while feature known that contributes to superior wagon performance with unusually light draught. They're all here! And the most outstanding feature of all is the HUB... made out of LOCUST WOOD, and the strongest, longest-lived hub ever built into a wagon wheel.

Furthermore every spoke is of A Grade White Hickory, double riveted where it enters the rugged two-piece White Oak bent rim. Axles are of second growth White Hickory, tough as pig iron... and really trussed, as shown above.

(All our wagons; Hickory, Piedmont, Locust and Texas brands have these Life-Time LOCUST HUBS.)
